Demon Diary, Volume 04 Kara , Lee Yun-Hee

Gods and demons wage a never-ending battle with the mortal realm of Earth as their battlefield. As with most long-standing feuds, the reasons are no longer important--hatred is a way of life. But it is foretold that one will arise who can restore harmony between gods and demons. Enter Raenef, heir to demon royalty. But he is hardly regal material. Therefore, the demon king assigns Eclipse to be his tutor and to mold Raenef into proper demon shape. The two begin a journey of discovery, and are soon joined by a human knight and a god-blessed priest.

From Reader Review Demon Diary, Volume 04 for online ebook

Leila Anani says

Demon Lord Krayon arrives and asks Eclipse to serve him. When Eclipse refuses, Krayon transports Raenef, Erutis and Chris into a dream dimension to test what exactly makes Raenef so special that Eclipse refuses to leave him.

Another fun instalment with gorgeous artwork - particularly like the depiction of Raenef IV apparently back from the dead! and the very androgynous page art of Krayon in the belted shirt. There are some really fun scenes in this one, like Meruhesae trying to get Eclipse to pay for information with a kiss - his reaction is priceless. Do have volume 5 on hand as this does again end on a cliff hanger with Raenef turning into a proper demon lord (ie evil) because he thinks its what Eclipse wants.

Destiny says

Love the series. Cute characters!

Michelle (In Libris Veritas) says

Full review to come

atla says

This is quickly becoming the series that I look most forward to reading. The story is enough to keep me interested, and the LOL-worthy one liners keep me entertained. I'm sad to see that there are only seven volumes.

Nancy says

Fourth book of Demo Diaries. THIS book introduces the newst character, a very powerful demon lord, come to see how strong Eclipse's new lord really is! Can he prove himself and not be laughed at?

Robert Beveridge says

Lee-yun Hee, Demon Diary, vol. 4 (Tokyopop, 2000)

Krayon puts Raenef to the test-- but in testing Raenef, he's also testing Eclipse and Raenef's other friends.

We get some more, very welcome, insight into Erutis' powers. Then, a magic book promises to make Raenef a true demon lord, but warns that the consequences might be somewhat unexpected. *Demon Diary* is really starting to fall into place here. Good stuff. ****

Rain Misoa says

I love this manga soooooooooooooo much! How can someone not like this manga!? It's just so good not to like! With each new volume, you get drawn in even more to the story, characters, setting. I can go on and on! Whoever was the first person who came up with the idea to start this series was and is an absolute genius. I really hope me gushing about this manga will convince you guys to go out and buy it! It's so worth your time.

Lee Yun Hee, once again, outdid herself! She continued off from introducing us to Krayon (more on him later) and moved on to exploring more of *Demon Diary*. This is where the story really starts to take off! You get to know more about the characters and there's plenty of foreshadowing happening. Seriously, if this is your first read-through you're going to be like, "Huh? What's going on?" She really took the time out to develop both the story and her characters a lot more. I was really enjoying myself with how the plot is really thickening! Kara... marry me. Just... marry me. You have such a beautiful art style that I just cannot get enough of! Oh, the pigtails were a very nice touch... just wanted to let you know~ *Winks*

WAH! CHARACTERS WA KAKKOII DESU!!! I just love them sooo much! Okay, listen to me! Raenef and Eclipse is one of my favorite pairings! I know that's not shocking but I just had to tell you. X3 Rae starts to realize and express his feelings for Eclipse in this volume. He makes a decision in the end that... well, I understand why he did it but... it doesn't make anyone happy. Least of all Eclipse. That demon is so devoted to Rae and will do anything for him. These two share a very special moment in this volume that makes a rabid fangirl, like me, squeal with delight. But you also feel a little helpless when you see these two struggling. It makes my heart hurt in a way that... I just wish I could put myself into the manga and hug them and say, "Everything's going to be alright, babies!" Then again... I'm just soft when it comes to yaoi~ XD

Erutis gets a lot more action in this one! You see her fight and you get a glimpse as to what her powers are. She is one of the main focuses in this volume because of the events that play out and because of a certain new demon lord that comes into the mix. *Smirks* Chris actually proves he's not as stupid as he appears to be. He is quite knowledgeable about demons and their customs. This young cleric heir is slowly proving he is worthy of his title... though he's still a dunce. XD Meruhesae, the seer, gets more screen time as well. She shows off her personality in a very charming way. Her and Eclipse are very hilarious with each other. Plus, she's the only one with the balls to do something unorthodox when it comes to Mr. Grumpy himself! God, I love this woman! We do have a new character in this one. (Well... two but I can't even HINT to who he is because that is a HUGE SPOILER and I don't want to ruin it for you. I'll talk more about him in the next review for it won't be a spoiler anymore! ^_^) Krayon is one of the five eldest demon lords in existence! He's so cunning, manipulative, and a little transfixed on getting Eclipse to serve him... makes one wonder, doesn't it? *Smirks* I love this demon! Everything about him. He does things his way and doesn't care what others have to say about it. I really think he's a great addition to the cast of characters of this manga!

My God... I can't believe I'm done with this book already. I'm so close to finishing the series... I don't really want it to end. *Pouts* It's getting so good! I can read this so many times and not get tired of it. You will do

the same once you start with this series! I don't care what you have to do: Buy it, borrow it, check out from the library, whatever! Do whatever you can to get this ENTIRE manga series! It's so worth the read! You will not be disappointed. Especially now that it's getting good! Plus, don't you want to see more of the Raenef and Eclipse? They are cute, ne? Besides, yaoi is good for the soul! Okay, so it's shounen-ai but you get the idea, right? ... READ IT!

Lexie says

WELCOME to the Fourth volume of what is sure to bring my heart soon.

Mild correction we had wrapped up how Eclipse and Raenef met (ew blood, ew gross) as well as met a new Demon Lord (Krayon) at the end of volume 3. Volume 4 is basically devoted to Krayon being a poor loser and Raenef getting his Edgelord in.

We get a good inkling of just how... dangerous Raenef is as he turns Edgelord, with a great deal of confusion since...why I'd the puppy so mean now?

Also I feel like Eclipse list the battle to make Raenef a great and terrible demon lord when they adopted two humans who constantly belittle their efforts.

AND BOOKS DON'T MAKE YOU DEADLY FOR NO REASON. even if it did warn Raenef first.

Roni says

The story line was pretty good and I like the way the author introduces new characters but I'm starting to get annoyed with the fact that Raenef never managed to save himself or even to really put up a fight when he's in danger. He's supposed to be really powerful and yet he doesn't even try

Susan says

It's the stupid hat! I love the stupid hat. It makes the fourth demon lord look like Strawberry Shortcake. The stupid hat is awesome.

Kristina Brown says

New challenges appear in this book. Eclipse is forced to prove his allegiance and Raenef determines to prove his worth. New mysteries also appear and there's some really dramatic moments.

Kati says

Not as good as the previous volumes, the whole nightmare/dream world story was boring and it didn't go anywhere. But the twist at the end! Poor Eclipse, he likes Raenef the way he is, he doesn't really want to change him.

oxana says

3½ stars.

The story progresses forward, introducing some new elements to broaden the universe.

Devann says

I'm having trouble doing even short reviews for this series. Basically it continues to be a completely ridiculous yet fairly amusing mess. This volume does introduce some new antagonists and raises the stakes a bit so that's nice. Definitely a nice quick read to take a break from some heavier stuff.
