Crazy Sexy Love

K.L. Grayson

Crazy Sexy Love K.L. Grayson

Three-time world champion bull rider Rhett Allen has never been afraid to get his hands dirty. Hard work, sweat, and determination have gotten him where he is today—and that's holed up in a hospital room, wondering how he let that damn bull buck him off. He's also wondering why he thought it was a good idea to let his twin brother talk him into returning home to heal.

Rhett has a million reasons to come home to Heaven, Texas, and only one reason to stay away. That reason comes in the form of a sweet and feisty girl who stole his heart long before he ever thought to give it away. The only problem...that girl has turned into a stunning woman.

Monroe Gallagher is downright sexy with more curves than County Line Road. It's been six years since he's seen her, six years since he's felt any form of peace, and six years since she gripped his heart in her delicate little hands and squeezed the life out of it. The longer he's in Heaven, the more he starts to realize that the heart she took from him—the one she crushed into a million pieces—she also never gave back.

Danielle says

This was a nice sweet romance. Mo and Rhett had a falling out over some issues that neither seems too keen to talk about with others but when he comes back to town after an injury they are forced to work through those issues. I liked Mo but I just kind of felt sorry for her. I hate that authors write heroines like Mo. I mean she was tough and also very giving and it was good that she came home to help her dad but its ok to ask for help when you need it. There is no need to act like a martyr when you have people willing to help you. I think if she talked to her dad sooner she could have followed her dreams and still came back to Heaven to take over his practice. I liked Rhett well enough too but I felt he overacted about the issued with Mo. I just didn't like that whole conflict in this story. Overall I did like them together and I did like the conflict and resolution to the other issue in the story. They really were made for each other. I was a really big fan of second chance romances but this one seemed to hit all of the things that I don't like about them. I mean you can pine for an old love and still move on but Mo just became a workaholic while Rhett lived his life to the fullest. I just kind of hate that double standard with these types of books and it knocked some points of for me personally in liking this one. Overall it was a good book and I think many readers would enjoy it.

Joy says

Well I think this book should be retitled as Damn Sexy Cowboy! Rhett Allen is sa-wooon! I really enjoyed

this second chance romance. I loved Rhett and Mo. Mo is a selfless heroine that I loved almost immediately. I was happy for her to get her HEA! And while I did love Rhett there was a time or two that I wanted give him a good piece of my mind. But he redeemed himself and after wasting so many years gave Mo the future she deserved. If you like hot cowboys and sweet heroines this story is for you! Anxiously anticipating the next book in this series.

Rebecca Shea says

I will be the first to admit, I was skeptical! Cowboys? Rodeo? Pass...but when KL Grayson sent me a copy to read, I found myself absolutely consuming Crazy Sexy Love. Rhett was NOT your ordinary hero. He was kind, and sensitive, and dear GOD, swoonworthy! And Monroe, I LOVED her! She was strong, and feisty...and determined. This was the perfect combination of everything a romance should have. Angst, drama, sweet, soul-crushing romance! It was perfection!

?Tonya? says

as many curves, as notches on his bed posts? and this was after he gave his heart to her...

Amy says

4.5 You're my more stars!!

“We fell hard and fast, but we both had big dreams, and we made a promise that when the time came, we’d support each other in the pursuit of those plans. Turned out her version of support was much different than mine.”

“I know what it’s like to be the center of that man’s world. It’s consuming. And perfect. And I’m losing my mind.”

“I’ve learned the hard way that tomorrow isn’t promised, and things can change in an instant.”

“Dreams change, Dad. That’s the thing about life—it’s constantly shifting and rearranging itself, and with that comes new perspectives.”

Holy freaking wow!! Is there anything that KL Grayson can not write??? Cowboy romances are usually hit or miss for me, but boy did KL Grayson make a fan out of me!! Crazy Sexy Love is all that and a bag of chips. This story is heartfelt, angsty and completely unforgettable....

Crazy Sexy Love follows the story of Mo and Rhett. From the moment I picked up their story, I was completely sucked in. I fell hard and fast for this couple and could not wait to see how their story would play out. Mo and Rhett fell in love when they were young, invincible and had the world at their feet. However, mistakes and a major misunderstanding will put these two lovers on a path neither one of them ever dreamed of. It will be six years before these two will reunite and when they do...all bets are off. The hurt, pain and regret are still there, however, sparks haven’t faded. All those emotions and pent up feelings will take Mo

and Rhett for the ride of their lives...

