The first seduction...

Linsay Scott has a bad case of the hots for her sexy neighbor Hunter Jordan. And hearing his nightly activities through the apartment walls is only making her hotter. That is, until she discovers *Sexcapades*, a book of erotic invitations, and decides to turn up the heat herself...

The endless seduction...

Proper Southern belle Regan Davis was groomed to be a blushing bride, not a jilted one. But after picking up a copy of *Sexcapades*, she decides she's had enough. She's going to prove she's woman enough to seduce sexy Sam Daniels. And there'll be no blushing allowed...

The ultimate seduction...

Bride-to-be Leah Burton desperately wants to learn how to satisfy a man. Her lackluster fiancé isn't offering his services...but Jace Rutledge definitely is. And with a copy of *Sexcapades* under her bed - and Jace in it! - Leah's sure she'll make the grade. Again and again...

Jessica Alcazar says

ALL 3 stories were really fun and exciting. the best part is that each could have been longer/deeper involved and I would have loved it. that's my sign that it's a good short story! i already love janelle denison, and now i look forward to more from carly phillips and vicki lewis thompson!

Lindy says

All three stories in this anthology are very well written. I like the themes they chose, and it's nice & steamy.

Karina Díaz Pérez says

Un libro picante, sexy, que te recuerda que como mujer tu puedes tomar la iniciativa y ser creativa para conseguir al hombre que quieras. Excelente combinación de autoras.

Cupcakencorset says

Three sexy novellas that center around a common element: sexual escapades, each chosen from a book of suggested fantasy adventures at a bridal store. Our three heroines and heros are quick to get into the sensual action, and the sex sounds steamy indeed. Still, the women are pretty much cookie-cutter versions of one another: repressed (because they've been waiting for "the right man" to "bring out their hidden sexual depths"), recovering from romantic disappointment, and insecure about their own abilities and charms. The men also are pretty much identical: blue collar, emotionally distant (until "the right woman" tears down their walls by sheer force of her orgasms), gorgeous.

If you're looking for believable plots and plausible action, you'll be disappointed in this book. If, however, you're looking for fun reads about sexy romps in and out of the bed, you just might have found your next read!

I liked all three stories, but they were just okay; not anything special.
