## **The Object Of His Protection** Brenda Jackson

With a body as solid as his reputation, private investigator Drey St. John never dreamed helping the Braddocks discover the truth behind their father's fatal crash would lead to his own mother's shocking confession: Senator Braddock was Drey's biological father. Determined to solve the case, Drey enlisted all-work-and-no-play Charlene Anderson's help. But the more time he spent with the beautiful forensic scientist, the more he realized their sharp banter fronted a simmering mutual attraction that wouldn't be denied.

Charlene's career left no time for exotic playboys. Then she found herself under Drey's roof, in need of his protection--and a victim of his seductive charms. But when the late senator's secrets--and Drey's true identity--were uncovered, would Drey face the betrayals in his past, and his future as a Braddock, with Charlene by his side?

# From Reader Review The Object Of His Protection for online ebook

## Cynthia says

the braddocks is a wonderful series

---

## Bridget says

Characters Drey and Charlene found love after flirting through their meetings due to their jobs. This book is love with a little bit of mystery. It fell short to me in some places, but it was still worth finishing. There are always some books you love more than others, but overall I think the shorter romance books are not for me. I like to see character and chemistry development and the short page lengths don't allow for that. I'm still a huge Beverly Jenkins fan!!

---

## Darlene says

Good but a little sapoyat the end

---

## Farah says

This book started okay and then once they finally hooked up it quickly went to stupid. I don't mind erotica at all. But badly done erotica is annoying and boring. I mean my God if you cannot think of more than two euphemisms for vagina don't write a book with more than two sex scenes. If read the phrase "feminine core" one more time I was going to burn the book and gladly pay the absorbant library fees

---

## Monica says

I really loved this book. It was definitely a page turner that I couldn't put down, I love books like this one. Very Spicy...:-)  
Made me want to go back and read the other 3 in this series.

---

## Shannon says

(Drey St John and Charlene) Another awesome love story!

---

## **Natasja says**

Drey St. John is a private investigator and has recently hired by the Braddock Family to investigate their father's death. But what they don't know that Drey is their half-brother. Drey's mother just told him that his mentor he knew his whole life was his biological father. He will do anything in his power to find out who is responsible for his death.

Charlene Anderson is a forensic scientist and a good friend of Drey. They have had a working relationship for years, so when Drey ask her in private about the death of the senator and his personal driver, Charlene will help him to get the information he needs.

Because of her help to Drey, Charlene's life is now in danger and the only way to stay out of the hands of the killer is to move in with him...temporality.

The Object of His Protection by Brenda Jackson is a wonderful book to read between all those heavy Urban Fantasy and Paranormal Romance.

Drey and Charlene know each other for a while now, but never gave in to the attraction between them. Charlene doesn't want a relationship; she has no time for it....and besides who want this "old" virgin as a girlfriend. But Drey is not an ordinary man, he wants Charlene and this temporality moving into his apartment is a great opportunity to prove her that he wants this for real.

This is a great book to read on a Sunday afternoon or just after a hard day at work...nothing on your mind, just relax and enjoy.

---

## **Dorel says**

This is the 4th book I read by Brenda Jackson. I loved everything about the book. Drey & Charlene made a great couple. My favorite part of story is when Drey saved Charlene from the senator's killer. Brenda keep writing those books.

---

## **Shawnette says**

A GREAT Ending

Once AGAIN, Mrs. Jackson crafts an AMAZING conclusion to this continuity series. Quite a HOT & SPICY read. The chemistry between Charlene Anderson and Drey St. John is off-the-charts. I also enjoy the way she neatly wraps up the mystery surrounding Harmon Braddock's death. This is DEFINITELY a series NOT to be missed! But in order to get the full effect you SHOULD read all four books. Each author did an exceptional job putting this series together.

---

### **Marilyn Diamond says**

Could not put the Braddock's series down..

---

### **Nastassia says**

Good story line but the ending was rushed I was a little disappointed. I think it should have been longer.

---

### **Bonnie says**

this book is very hot...

---

### **Danyelle Scroggins says**

It's the typical Brenda Jackson good romance. I enjoyed it alot. It showed that even though a person might have been conceived by a forbidden relationship, a parent still should seize the opportunity to share in the responsibility or play a role in the child's life.

---

### **Antoinette says**

I found this to be a very entertaining and easy listen. Will definitely try more of Brenda Jackson's books.

There were a few complaints on Audible about the choice of narrator (Quincy Tyler Bernstein). Some thought that an African-American narrator should have been chosen. I couldn't disagree more--this was a universal romantic/erotic story with universal characters.

When I listen to an audiobook, the narrator makes or breaks the performance. As long as the story is brought to life for my ears, ethnicity doesn't come into play.

---

### **Arnissa says**

#### **The mystery unfolds...**

I love a good mystery. This book was everything a good romantic mystery should be. Definitely a page turner from beginning to end.
