Little Brat Lost

Stephani Hecht

Little Brat Lost Stephani Hecht

Jimmy doesn't want to call attention to himself—he just wants to live a quiet life. Okay, maybe he was broken-hearted, homeless, destitute, and desperate, which led to turning tricks in order to survive. That doesn't mean he's the typical lost, neglected boy who's in almost every gay movie and book... At least that's what he keeps telling himself so he won't have to face how bad his life really is.

Trent moved from his hometown and found success as a PI, but he still stays in touch with his close friends. So when one of them calls and asks for help tracking down his missing brother, Trent immediately agrees to take the case. He expects the job to be quick and easy, over in just a couple of days.

What Trent doesn't count on is finding a sexy, smart-mouthed brat who refuses to cooperate. Sure, Jimmy may be hot as hell, but he also has the ability to drive Trent crazy. One thing Trent does know for certain is that he's drawn to Jimmy in a way that could get both of them into trouble. Will Jimmy return his feelings, or is Trent going to return home with a broken heart?

Little Brat Lost Details

Susinok says

Too many unanswered questions.

Erticchic378 says

This was way too rushed. There was so much potential for this to be a really great story. I mean really, there was no mention of Adam or what happened to him. Or even a mention of the "friend" that was going to get him out. It just ended with me being disappointed:(

jules0623 says

Not sure why I keep buying this author's books when I'm never really satisfied with them. This one reached a new level of WTF, though.

Hecht's books are always too short to be satisfying but this one dealt with such serious, devastating issues and needed more time and a much more compassionate and caring hand. Victim-blaming was rife through the story. Trent's characterisation was conflicting and confusing (and at points, really gross) and we didn't really get to know Jimmy at all - except near the end when he becomes the Bella Swan of m/m fiction (until the magic healing cock fixes what ails him). The 'romance' between them was built on dependence and desperation and gratitude rather than an actual connection and emotion and the skeeviness of it made me want to shower rather than coo, tbh. AND we don't actually see Trent keeping his promise to help out Adam who is presumably suffering the consequences of Jimmy's disappearance.

This was a new low for this author. I think it'll be my last purchase of their work.

Ashley says

Once again I am disappointed by one of my favorite authors. For starters, everything felt incredibly rushed - for such traumatic circumstances/events, everything just kinda bebop-ed along to a relatively easy, pain-free happy ending. Yes, there was angst, but it was never really explored - instead, it was glossed over and never really explored.

I felt that Trent and Jimmy's relationship was for lack of better words - flat. I'd imagine that it would be harder for Jimmy to trust someone after everything he's been through and I really don't know what to say about Trent because honestly you don't know much about him.

In the end, I get the impression that Ms. Hecht is simply spitting out novels in order to meet a deadline. Gradually I have been noticing that her stories have become shorter and shorter and the plots appear to be getting flimsier and predictable.

I'm not going to stop purchasing books by this author because I truly do like her older works, it is just the newer stuff that I'm dissatisfied with. With that being said, I am going to continue to remain optimistic and look forward to her next publication.

(Besides, I'm curious about Billy, Adam, and Trent's police friend Levin..)

Gabbi says

Stephani Hecht is my go-to author when I'm in the mood for a fast-paced, sexy story. Her 'Friends to Lovers' series is one of my favorites by her, so when I had the opportunity to read Little Brat Lost, the fourth book in the series, I couldn't wait to read it. Since the blurb does an excellent job at describing the storyline, there's really no need for me to rehash it. I really liked this book and enjoyed watching the heroes, Trent and Jimmy; fall in love and the difficult road they had to travel to get there.

Both Trent and Jimmy are interesting and likeable characters. Their story moves very quickly, almost too quickly, but they definitely have an action pack adventure that kept me interested throughout the book. Although I liked Trent, it was Jimmy who stole the book for me. His past broke my heart, and he proved to have an inner strength that I ended up really admiring.

Although I really liked this story, I do wish it had been a longer novel. Because of Jimmy's past and present circumstances, I do believe the relationship between Jimmy and Trent was a little rushed. But, I still liked them together and I thought they really were a well-matched pair. One of the things I really liked about this book was Ms. Hecht's trademark humor and her ability to sweep me off into the lives her characters, even if it's just for a short time. I also enjoyed briefly revisiting some characters from the previous books in the series. It's always great seeing how past characters are doing long after their own story is told. Fans of Ms. Hecht will definitely enjoy this book! I know I can't wait to read the next book in the series and read more about these likeable and interesting characters.

As I mentioned before, Little Brat Lost is the fourth book in the Friends to Lovers series. Although it could easily be read as a stand-alone book, I do recommend all of the books be read in series order because it's likeable, memorable heroes will surely steal your heart!

Here are the Friends to Lovers books in series order:

Out of Balance

Blast from the Past

Snapshots and Bylines

Little Brat Lost

Mirka says

Wonder if they'll find Billy...

Ter says

3.5

Wish had been longer ended rather quick.

They need to rescue Adam, can't talk about him that much and leave us hanging..... Hopefully he will get saved and get his own story. but I don't see anything yet in the works.

Mandy*reads obsessively* says

2.5*

Usually Ms Hecht books are a nice reliable guilty pleasure for me, but this one..I'm not so sure.

Poor Jimmy has been through so much and yet in a few pages it was all ok, he was suffering more from a broken heart than the torture and abuse he had been living for years.

And Trent only got his act together because of of Marc, just plain sad in my book.

And on a side note, I was also mad that no mention was made of Trent keeping his promise to help Adam after they got back, no inquiring phone calls or anything.

Oh and the 'brat' reference was ridiculous, I didn't see Jimmy as a brat in any way, for all he's been through he was remarkably resilient, and all Trent could do in the first few pages they meet again, was get a hardon and keep calling him a brat in his head. If there was a spoiled brat in this story it wasn't Jimmy.

But the groveling helped a little bit! :)

Ericka Walden says

ADAM!!!! BILLY!!!!!!..... Man I would have paid a little more for a FULL story that included those vital people that we still haven't met! Just as I was getting into the story....it "ended"?? The beginning started out with a OMG! Seriously moment or two and a couple of gasps. But I'm a little frustrated with how it ended. Okay Stephani....don't leave us hanging!!!

Tailtiu says

2,5* but no reason to round up :(

Phaney says

Strangely enough, I saw some wasted potential here. Not the waste being strange, but the presence of potential. This kind of story really would have benefited from a much longer format. You can't pull an abuse story of this severity as a breezy quickie.

Also, Trent definitely came off as a complete jerk. Quite disturbing, too, the way he kept getting turned on

by the sight of the clearly abused Jimmy. I don't mind if the sight of the guy gets him hot, but not when the results of the abuse are so much at the forefront. In such moments, other things should take clear precedence. Plus, if a kid went through that kind of stuff, you do not have sex with him so soon.

Honestly, I wish this author'd stop with the presumptions about tops and bottoms. This bugs me. Might as well have male/female pairings instead. Bah.

So yeah. Lost potential. Thus I am not sure if I can even call this book okay.

Anke says

Mandy, I'm with you on this one. Normally I really like this author's writing, but this one was not to my liking. Nope. It started totally harebrained and it didn't get better. Well, at least I finished it. Win some lose some:)

Maya says

2.5 Stars. Insta-love and incredibly rushed for such serious subject matter. What is going on with Ms. Hecht? I am not finding much substance in her books at all these days.

Alina says

I rather liked it.
Short, intense read, but not too short to not being enjoyable. Nice follow up for the series.

Janna says
