## **Her Best Mistake** Jenika Snow

One drunken night, Shoshanna Clarke let her inhibitions go and said yes to Toby Mason. Sleeping with the town bad boy ends up completely changing her life.

Toby finally got the girl he wanted, despite the fact she doesn't know it yet. She's a good girl, and Toby is known for being a bad boy. But before Toby can tell Shoshanna he wants her for more than that one night, he has to leave town due to his father's death.

When Shoshanna finds out she is pregnant, she has no way to tell Toby he's the father. It isn't until Toby's return that she must finally face reality and tell him everything.

Can Toby put his bad boy ways behind him and give Shoshanna and his baby what they both deserve?

## **From Reader Review Her Best Mistake for online ebook**

### **Jana says**

So 70 % was just sex , not that i complaining . But if book would be little longer would be much better ! But easy , fast read!

---

### **Chantal ♥? says**

**HERO IS WITH OTHERS AFTER HER.  
NOT FOR ME THANKS.**

---

### **Sandy Knox says**

VERY DISAPPOINTING! This is not what I've come to expect from Jenika at all. The best thing about the book was the sex. Halfway through the book after Sashonna and Toby were out of college and living there lives their conversations were very childish, like they were in high school. Only 93 pages. I'm so disappointed with this book. I'm sorry Jenika but I do not recommend this book to anyone.

---

### **B.E.Love says**

This started out a great book, and then when I got towards the end it felt very rushed almost like the author had a specific page count or word count she had to stick to and most was used in the beginning and middle leaving the end to be short changed. I'm not saying the book was bad, in fact up till the end(and the end wasn't horrible) this was one of my favorite Jenika Snow books but I needed more from the end. I feel like had she spend more time on the end and given us more pages to properly end the book this would have been spectacular.

Shoshanna and Toby have know each other their whole lives, they both grew up in the same town and went to the same school but thats all they have known of each other. Every girl thinks Toby is handsome and Shoshanna is no exception but she isn't his type and she won't be like the girls he likes. Toby has always known who Shoshanna was but what he knew the most was that he wasn't good enough for her. When Toby finally talks to Shoshanna he asks her to a party. Having no clue why she decides to go Shoshanna ends up at the party. When she finds Toby They talk and when he is about to kiss her Shoshanna leaves.

Now years later Toby is still gorgeous, and though Shoshanna has more confidence she knows she still isn't her type. When she see's him at a bars and has had a little too much to drink Shoshanna and Toby can no longer deny their attraction. Now that Toby has her he has no plans to let her walk away but a phone call changes everything, and when Toby leaves Shoshanna finds out their night together left something behind, and Shoshanna will have to tell Toby the truth even if he walks away for good.

I know many don't like the baby one night stand story line but I love it and thats what drew me to this book.

The beginning of this book was great and gave us an amazing look into who Shoshanna and Toby were as well as how they first got to know each other. Had this been a full length book it would have been amazing. Toby was a great hero like all of Ms. Snows Heroes Toby is possessive and head over heels in love for his heroine. Shoshanna was a smart kind heroine and though she had some body issues it wasn't the focus and it wasn't all that was talked about.

I would have loved to have scene what happened to the evil people from their past or to see them run into each other now for more drama, I was actually surprised this didn't happen. This books was more focused on Toby and Shoshanna which was a nice change from many books. Overall this was a really good book for anyone who loves a possessive hero, we also get a glimpse into who book two will be about and I'm excited to read that one also. It's a book I will be keeping my eye out for.

---

### **Emily says**

Shoshanna Clarke hated highschool, every day was just another check towards being done with they bullying she was subjected too. Her only highlight was secretly watching her crush, local bad boy, Toby Mason from afar. Shoshanna had no idea that Toby was harboring an attraction as well but he did not feel worthy of her at the time.

Five years later and a drunken moment, they both fall into bed with one another. When that one night ended with an unexpected pregnancy, Shoshanne will find out Toby has become the man he believes will make her proud.

Fun read. I liked that we had a glimpse into high school life between the two before they grew up. This should be an entertaining new series by Jenika Snow.

### **Anna (Wicked Book Blog) says**

I will get out on a limb and say it was cute but short. Too short. What's more, I don't get the whole idea of pining over a guy, for years, only to be irresponsibly knocked up by said man on the very first occasion.

