From Reader Review Baby Animals from Africa: A rhyming picture book for children aged 0-5 for online ebook

Angela Lambkin says

Do you like to read and or look at African rhyming pictures?

What a lovely sweet short rhyming ebook with lots of pretty pictures and information. So, I would like to recommend this for five stars and. for the very young kids. I received this ebook for free and in return, here is honest review. Great job Barb! By Angela

Julie Barrett says

Baby Animals from Africa (A rhyming picture book for children aged 0-5)

6 different animals are featured. Each one has their own colorful illustrated page where it talks about what they are, and some other fun facts on several other pages.

Free activity book is also downloadable. Great educational book for the young ones.

Len says

Great Bedtime Story

My grandbaby loved the s pictures. She said owe throughout the whole book. This will be out nightly read. I'm sure she will know the words soon.

Tiffany Peppers says

Good fun

Very educational and fun to read. The Illustrations were spot on. Children and adults alike will love this book. It is recommended.

Krisz says

So I bought a few ebooks for my little one so that when I have the Kindle with me, she could also read something.

It was a cute little book, I liked the pictures inside (the cover is really bad) and the text was OK, although halfway in the book I discovered they were probably meant to be rhyming. It's a more than OK book, feel free to buy and read it to your baby, it will be liked all right!

Chessie Andrist says**Good**

Adorable book. Great for young ones. I don't know why we have to have a minimum word count on this review.

Vanessa Thompson says

***** 5 stars ... Animals from Africa written by Barb Asselin was a great story book about a variety of animals from Africa, August 22, 2014

~~~~~

This review is from: Baby Animals from Africa (A rhyming picture book for children aged 0-5) (Kindle Edition)

Baby Animals from Africa written by Barb Asselin was a great story book about a variety of animals from Africa.

I loved the illustrated animals.

I loved the description of each animal. What they like to do, how much they weighed and where they were from.

This book is highly recommended to children of all ages, because I am an adult and loved it!

The book was short and to the point. It served as a learning tool as well, to educate the reader on the animals history.

I loved the cover as well.

**yedhit mabel vasquez says****Passed my baby test !**

Great images ,great vocabulary and word flow you and your babies will enjoy reading this book. The writer should definitely write a volume 2 maybe about professions .

---

**Lori says**

This is an adorable rhyming ebook with sweet illustrations that are sure to attract any young child's attention. But, more than that it give highlights about the animals that live in Africa and teaches children a little bit

about the animals habitat. This was a Amazon free copy Kindle edition .

---

### **Sandra Stiles says**

This is a cute rhyming book that tells about some of the animals that can be found in Africa. Great for that time when you wish to snuggle with your young one.
