## From Reader Review Tyler Tied Up for online ebook

### Vettech says

Well well well, our D/s combo Marguerite finally does the unbelievable.....get to blindfold and tie-up her Master/husband Tyler. To help celebrate the pending birthday of Dom Tyler Winterman, friends Mistress/Trooper Violet Siemanski Nighthorse and her hot hubby Mac Nighthorse kidnap the Master Dom at his wife's bidding for a very special and funny birthday gift! The beginning of this story is priceless!

### Optimist ?King's Wench? & MANTIES Champion says

Marguerite surprise "kidnaps" Tyler for his birthday with the help of Mac & Violet & baby Daisy with her flogger baby rattle & t-shirt that says 'I like spankings' \*grin\*. How cute is that? She has him cuffed, blindfolded & hung from a hook & he's still telling her what to do! \*fans self\*

Ice Queen & Mirror of My Soul were two of the first books I read when I began reading BDSM. They had a profound effect on me that was reinforced by this vignette which probably won't make a lot of sense without having previously read those books. I really can't explain my reaction to Marguerite, especially. Maybe it's because she not only survived her childhood but made something of herself & went so far as to give back to those less fortunate? That she's strong enough to surrender herself to Tyler? I'm not sure but her relationship with Tyler is so powerful, so moving, it gets me every, single time even when I know what's going to happen! His love for her is almost tangible on the page, not to mention that he cannot be topped. Ever. Even when he's bound & blindfolded. He's so freaking sexy, I can hardly stand it. He was the first fictional Dom that I fell for so he holds a special place. At any rate, I loved getting another glimpse of them & that Marguerite got to rectify what she considered a blemish on their relationship although, I agree with Tyler that it was a pivotal moment for them that probably had to happen at some point.

I feel like it's been ages since I read anything written by the genius Joey W. Hill, so until I grab some time to do that, I chose the next best thing: reminiscing about what I have already read, and the lovely characters I met. These free short stories were a great way to remind myself of how much I had liked all these characters in the first place.

So, let the reminiscing begin!

I still can't get over the fact that Violet is only five feet tall. Such a fierce Domme in such a tiny body. I knew she was short, but not this much. She is even shorter than I am, and I don't get to say that often. If I had known she was this tiny when I read Natural Law, I would have been more in awe of her.

Now why am I mentioning Violet when the story is about Tyler being tied up? Well, she brought him to the place where he would play, and her intimidating the tiger that is Tyler even just a tiny little bit is amusing. Plus, seeing Violet and Mac in their roles of parents to little Daisy was adorable.

Now to the really good stuff aka Tyler being tied up. While even the idea of that is super hot, I thought it was sweet that among other things this was Marguerite showing him what that night of him submitting to her should have been like. Yeah, hot and sweet is everything about our Tyler. Also untoppable. Is that even a word? It should be for him, because the man cannot be topped. Even when he's playing the bottom, he's the top. And the imagery he and Marguerite create is spectacular.

As always with Joey's stories, this one too had to go straight in the feels, and confirm how strong the bond between Marguerite and Tyler is, and how deep their love goes. They truly are an incredible couple.

It was Tyler's birthday, but, really, we all got a gift.

### **Booklover, Indianapolis says**

(Aug) I wanted to love this so much. The title - Tyler Tied Up - ooh, the idea of Tyler being tied up, at Marguerite's mercy, subbing for her, allowing her to dominate him for one incredibly sexy night - I was so ready for this story! I mean, I loved them in Natural Law, and Mirror Of My Soul is one of my all time favorite romance books - so raw, so emotional, so incredibly wonderful. Add to all of that this was free - well, that is just the icing on the cake. So I settled in to read, laughing as Tyler verbally seduced his rose bushes - and when he was "kidnapped" by Violet and Mac - and the baby, complete with her own little flogger. But then Tyler is left in a barn with Marguerite, tied up - and the talking starts. And the overwrought writing. And I felt cheated. (view spoiler).

So... Tyler Winterman gets tied up at Marguerite's mercy.

She gets Violet, Mac and baby Daisy to kidnap her husband on his birthday.

