Fighting Dirty Too

Olley White

Fighting Dirty Too Olley White

A week at an outdoor centre, team-building, is not Ethan Reed's idea of fun. If he's to stand any chance of the promotion he desires though, he needs to do this course. Everyone knows Ethan prefers to spend his days drawing, not running and climbing, but Ethan has a secret. A fear that nobody knows about.

Charlie Fitzwilliam, Fitz to all and sundry, was the man of Ethan's dreams a decade ago. Unfortunately, Ethan's dreams were the only place Fitz had ever been. Now, ten years on, they meet by chance and are placed on opposing teams. A bet is placed and Ethan's pride is at stake.

A week in the English countryside may not seem too hellish on paper, but it seems ghosts from Ethan's past are determined to haunt him. Can he face his fears and Fitz? Enemies, friends or more - what does fate have in store?

♥ Rebecca ♥ says

Is this like a re-imagining of the same characters in a different setting? That is weird, but ok, I will give it a shot.

Sheri says

love it!
love the cover!
and **LOVE** the final three words '*Or is it?*'

bounces up and down

it's not right?

bats eyelashes

please say no.....please?

4.5 gimmie-gimmie-more! stars

Siobhan says

I was more than a little bit let down by Fighting Dirty, and if the truth is to be known I wasn't sure whether I was going to give this one a read. In the end I decided to give it a go, as I was in need of a quick read.

It turns out I made the right choice by opting to read this one. What I disliked so much about the first book – the fact that there seemed to be no real story – was not an issue with this one. This is an actual story. This is a story that kept me engaged. This one was so much fun to follow.

The first story was a mere collision of characters for a short period of time. This one is a development of two people, people with pasts and futures to be explored.

As it is not necessary to have read the first one – they'd individual stories, although there is a link if you are to read them both – I say you should give this one a try if you're interested in the storyline and not the first, as they work just fine as standalone reads.

Overall, much more enjoyable than the first.

Nico Jaye says

Super duper cute story, and Fitz was so heroic. Adorable boys are adorable. ^__^

4.5 stars

So yeah... I kinda beta read this one too and let me tell you, this modern day contemporary version of Fitz and Ethan is no less hot than the historical one. I am in awe of Ms. White and how she can take the same prompt and spin it into two stories and blow me away with both. Well done, Olley. Well done indeed.

Ethan Reed, where do I begin? Ethan, Ethan, Ethan. *sigh* I adored you from the minute you showed up on the page fighting the awkwardness about being among all those people, strangers even to do a team-building exercise. Just those two words throw me into a full panic attack. No thank you. But then you bumped into a boy and it was Charlie Fitzwilliam. The boy who you crushed on and... yeah. I was all in to see how this would play out. We know how it worked in Fighting Dirty but this was a different story.

Now, I say it was different, the setting and all but the feels, the wants and the UST and the sexy time that Ms. White effortlessly brings to the table are all still here folks. They are here and they melted me and made me turn up the air conditioning to cool myself down.

With the sexy of course come the emotions that I must have in my romance. The job that Fitz has made me fall for him so much more and Ethan's back story and cause for concern about the obstacle course produced goose bumps along my skin. I was there for him each moment of that, holding my breath until it was over. That right there is a trait of an amazing writer; to pull you so far into the story you feel what they feel. Yeah, I like Ms. White's boys and her very British style of writing, I get lost in it every time.

These two boys were amazing in both version and I can't pick which one I like best. I like how Fitz is this amazing care taker in each versions and how perfect the boys are despite everything that was in their way before. They push it aside and take the now in both hands and go for it.

I will say, for me, I would LOVE to see more of them at University and how it all began but I am a greedy ginger who just wants it all and then some.

Without going into detail or boring you, if you read Fighting Dirty read this and see these boys in a whole new world. If you haven't? What's wrong with you? Get on that now. Go on... do it!

Marlobo says

Oh, I love this version so much more! And fits with the prompt perfectly. I want more too.

Anke says

Short, cute, engaging little story and it's free!

(Note: there were quite some spelling mistakes)

Natasha says

This is a reread! I just read this for my second go around. I can't believe I forgot to review previously.

Great writing style... totally fun and engaging. I was sucked right in. Same characters as Fighting Dirty, but in an entirely different scenario. Very imaginative.

I thought the characters had a lot chemistry. Very sexy. Very good with tension.

I absolutely can't wait for Olley to white a full-length story! I will be **so** happy!

This is a quality story for the low, low price of free! So very free.

Lorraine Lesar says

One of these days, this author is going to write a full length book and I'm going to the first in the queue to buy it! She tempts us with these brilliant little shorts, which are amazing, but I want to see her talent extended more. This book is currently free and you would be totally stupid to miss out on what this author has to offer if you don't check out her books now!

? Todd says

"Fighting Dirty Too" features the same character names as the original story, but it's more of an alternate story written on the same prompt. And set in modern times vs. the middle ages.

In this tale, Ethan is a late 20's graphic designer and artist, which Fitz is a late 20's hospice director, both on a 5-day corporate leadership training event.

Unbeknownst to Fitz, he and Ethan went to high school together ('Sixth Form', grades 12 & 13 in UK-speak -- yes, I had to look it up), where Fitz was Mr. Popular and Ethan played footie. And for those two years,

Ethan also wanted to play a very different kind of footie with Fitz, but Fitz was egotistical (and straight?) and never noticed Ethan.

During their time together at the retreat, Ethan and Fitz room together, then Fitz helps Ethan overcome a major childhood trauma and in the process become more than roommates.

The story was very cute and I REALLY loved both characters (again), but I must admit that I enjoyed the shorter, original story a bit more. With all of Ethan's pondering (and trying to avoid erections in Fitz' presence), this one didn't feel as spot-on focused as the original, but I did still really enjoy it.

3.75 Stars, rounding up for the 'feel good' and HEA.

R * A Reader Obsessed * says

Same prompt and characters but a contemporary setting.

Feel good, easy reading.

Trisha Harrington says

Really nice little story. The writing was good and I really loved Ethan and Fitz.

Otterpuss says

Team building. *shudders*

We've all been there. *shudders again*

Lovely little story.

I really liked the headers at the beginning of each chapter and the characters were likeable.

Jewel says

Meh. The first one was much better.
