Jaina Bee says

Oh, man! I remember reading this when it came out, but I was only 10. Amazing to look back from an adult perspective. This is totally right on!!!

Matt says

I remember just barely getting any of this when I found it somewhere in my parent's shelves when I was, like, 13. Now I'd love to go back and read it again with the benefit of hindsight and subsequent political obsessions

Nicole Diamond says

If it has one star I liked it a lot
If it has two stars I liked it a lot and would recommend it
If it has three stars I really really liked it a lot
If it has four stars I insist you read it
If it has five stars it was life changing

Beth Powell says

The best of all of the "Doonesbury" books!
