## What He Craves Tawny Taylor

Domineering billionaire Shane Trant has Bristol Deatrich right where he wants her--back in his life and back in his bed. But Bristol is still reluctant to completely trust him. Their new relationship has been rocky from the start, and she's still very new to the world of erotic domination and submission. She's afraid a little rope burn is nothing compared to the pain she may suffer at his hands. This powerful thing between them will either make her better, stronger, or destroy her.

And now, making matters worse, outside forces are trying to pull them apart...

"What He Craves" is the 3rd installment of My Alpha Billionaire Series. It's a very a quick and read. I was glad Ms. Taylor added a little drama into the mix of this short story series. Although, I do wish it was drawn out a bit instead of cut short (I don't want to add any spoilers that's why I'm being vague). I wish it was full length novel. Just as the story was starting to develop ... it's over. It has a 50 Shades feel to it. It's a good "filler" story.

I guess I'm missing something in this, it all seems too rushed or forced. The other man I saw coming a mile away. I love how she used the job thing to turn it on him but overall thee should've been more to get Shane to react. I'm also starting to hate the whole, the dom has to have some type of problem going on and that's why he is the way he is.

I was hoping Shane would be the way he is because it's what he likes. Once again the girl really doesn't have anything going besides him and what he can give her. She should be stronger or at least be working on a plan to do something with herself. She really comes off as a half brained gold digger who's just trying to get him to focus on her so she can have something stable. Hopefully the next book will be better.

The story of Shane and Bristol is very hot and sexy. In this book you get to see Shane's softer side and Bristol beings to show how strong she is.

More!!!! A must read series. I love the fact that these two are in love yet none of them, nor Shane or Bristol

admit it to themselves or to each other . omg when is book 4 coming???? I need to know whats going to happen. This is that type of love story that you are so hooked that you will wait and wait for months for the next book.

Tawny Taylor is a great writer and she has the ability to capture and keep her readers interested. I will keep reading more of her books.

Enjoy!!!

Fast fun and enjoyable read! Was a little confused at times with some of the story. I am looking forward to the next book!

Lots of trust issues so it seems hard to figure out how she trusts him with the kinky side when she doesn't seem to trust him in the relationship

"What He Craves" by Tawny Taylor is the third book in the "My Alpha Billionaire" Series. Bristol is still reluctant to completely trust Shane and still new to the world of domination and submission. She's afraid that their relationship will either make her better or destroy her.

In this part, you learn more about the main character's past lives, their past love interests...which also brings to jealousy...

It's an erotic and sweet read. I really enjoyed reading this installment as well and I hope there will be another part, because I'd love to see what happens next.

this story is definitely improving but i hate to rate each book because i feel like i am rating individual chapters. these are not standalones.

Maybe it was just me but I don't like the way this one ends. Will there be another?