There isn't one single thing that I didn't love about Crazy Sexy Love. The writing is brilliant and intoxicating. The story-line will tug at your heart and leave you begging for more. There is pain. There is heartache. There is delicious angst and an incredible pull. There is an undeniable romance with explosive chemistry that begs for you to devour the pages. This book was just the second chance romance I was looking for. I was so head over heels for this couple that I could not put this book down. I devoured it in just a few short hours and loved every single second of it.

Crazy Sexy Love is the first book in an all new exciting series from author KL Grayson and I for one can not wait to see what this series has in store for us next!

I was provided an ARC copy of this book, in exchange for an honest review

Syndi says

This book is intended to be light reading. Light meaning a quick read on the beach, quick reading while waiting in line or waiting for your doctor to come.

With that in mind, this book is OK to my taste. There is not drama/plot/ angst. There is also no deep/ serious character development. The supporting characters also not contributing anything. The steamy scenes is also moderate/ luke warm. Not erotic.

Again, this book is intended to be light reading.

Sarah says

This second chance romance follows Rhett, who is a bull rider, and Mo, who never left the small town of Heaven due to unplanned extraneous circumstances. A lie and a misunderstanding broke this couple up, though they never got over each other. When the truth comes out, can the past remain in the past?

I never truly got into the book. I liked Rhett's character for the majority of the book, though I found him to be petty and cold in the way that he handled Mo's apology and explanation of what truly transpired six years ago. I didn't connect with Mo, who had stayed home to take care of her father (who had a stroke) and his animal shelter. She was a martyr type of a character, and I just couldn't feel for her as she refused to accept help that would better her situation.

The supporting characters were my favorite part of the book. These individuals, the intimate scenes, and the glimpses inside of Rhett's head, where the reader saw what he was thinking (really making me feel like I was there) bump this from a 2 star to a 3 star. The writing and flow were good, but IMHO the story felt formulaic. If you enjoy both second chance romances and cowboy/small town books, this is likely up your alley.

Christine (Shh Moms Reading) says

4.5 stars! I don't read a ton of cowboy type books but I will read anything KL Grayson writes. This sexy bull rider hero made me swoon and oh my heart!

Rhett Allen is a champion bull rider and seems to have it all until he gets hurt and has to return home to Heaven to recuperate and finally face his past.

Monroe "Mo" Gallagher was the love of his life. Never leaving her hometown because of extenuating circumstances and never truly getting over her ex, coming face to face with him now... the truth is finally about to come out.

And WOW what a truth... what hurt and lost time for these two who have loved each other since they were young. When you read it, your heart will literally drop... and you will get angry I promise.

But there's hope for these two as the love, the chemistry, that hot, panty dropping heat is still there and I was literally flying through the pages because I just couldn't get enough.

Will they be each other's "more"? Will love be enough? You will have to read this book and find out for yourself!

I am IN LOVE with the start of this series and I can't wait for MORE!!!

Readers who love sexy reads with a hero who makes your jaw drop with every smile and every word out of his mouth... who love strong independent women who love fiercely will adore this book by KL Grayson! ♥?

Nicky says

One conversation could have fixed this. I hate lack of communication and assumptions. Too many stories lately have the same theme. Doormat h to boot. Why is she taking all the blame? Why was he blaming the managers daughter for his lack of communication? He even admitted to being "too busy" and being selfish. He could have picked up the phone numerous times also. Both are idiots. He turned into a hoe and she turned into a hermit. One fucking call from either and the misunderstanding would be cleared up. Plus the whole watching him fuck the OW was creepy and the reason was idiotic. I totally feel no sympathy for that bullshit.

1-Click Addict Support Group says

A second chance with a cowboy... oh baby...

Not one but *two* of my favourite things in this new series – cowboys and a second chance! Mo and Rhett had history that left them any but friends or lovers. Life is anything but easy and best laid plans rarely go as, well, planned. Rhett followed his dream but Mo ran into obstacles she couldn't get around. When Rhett is injured and comes home to recuperate, their reunion is full of anger and bitterness but still love...

"This is it. We're finally done."

This book title summed up the relationship between Mo and Rhett perfectly. Love is a mix of so many emotions and crazy, sexy are definitely at the top of the list. When your heart is involved everything is brighter, darker and more fragile and Mo and Rhett navigated it all. Rhett is why I love cowboys – a man with strong hands and a loyal heart. Mo is his counterpart with heart and strength to match. Misunderstandings, secrets – they were all going to come out in a last ditch chance effort that I wanted these lovers to win....

“A tiny sliver of my heart had hoped he’d grant me forgiveness....”