The best of the story is the Nighthorse family :) from Violet, to Mac and the little one, with her 'I like spankings' top and her flogger, all together get Tyler handcuffed, mini-flogged and blindfolded into a secret location where Marguerite awaits to give him a present for his birthday.

Violet of course takes and enjoys her opportunity to put her hands on Tyler, her mentor and friend, if only to restrain him.

Even with all her experience in controlling males, professional and personal, her lower belly still gave an amusing little flutter when Tyler put down his clippers, slowly pivoted and brought his hands up, lacing them behind his head.

Still, she was too much of a Mistress not to feel a frisson of physical pleasure when she clipped the cuff on his left wrist, and then guided his hands down behind his back to secure them both, so his knuckles rested on the rise of his buttocks. When he gave her a sidelong glance, of course he was too much of a Master not to register her reaction. His lips quirked at her, and she gave him an arched brown in return.

"Don't get cute, or I'll use that Taser after all."

Tyler grinned then. "You're just looking for any excuse."

The trip in the mini van with the whole family is fun to read, between the baby, Mac and Violet, they 'deliver' Tyler to his recipient, and as usually, is not the destination but the trip what we enjoy the most:

"I'm being kidnapped and transported in a mini-van with infant sunscreens in the windows," Tyler observed dryly."

Even so, he couldn't resist leaning over, despite his restrained hands, to tease his goddaughter's perfect nose with a puff of air. She gurgled at him, smiling, then kicked her arms and legs vigorously, whapping him several times with the flogger.

"That's my girl," Violet laughed. "Take us into Tampa, Mac. As happy as Daisy is to see Tyler, there's a woman who's even more eager to get hands on him."

I have mentioned on previous NOD reviews that Tyler is a boring Dom, this story just confirms that. He never gets to lose control or get powerlessly on her hands. Doesn't matter what the situation is, how defenceless he may appear, he just doesn't play the part. It may be appealing for others, but a Dom with no cracks is just an artificial insertion on the story for me. Marguerite of course is great to read.

## **Glamdring says**

*"What do you need, baby?" Tyler squatted on his heels, wiping a sweaty arm across his forehead. Jesus, the Florida spring was stifling this year. "I've hand fed you, mercilessly destroyed your enemies, told you that you're beautiful... a woman is allowed to be this difficult. Life's too short for a rose to be this standoffish." Stroking a finger over the leaves of the bush, he noted how tight and green the buds were. "You see this fuscia floozy next to you? She's spreading her petals for the whole world to see. I know, maybe you don't want to be a tramp like her, but that's why you coming out now will be so classy and coy. You'll be the Audrey Hepburn to her Jezebel."*

This is a beautifully written novella about Tyler and Marguerite. It's Tyler's birthday and Marguerite has a special gift for him.

*"Whose gift is this, angel? Yours or mine?"*

I have to say that for a moment I asked myself the same question, but I shouldn't have worried.

I L O V E Tyler, I love their relationship and I love how he can't be topped.

I hope that at some point she can truly believe that she is his & can put away a little of her demons. Would have liked to see her hold out just a little longer with him before give over.

In this vignette, it's Tyler's birthday and his wife, Marguerite, has a particular gift to bestow. The story begins with an unsuspecting Tyler who is taken blindfolded to a horse stable and chained to a hook in the ceiling. Knowing this is the work of his wife, Tyler decides to submit to her will in order to discover her intentions, as he knows his wife is a complex woman. However, Marguerite knows full well that Tyler's submission is already a gift of his own.

"I want you harder than you've ever been in your life, Tyler. I want you to beg me to let you come."

When the power shifts both physically and mentally, Tyler takes the reigns and Marguerite reveals to her Master what she craves - a balance of pain and pleasure and to feel owned. With her past, Tyler is cautious to proceed but knows he is the only one that can provide what she needs. By giving her this, Tyler knows Marguerite is giving the ultimate gift to him and freeing herself.

“You need to be well and truly fucked, angel. Over and over again, until you realize you don’t trick your Master into doing anything. You ask him, beg him, and you do it pretty, sitting on your heels with your thighs spread, your tits out where I can fondle them, have access to your cunt as you beg.”

