**Misadventures with a Country Boy** Elizabeth Hayley

\*\*\*MISADVENTURES ARE STANDALONE ROMANCES THAT CAN BE READ IN ANY ORDER\*\*\*

Brooke Devereaux has a lot she wants to escape from: a career she never asked for, a future she doesn't want, and parents who've only ever seen her as a business opportunity. But in her desire to experience life, she quickly realizes she's lacking in one very important skill—how to survive on her own.

Former soldier Cole Timmons is an expert at running away. Whether it's from his rural hometown, alcoholic father, or painful memories, Cole doesn't hesitate to leave... Until he encounters an out-of-place woman at a gas station in the middle of nowhere. The wealthy "princess" couldn't be more different from the country loner, and the pair get off to a rocky and misadventurous start.

But sometimes exteriors are armors meant to deceive. Sometimes what's beneath reveals more than anyone ever realized. Sometimes, in order to stop running away, a person simply needs to find something to run toward.

## **Sissy's Romance Book Review says**

Misadventures with a Country Boy by Elizabeth Hayley is book 19 in the Misadventures series. This is the story of Cole Timmons and Brooke Devereaux. This book is a standalone book.

Cole is a former Army man who knows how to avoid things he doesn't want to face. While on a trip to visit his friend he stops for gas but picks up Brooke. Brooke is the opposite of Cole who is a country boy besides ex-military. Brooke comes from a family who is very well off and knows it. So she is trying to get away from her family for a break but is left stranded at a gas station when Cole offers her a ride. This leads to a road trip that they find more than just their destination....they find each other.

---

## **Amy [The Little Bookworm] says**

### **Name's Cole, but I am fond of nicknames.**

Cole is out of the army and needs to change in his life, what he didn't expect was to run into a woman at a gas station in the middle of Kansas while on his way from Georgia to Oregon. Brooke is struggling in life and needed to get away from her overbearing family, she is stuck in Kansas, can't get a car, when a handsome stranger comes to her rescue.

**“You think I'm charming?” “I also said I think you might be the next Ted Bundy.” “I might also be Prince Charming.”**

As the continued on their road trip, Cole wanted to know more about the mysterious Brooke. There was something about this girl that had him wanting more. The more time they spend on the road together, the more they start to let each other in. This was not only a road trip to a physical location but a road trip to a new life.

Sit back and enjoy the crazy, hilarious, and steamy ride that Elizabeth Hayley take you on with Cole and Brooke.

I received a copy of this book from the publisher/author to review for Stephanie's Book Reports.

Brooke Devereaux has a lot she wants to escape from: a career she never asked for, a future she doesn't want, and parents who've only ever see her as a business opportunity. But in her desire to experience live, she quickly realizes she's lacking in one very important skill-how to survive on her own. Former soldier Cole Timmons is an expert at running away. Whether it's from his rural hometown, alcoholic father, or painful memories. Cole doesn't hesitate to leave...Until he encounters an out-of-place woman at a gas station in the middle of nowhere. The wealthy "princess" couldn't be more different from the country loner, and the pair

get off to a rocky and misadventurous start. But sometimes exteriors are armors meant to deceive. Sometimes what's beneath reveals more than anyone ever realized. Sometimes in order to stop running away, a person simply needs to find something to run toward.

Welcome to the story of Cole Timmons and Brooke Deveraux. Cole is fresh out of the army and is serious need of a change in live. So on his way to Oregon from Georgia he runs into a woman at a gas station in the middle of Kansas. Brooke is struggling and it is much needed that she get away from her family. However she gets stuck in Kansas and can not get a car and totally isn't expecting the sexy stranger who comes to her rescue. This is the beginning of a road trip neither of you or us as readers will every forget. I loved every single second of this book!! This is a sexy hilarious ride and you get to figure out if Cole is the next Prince Charming or Ted Bundy. Don't miss this book. Don't miss any of these Misadventure books. I have loved everyone of them I have read.