---

### **Susan says**

#### **great story**

I really enjoyed this very well written and romantic book. It has a good blend of romance, drama and sexual chemistry. It is a short yet sweet story.

---

### **Victoria says**

I'm glad they got their version of happily ever after. The imitate scences were very erotic between the main characters. I did notice, not once do we know if it's a boy or girl...LOL.

Well off to read, Ace and Lauren's storyline!

---

### **Deborah says**

I needed more.

While I do have a weakness for Jenika's books this one seemed to be missing something, I know it's a short book but I never really connected to the characters and in a book this length I really begrudged the time spent on Ace and Lauren and while I appreciate their book is probably next Toby and Shoshanna didn't have enough pages of their own anyway.

The scenes when they're together are lovely but for this to work for me I needed more.

---

### **Nickcole says**

Rating: 4

The story was great, but it just was not enough. I really feel like this could've been a full length novel and it would've made this story a little more believable. Other than that, the sex scenes were amazing and I really loved Toby.

### **GimmeAllTheWerdssss says**

2.5 "Meh" stars

I found this book rather boring. I kept waiting on something happen. These two have known each other their whole lives but never really interacted - they traveled in different circles. Their only interaction during high school was three small conversations over a 12 hr period that went something like this:

1 - Hey, we're in X class together right?

No, we're in X class

2 - Hey, there's a party tonight and I want you to come

That's not really my scene, I don't fit in there

Well, I want to you come

3 - You came?

Yeah, but I don't belong here

You're better than all of this

Ok, I'm leaving

Thats it...after that they both went their separate ways and didn't interact again for 5 years soooo I'm not really concerned that he man-whore'd it up during that time. They weren't together in any way. They each thought the other was cute but really never acted on it so I don't expect them to stay celibate.

So, 5 years later they meet at a bar, go back to his place, and have some wide monkey sex - sans the condom. The next morning he gets the call that his father died. As expected he leaves to go help his mother. He ends up staying with his mom about 5 weeks. During that time there was no communication - she thought he only wanted her for a ONS and he wanted to see her again BUT was stuck helping his mom...not the best excuse but ok I'll go with it.

Once he returns to town he calls her and sets up their first date. However, during that time she has found out she's pregnant. They go on the date, she tells him she's pregnant, he's excited, they start a relationship.

Thats it...no real drama. He wanted her and while sweet he wasn't the alpha man I was looking for at all - dirty talker in bed? Hell yeah...alpha...nope. She was very laid back and just went with the flow.

I didn't get very invested in the characters - lack of action will do that - and overall the read was just "Meh"....

### **Mariela Rmfl says**

It was a quick read and a steamy one at that but something felt amiss. Said connection between the MCs felt out of the blue and pretty much like it was just written but not felt. In the end it was an ok read but I'm sure it will be forgotten in the next few hours... nothing too deep or worth thinking about re-reading this, perhaps the next one in this serie would be better.

---

### **Flavs is Mrs David Gandy♥~♥' says**

Toby was HOT!!!

I hope Ace and Lauren is next

---

### **?Tonya? says**

I love some of these stories but they are too expensive for the amount of pages there are.

---

### **Vampress Bathory says**

Loooved it!!! Jenika never dissapoints me!!! Loved this one soo much!!! Can't wait for Ace and Lauren's story!!!!

---

### **Lani ?? the Destroyer ?? says**

2.5 stars.

I always look to JS when I want some light-hearted smut but I didn't much like Her Best Mistake. The chemistry seemed forced and it's my fault for not checking the length but it was barely long enough. As it was it felt like they had sex and lived happily ever after - no story in between. I agree with another reviewer where she said it felt like an outline but with no story to flesh it out. It is pretty pricey for the length too. I'll be sure to check next time.

---

### **Tia says**

2.5 stars.

I was disappointed, it just didn't have the same flair as the other books Jenika Snow writes. Couldn't connect with the characters at all and the sex scenes weren't very good either.

---

### **Genney Blass says**

4 stars. This was a cute story. From the beginning. Some parts were Get a back bone girl. but I guess some females it takes a while to build. Kudos to the author

---

### **Glire says**

DNF @ 45%.

One of the most offensive books I've ever read.