Let me just say that I was thrilled to discover this vignette because Tyler and Marguerite are my favorite Joey W. Hill characters. Despite the short length of this story, the plot, character development, deep emotions and eroticism it is incredibly well crafted. As always, Tyler is dream worthy - a strong, self-assured Dom and southern gentleman through and through. He is a dedicated husband and knows the intricacies of the dynamics between he and Marguerite. As her Dom, he has certain obligations but then as her husband, the sky is the limit. I loved Marguerite’s plan to drive Tyler’s emotions to a certain place to get what she wanted but then she ends up getting so much more from him.

“He could make her do anything, but there was one way she could make him helpless. His love for her would convince him to do anything she wished, if it really mattered to her.”

For those familiar with these characters, Tyler Tied Up will evoke many emotions and leave your girly bits in a hot mess! lol! I would even venture to say that without knowing the full backstory with these characters, this novella would still have tremendous steam factor and offers enough dimension as a standalone.

If you are looking to read about BDSM and the intricate dynamics involving such relationships, I highly recommend this vignette and the two books featuring these characters, Ice Queen and Mirror My Soul, from the Nature of Desire series!

"Whose gift is this, angel? Yours or mine?"

"I'm going to strip you now. I want to see all of you."

"Your voice isn't steady, angel. Why don't you let me go?"

"So you can rob me of speech entirely?"

"Are you mine, Tyler?"

"Yours and no other. You're killing me, Marguerite."

"And I want you to know, in that same raw part of my soul, that I want you to do it. Because I truly am yours, in every way. Happy birthday, Master."

*She met his gaze, their faces so close. "Thank you for giving my heart wings. Thank you for giving this birthday to me, and every one after it."*

*Visibly moved, he put his hand back over her wrist, gripped her there hard, his lips pressed tight. "I love you, angel. I always will. What do you say you let me take you home, and we can watch the sunset over the water?"*

*"I'd say that would be a perfect end to the day."*

*"That's every day that ends with you, angel."*

Tyler talking to his flowers...

(view spoiler)

Gawd, Tyler...what kind of man talks to his flowers and treats them like a precious gift, with so much love and reference? It goes without saying that he exudes love, strength, gentleness AND class as all get out. Honestly, proper words elude me. All I can say is **I. Love. Tyler. To. Pieces.** I really do. There can be only one. He is that man. That hero. Now and forever. I feel like crying because I suffer from an overload of feelings but no worries, these are happy tears.

Tyler Tied Up is going to burn you and I mean that in every sense of the word.

This short story provides an erotic and *hawt* sex scene that will scorch your skin but there's so much more than sex to this freebie. As a wonderful bonus, Tyler and Marguerite's interaction will melt your heart. Also, as expected Joey added plenty of emotion and depth to this novella, and the two richly-textured MCs will touch your soul like a Cupid's arrow. Tyler's love for Marguerite is so intimate, profound and all-encompassing, however, the same can be said about Marguerite's love for Tyler. Every beat of his heart is hers and vice versa. Beautiful. Just...perfect. \*melts\*

The plot took a surprising turn which I didn't expect in that manner. On the other hand, I don't want to say anything more because you should go into this novella without knowing too much. Satisfaction guaranteed--pun intended. Wonderfully written with plenty of witty and emotional dialogue--that's how I love my freebies.

However, before you're tackling this free short story, I recommend you to accompany Tyler and Marguerite on their very emotional and intense journey by reading *Ice Queen* and *Mirror of My Soul*. Since I blazed through these two books my reading world wasn't the same anymore.

Joey, you know it already but once again, I bow to you. Thank you. <3

Joey Hill and the NOD series continues with impact, the emotion she brings to this series is bewildering. The writing is generous, visual and beautiful. Tyler and Marguerite's story continues a year after their wedding with Tyler's special birthday gift. Ms. Hill writes Tyler's character to perfection, this further glimpse into their relationship only further solidifies my devotion to this fantasy man. A lovely and shuddering story, once again Joey well done!!