### **PP's Bookshelf says**

Misadventures With a Country Boy is about self discovery , love and finding the joys of life in little things.Ex-Army and Southern country boy Cole encounters Brooke in a pump store on his way to Oregon. He has own issues and burdens weighing heavy on his mind. But he can't leave Brooke behind who is running from her parents and celebrity lifestyle as pop princess that she doesn't want at all. They both hide their identity or personal details because they don't trust each other. A beautiful journey begins when they decide to take the journey to Oregon together in Cole's car. We see some breathtaking nature tour through the Rocky Mountains, the forests and the small towns.With each passing days they fall in love with each other. They have fun. They have freedom from their worries. They have passion and true emotions. Until the reality of Brooke's life comes crashing and they leave in a bitter note. What will happen next? Would Cole find his way back to Brooke after realizing his mistake a little too late? I can just say the ending was epic and so swoon worthy!

I loved this over all truly adventurous feel of the story! The author has a great eye for details and I had such a great time travelling with the amazing couple. Cole is a great guy full of sexy arrogance, sense of humor, protectiveness and good ol' southern charms. Brooke's character was interesting too. She may have moments of insecurity and weakness but she finally refused to let other people dictate her dreams. The story had some funny adorable moments, some sexy scorching hot moments and some deeply emotional moments. The story has something for every reader. You get sweet and sassy.You get erotic and romantic. You get an adventure of life and love.

### **Amanda says**

[I received a digital arc for an honest review]

*Misadventures with a Cowboy* by Elizabeth Haley is an enjoyable addition to The Misadventures' series of standalone novels.

Brooke is running away from the life her parents want for her. A life in the spotlight where every one will know her name. It's easier to jump on a bus and remove herself from the situation than tell her parents no. Stuck at a bus stop she finds herself throwing caution to the wind and accepting a ride from Cole. Ex soldier Cole, is the opposite of Brooke, he grew up feeling worthless and not mattering to no one and hopes someday he will mean something to someone. He is tired of feeling so alone and unimportant.

Brooke and Cole are enjoying their own little bubble of fun away from responsibilities and the lives they grew up with. Stopping at tourists attractions and taking in the sights along the way they slowly get to know each other. They make each other feel calm, safe and happy. It's not long before they cave to their carnal desires and then they can't seem to get their fill.

Sooner rather than later, the life Brooke is running from catches up to her. Cole has to figure out his place in life and a way to accept his worth. Brooke has to either stand up for herself or sacrifice her happiness.

Overall, *Misadventures with a Cowboy* by Elizabeth Haley was a quick fun read. Filled with steamy sex scenes, adventures, banter and honesty. This is my first Elizabeth Haley but I would be interested in reading more of her books.

*"Cole's laugh was deep with a hint of a rasp behind it. It was a genuine sound that made him, and the world, seem a little less frightening."*

*"He kissed her deeply again. The connection was raw and consuming, and Brooke couldn't get enough of it."*

---

## **Fran Zoch, LSoR says**

Cole and Brooke are the one thing they each didn't know they needed in their lives, she has a life she really doesn't want and he is a loner who has ran all his life, when they meet up their walls slowly start coming down and they couldn't be a better fit

---

## **Tiffany says**

Alright, alright, alrightttttt. Cole and Brooke. Possibly my new favorite Misadventures couple. We've got two people running from what's wrong in their lives and coming together to find what they were missing. We've got mystery, adventure, drama, and just an overall captivating mix.

Cole, our steamy main man, is fresh out of the Army, on a journey to visit his friend in Oregon, when he runs into Brooke at a gas station. Brooke, well, we don't know much about Brooke, without spoiling the story that is. But, we do know she's stranded without a car at the gas station where Cole stops for gas and coffee. Good guy Cole offers Brooke a ride, and so we embark on our journey.

Elizabeth Hayley is actually two women, Elizabeth and Hayley. They have such a unique writing style, as they write together, but the story flows seamlessly. I felt a connection to Brooke and Cole that I haven't felt

with the characters I've read about lately. Elizabeth Hayley made Brooke and Cole relatable to, in my opinion, anyone who has never felt whole or fulfilled, like they were missing something or just have never felt good enough. I'm sad to let Brooke and Cole go, but I cannot wait to continue on my Misadventures journey and get my hands on Elizabeth Hayley's next installment in the series.

