What a great collection of love stories. Each of these amazing stories bring joy to your heart and a smile to your face. Each of these stories touched me in some way but The Break In is my all time favorite. I almost cried along with Billie during the break in and the aftermath. This is worthy of rereading from time to time.

A great collection of stories to read. There are six individual stories in the book. Each story is about a different set of characters. Each book tells a love story.

Will Sawyer and Finn find their Happy Ending. Will Roommates Brady and Rex find the happiness they both want . Will Eddie and Mike find the answers they are looking for and the quiet time they need, Will Sean and Gavin find everything that they need to build a home and a life together?

**3~3.5/5**

Nice anthologies. I like some of the stories (like the third ones.)

However, some felt underdeveloped and didn't work for me.

### **Urszula says**

I like short stories. They are finishing before I get bored. The plots, characters and reality are as important as in a full length novel. The stories definitely got them all. Plus some nice m/m action.

This is a great set of short stories, each with a different theme and different characters, and all with some sensual and sexy times. Some of the stories made me laugh, others cry, but they all touched my heart. Well written and edited stories that I recommend for anyone who loves M/M romance.

Verified purchase on Amazon.

Most of the stories were good, but Something to Believe In stole the show.

I recommend this book it is a great in between book. To have a break from the novels for a wee little bit. It is a great set of six different stories. My favourite was the swat team mates Sawyer and Finn. Grab this asap, you won't regret it.

(Review with light spoilers)

Great collection of short stories. I loved and recommend it.

I loved Cops and Lovers, His Roommate's Secret, A Lesson in Truth, and Something to Believe In.

I liked Swept Away and The Break-In.

My favorite story, not counting Sean and Gavin, is Sawyer and Finn.

I loved how they are able to talk to each other, to open up completely, not to let an argument make them lose the best they've ever had in life.

### **Annemarie Suchey says**

All 6 of these were great short stories and well worth the read. Swept Away: It was great to see a celebration of a long term relationship. The Break-In: Starts with you thinking he's missing an old lover, but then when Roger and Douglas come home, you realize they were a trio. Love always forgives! My favorite is Something to Believe In. Sean and Gavin. Both have been rejected, hurt, abused and yet somehow find each other and allow themselves to believe they will have a future together. I wanted more of their story...so I also read It says Love, and Love Me Forever.

### **Kirstin says**

I love boxed set and some great novellas are perfect.

These are 6 great individual stories that are very different, yet I had no trouble feeling the love.

I think my favorite was Cops and Lovers where Finn gives Sawyer an ultimatum when faced with the reality that both of them being on the same SWAT team and being in love isn't working anymore.

I'd definitely recommend this set.