These two had to work at it every hard-won step forward even as the steps back kept mounting. The back and forth was just right though as anger and love eventually balanced out... A great first book in the series – can’t wait for the next one! ~Diane, 4 stars

Claypot_Reads - Michelle says

Great second chance romance. Rhett and Monroe are torn apart by lies and bad decisions. 6 years later injuries push them back into each other's lives. Sparks fly, truths are uncovered but can past hurt be forgiven. Easy, fun read.

I received a free copy of this book for review

~Anna**~ A Romance Reader says**

Really liked it!!

Rhett and Mo have loved each other since they were young. They practically grew up together. I loved that they were friends and then lovers. They ended their relationship 6 years ago and haven’t seen each other since. That is until Rhett has an accident (he’s a profesional bull rider) and has to go back to Heaven, Texas to heal. We don’t really know at first why things ended between them but I wanted them to get back together so bad! They are true soul mates. When the truth about their break up finally comes up I was kinda sad and frustrated! All that lost time! But thankfully they found their way back together.

Overall this was a great contemporary, second chance romance. It was sexy, emotional, angsty, sweet and the secondary characters were great!! Highly recommend it and can’t wait for the rest of the series.

Tiffany Readz says

LOVED. IT.

From the first page to the last, I absolutely loved this book and can't even pin point exactly why. Rhett and Monroe's story isn't so different, or outrageous from anything I've read before. I'm thinking because it was

solid. K.L. Grayson kicked off her Dirty Dicks (hilarious by the way) series with a solid romance that ticked all of the boxes for me.

The blurb pretty much says it all. Rhett has left the small town of Heaven, made a huge name for himself, got injured and is now back. There was a reason he stayed away from the town, as well as his family for six years and her name is Monroe. It was a nice change of pace to have the guy reeling from a breakup instead of the girl. The one thing Rhett did, that a lot of these brokenhearted guys do that irritates me, is to try and fill the black hole she left by effing countless, faceless women. So dumb. I digress. Sexcapades notwithstanding, I liked the guy and I liked Monroe for him. They just fit.

In the six years he's been gone, Mo hasn't had time to wallow in the pain of breaking up with Rhett. She's a busy girl, lots on her plate. Sure, she still keeps track of his every move, however let her life go on as best as she could with what she was dealing with. Monroe was no nonsense. Excellent quality in a female lead,

Now Rhett and Mo together, an absolute dream! Yes, they have tons to work out and he still has a career outside of Haven, plus other things trying to pull them apart, but damn it, these two were meant to be. For reals. And I was glued to every page waiting to see how that was going to happen.

The book is well written and contains everything you could want from a nice, long lost romance. Sure we get a lot of Rhett with his broken heart, but boy when he's all better, the sexy Rhett is something else! There's angst, family, friends and of course Simon, who is my true favorite and deserves his own book. With Tess, naturally. Actually, Mo's best friend Claire gets a turn next and you can bet I'll be waiting patiently for it. Especially if we get to peek in to see how Mo and Rhett are doing.

Audiobook Review

Overall 3 stars

Performance 4.5 stars

Story 2.5-3 stars

I really love second chance romances (especially childhood friends to lovers), but this one just didn't quite hook me the way that I'd hoped. Kai Kennicott and Wen Ross were fantastic however, and I loved all the emotion and feeling they put into these characters. The duet style was amazing, especially for the more heated scenes. Even though I had some issues with the decisions the characters made/were making, I couldn't wait to find out how Mo and Rhett's story was going to end. I also really loved Mo's relationship with her father and some of those scenes had me reaching for a tissue to dry my eyes.

I think the biggest issue for me, is that I found myself more frustrated and annoyed at Rhett and Mo for their lack of communication than in love with them. So much heartbreak could have been avoided with some honesty and a conversation. I understand that they were young and that young love is often all consuming and explosive, but I still found it hard to believe that they wouldn't have fought a little harder to at least have closure/tried to reach out to the other in the 6 years that they've been apart. I also had a hard time with Mo essentially groveling and begging for Rhett's forgiveness. Mistakes were made by both of them, but it was

Rhett who got angry and acted like he was the only one who had been wronged. Add in the fact that Rhett enjoyed all the buckle bunnies he wanted while Mo abstained completely, and I just had a hard time believing in their love. I did like that as the story progressed, both characters grew and matured. Mo started thinking about her dreams and how to go after them, while Rhett stopped only thinking of himself/acting selfish. Overall, this was an enjoyable listen and I liked it enough to want to continue on with the series.
