Fun word search book!!!

I was at the PDX airport awaiting a very long flight and so I popped into a book store to find something to keep my attention. Initially I was searching for a Sudoku puzzle book but didn't see one that looked interesting. Word searches are my second choice and the Word Rodeo caught my eye.

It's fun because not only is it full of word searches it also incorporates word scrambles and picture puzzles into the word searches.

It did the trick! I'd buy it, or another version of Word Rodeo again.
