Two Old-Fashioned Men Laylah Roberts

Some of the characters from *An Old-Fashioned Man* are back!

Meet two of Heath's brothers, Cam and Kent, as they meet the woman meant to be theirs.

Bryony Andrews has never had much luck-with men or jobs. She's down to her last few dollars when she drives out to the Double J ranch in a thunderstorm to ask about a housekeeping job.

Cam is ecstatic. He thinks Bryony is the woman they've been looking. The woman to make Kent smile again. He and his brother enjoy sharing their women, and Cam sees Bryony as a woman they could keep. Forever.

Kent had sworn off woman after his last experience with a cheating ex. But sweet Bryony filters through the hard shell he's placed around his heart.

Bryony's ecstatic to have a job, but can she handle her incredibly sexy, handsome employees and their very old-fashioned views on how to treat a woman?

Includes things that may offend some, including light BDSM, spanking, anal play, ménage, etc.

Jeanne Kotsios says

Great

I loved this book I fell in love with the first book but I loved this on just as much if not more I can't wait to read more I loved the sweetness protectiveness of this hot men love love it

Melissa says

Grest

I love this series and how it covers a true DD marriage . Thank you for writing this book. I truly enjoyed it.

JustALady says

Double trouble

This is the second book of the Old-Fashioned series and I was not disappointed. The story line in these books is a sweet protective love. Ready for book 3.

Sarajane Garten says

Ok quick read

Formulaic. Like too many other stories for my taste. Characters didn't feel real to me. Story didn't feel real to me. I love this author but not this story. She has done WAY better.

Basia Rose says

It should be noted that the blurb above is for the wrong book.

Good little erotic ménage romance with a Domestic Discipline focus. I enjoyed it, even though I haven't read the first one.

One problem though: this book is packed with spelling errors and incorrect words. *Too* instead of *to*, *expect* in instead of *except* and so on.

Alicia says

This was a great story about two brothers who share everything who are looking for the perfect woman and finally find her. Though things don't always run smoothly this is a great story and sequel to An Old fashioned Man.

Cindy ~ says

This is the 2nd book in the series and its Cam and Kent's story.

Cam and Kent like to share there women. Kent is rougher around the edges and doesn't think a woman could take his heavy dose of dominance without his brother more lighter flirty side to balance out the equation. But make no mistake they both equally believe in domestic discipline. Kent has basically sworn off women since there last relationship when bad. So when on one during a horrible storm a tiny slip of a woman shows up at there door asking for a job he wants nothing to do with her. But it doesnt take long to see Bryony Andrews needs a keeper. She grew up in foster homes and ended up running away from her last one when she was just 16 and has been living on the streets ever since. Cam see's right away that this is the woman for him and his brother to share. Problem is Kent isnt very open at first to the idea but it doesnt take him long before he finally starts warming up to the idea and also her bottom when she doesnt listen.

This was a great menage story. You did feel that Kent and Cam were opposites in many ways but one (the spanking) but together they made the perfect man.

Also in this one we find out that Eva is pregnant and having a hard time with the pregnancy with all her issues and we get to see how Frankie and Tom are doing in there marriage. Frankie is still a brat and has a lot of insecurity issues she still needs to work on.

Meleeta Morris says

How does a person except that there are men who believe in caring for their woman?

Each old fashion book is well written explaining how each person believes in love, caring and safety. While showing that ignoring your health, safety will always lead to a resident bottom.

Toi says

Bryony shows up at Cam and Kent's in the middle of a storm because she was told that they were looking for a housekeeper – they are coming off a relationship that was not good for them – can the resist the pull that they fill for her (Cam's more sure then Kent). What happens when they find out about her past and what's going to happen if she runs.

Catherine Iriarte says

Even though the book was short, I didn't feel it was lacking. Very enjoyable read.

Gee says

The way this story unfolded was completely unbelievable. The heroine shows up to work for these guys, who immediately talk to her with sexual words and start wanting to spank her. No one would ever work for these guys, much less want to fall into bed with them. It was ok for a short story but really, why? Why not write a longer book that gives these characters time to get to know each other properly and allows the relationship to build in a natural way?

Katy Beth Mckee says

Cam and Kent are brothers and have shared a woman before. Kent has felt a bit more burnt and figures he'll step back for Cam. Bryony shows up in a storm. They are both drawn to her and she is drawn to them but she feels so bad about herself she can't believe they would really want her. I love how the brothers really fit well with each other to give Bryony what she needed. You could feel how much they loved and cared both for each other and for Bryony. I hope this family will have another installment because the little bit with Frankie seemed like a teaser.

Janet Juengling-Snell says

mmmmm, if I thought I liked the first book in the series, I fell in love with this one. What's not to love two hot alpha males who believe in spanking a women's botton when she needs it! Looking forward to the next book.
