Dancing Naked in the Rain Theresa Cavender

Spun from Scottish folklore, *Dancing Naked in the Rain* weaves a tale of romance, mystery, and fantasy. Megan McEller, craving a world beyond her classroom, puts down her chalk and heads for Scotland with dreams of earning her living as a travel writer. But before she can land her first contract, she becomes smitten with a man who proves to be no ordinary lover. From the beginning of their first meeting, neither her charm nor love can protect her from the curse haunting his presence. As she moves amidst the ancient grounds of the Highland, she finds herself helplessly ensnared in a supernatural world beyond her wildest nightmares. This causes her to waver between her own naivete and the madness thrust upon her. Megan's struggle to unravel the mystery surrounding her lover is at the heart of *Dancing Naked in the Rain*. Her face-to-face encounters with otherworldly forces shatter the world as she knows it, forcing the unfolding of a newfound trust within her. It is then, and only then, that she is able to unearth the mystery threatening to doom both her and her love.

Nikki Nagel says

A wonderful inspiring novel that is not only a love story but also has a surprising twist. I couldn't put it down once I started and I can't wait to read the second one! I would recommend this book to anyone looking for an uplifting, spiritual love story.

Meredith says

I received this book through a Goodreads giveaway.

I absolutely loved this book. Set in modern-day Scotland, Megan, an American teacher, moves to Scotland to start a new career and rediscover herself. While visiting her friend Shannon's family, Megan meets Jake. Upon meeting him, Megan falls instantly in love. This automatic love fills Megan with a desire to never leave Jake's side. Through her journey in Scotland, as a travel writer and romantic engagement with Jake, Megan will discover her true self and how to live, and survive, in a world full of folklore and myths that aren't always stories. This book is a love story that adds in Scottish lore and creates a wonderful story that is an enjoyable read. I could not put this book down.

Maggie Dory says

I was not particularly impressed with this book, which I won from a Firstreads giveaway. The author writes in an antiquated, overly affected style which is at times hard to stomach. Additionally, the dialogue reads as stilted and forced, and the plot seems to wander aimlessly and jump around. I would have liked to have seen more action and more of the plot centered on the "supernatural".

Ally says

*I received this books through a goodreads giveaway.

I was excited to read this book but was a little disappointed. I didn't feel like I knew or connected with any of the characters and I thought some of the 'magical' things seemed a little silly (eg. the talking portrait). The story seemed to jump from place to place without ever really developing much.

Casey Donovan says

Wonderful and fun read. Can't wait for the next book!

Susan Donovan says

This was an engaging, exciting and wonderful book! It was a joy to read from cover to cover and found it hard to put down once I started reading it. The story takes the reader for a wonderful journey and evokes a wide range of emotions. I found it thoroughly enjoyable and have recommended it to others who have also found it thoroughly enjoyable! We look forward to the sequel and reading about Megan's next adventure!

Theresa says

Dancing Naked in the Rain won an Editor's Choice Award, as well as First Place in the Romance Division in the Next Generation Indie Book Awards Contest in 2010. It is #1 in the Beryl Stone Series. Stars Walking Backward is #2 in the series. Voices in the Dark (#3) is almost finished.

Amy Hayter says

"Dancing Naked in the Rain" is a wonderful love story with an unexpected twist. This novel was very enjoyable and a great escape! The author's writing submersed me in the story and made me feel like I was a part of it. I feel like I have traveled and seen the beauty of Scotland. A very well written and fun read!
