## **So You Want to Be a Medium: A Down to Earth Guide** Rose Vanden Eynden

Are you fascinated by the spirit world? Wish you could communicate with loved ones on the Other Side? According to Spiritualist minister Rose Vanden Eynden, everyone possesses innate capabilities for spirit communication. Emphasizing the principles of modern Spiritualism, *So You Want to Be a Medium?* demonstrates how to enhance one's spiritual senses for working between worlds.

Through exercises involving meditation, breathing, dream work, symbols, and energy systems, the author teaches how to prepare one's mind and body for spiritual communication. Readers also learn about the many kinds of spirit guides and elemental energies, how to get in touch with them, and how to interpret their messages. Whether you're seeking to become a professional medium or simply interested in a closer connection to Creator, this fascinating guide to the spirit world can enrich your spiritual life-no matter what your religious background.

## **From Reader Review So You Want to Be a Medium: A Down to Earth Guide for online ebook**

### **La Toya says**

Very cool read if you're into this sort of thing ;)

---

### **Nancy Smith says**

This book is a very comprehensive journey on learning the skills of a medium. I enjoyed the ease that I was able to use the meditations. Joy Guide section is my favorite.

A must for all aspiring "readers"

---

### **Alexandra Chauran says**

This is a book that I have appreciated as a resource for others the longer that I have owned it. When I first read this book, I was fascinated by its Spiritualist perspective, since I was not entirely familiar with the faith, however I did find my own understanding limited by the confusing terminology and cosmology of the author's belief system. That said, there were some really good practical tips I have not found anywhere else that could be used by anyone who make spirit communication a lifestyle practice.

---

### **Mary Drummond says**

A great guide book for someone wanting to develop their spiritualism.

---

### **Bridgett says**

This book was recommended to me and I really enjoyed it. I love how she gave examples for everything she is trying to teach. From the games to the exercises. It is written in a very straightforward, easy to follow manner. I would definitely recommend this book.

---

### **Sydney says**

Basic, but informative and very easy to read and understand.

---

## **Kris says**

Awesome. Just what I wanted and needed. I have already communicated with my Joy guide who is also my gate keeper. I am so looking forward to this new experience and honing my skill.

---

## **Nicole says**

a great read for those who want to learn about the mediumship and tips on about it

---

## **Elena says**

I did not enjoy this book. I bought it for the chapter on spirit guides to see what the author would say and the entire thing left a bad taste in my mouth. I'm not inclined to follow any of her advice. She is a member of the spiritualist church, which is not very believable at all. She does give the history of the spiritualist church, which I found informative, but that did not lend to her credibility for me.

---

## **Kate says**

Rose seems to know what she's talking about, but she makes mediumship seem like an easy little hobby to pick up, when in actuality it's a lot harder to accomplish anything in this book than you would think! Hokey but thorough, a quick read anyway. Worth picking up if you are interested in the subject.

## **Lee Howard says**

This is a great basic book on beginning mediumship. It begins with terminology, the philosophy of Spiritualism and natural law, and progresses to preparing your mind and body to contact Spirit. What I found especially helpful about this book is the description of spirit guides in part 3. Just knowing what a gatekeeper guide is and what one does helped me to understand a lot about how mediumship works.

Rose covers the tools used in Spirit work, and gives some great exercises for developing and testing your skills. The section on giving readings and sittings is also very practical and took away a lot of the mystery (and trepidation) in performing this work for others. With her help, I believe I can do it!

I recently attended one of Rose's workshop on public mediumship in Lily Dale, and I'm impressed with Rose's knowledge, skill, and professionalism. She's really a terrific teacher. Along with other students, I gave one of my first readings at "Inspiration Stump." I also want to say that I've had many readings, and I consider Rose's to be the best of all of them. You will learn much from her down-to-earth style.