### **Logan Hr says**

This book was a ride for sure! very likeable characters and story! I always enjoy the misadventures books!

---

### **Vickie says**

Misadventures with a Country Boy begins with Cole Timmons on a cross-country trip to Oregon to see his best friend, Jimmy. He's trying to put as much distance between himself and his hometown in Georgia. He thought after he got out of the Army that things would be different, but they weren't. He makes a stop at a gas station along the way and encounters a young woman seemingly in need of help, or, at least a ride.

Brooke Devereaux is in a hurry to get to.....well, she doesn't quite know where. All she knows is that she wants to get as far away from Pennsylvania as she can. When she encounters a stranger at a gas station in Kansas who offers to help, she is immediately wary, but he doesn't seem to recognize her, which is a plus. Add to that he's headed west, and the fact that she needs a ride, and she reluctantly accepts his offer. What begins as a guarded friendship eventually turns into a tentative friendship. Cole seems to be a good guy, but Brooke knows that can just be for show. He also seems to have some secrets himself, and that suits Brooke just fine. However, when secrets are revealed and withheld facts come to light, will the two of them do what they do best and run? Or will they have the courage to stand up to the road blocks in their lives?

Misadventures with a Country Boy is the second book I've read in the Misadventures series. It is nicely written and the characters are engaging. Yes, there was instant attraction, but the story was about more than that. Brooke was a bit naïve, but through no fault of her own. Her parents' hold on her will leave you seething and will explain why she ran. Cole's backstory? Absolutely heartbreaking. But, his meeting with his best friend, Jimmy, will leave you in a puddle of tears. Once he realizes that he's been running from pretty much everything and everyone his whole life, he knows just what he has to do.....thanks to Jimmy. This is the first I've read by Elizabeth Hayley, but has made me interested in seeing what else she has. If you're a contemporary romance fan, you'll enjoy this one. Well done, Elizabeth Hayley!

### **Lisa (Two Bookish Brits) says**

Oh wow, Misadventures with a Country Boy was a little beauty. I had so much fun reading this.

### **ARC received in exchange for an honest review**

When I see a new misadventure book I get super happy because this whole series of books are amazing. I just had to read it.

Cole and Brooke were fun characters to get to know. The country boy and the music star. The sexy man and the beautiful woman both of them brought together by accident ends with an incredible story between the two of them. A story that will make you smile, make you laugh but also, it makes your heart ache.

Oh and let me just say, the sex is incredible it's hot and makes you hot and gahhh. Just wow.

This is my first read by Elizabeth Hayley and I absolutely adored it. I hope to read more of this authors books in the future.

---

### **Cassandra Hyden says**

Wonderful new misadventures book! Overall it keeps the reader interested and the story flows. The main characters have great chemistry and there is plenty of heat. Cole is a country boy that's traveling for a trip to see a friend and Brooke is a city girl that's trying to get away from a situation she'd rather not deal with and fate brings them in each other's path.

---

### **Sofia Lazaridou says**

The misadventures books might be completely stand-alone, but this one had a lovely treat for us who have read Misadventures by Elizabeth Hayley! We got an epilogue to Blake and Gavin's story!!! Isn't that great? It was a good end to a book which I enjoyed. I wouldn't have minded an epilogue for Brooke and Cole's story. I would like to see what these two were up to a few months or years later. I have to admit that this wasn't my favorite story in the series, but it was good and it had some strong moments that made it one of the best. I think that Brooke gets the most focus on the story, which I didn't mind, but I would have liked to see more of Cole and his life before he met her. Both of them are in a place that's in the middle of two major moments in their lives. Brooke is trying to get away from she had before and find her place once again and Cole is just going on a road trip that will change his life unbeknownst to him. I enjoyed seeing them go on their journey and finding out what was planned for them. Both of them were likable and I loved them equally. I am sure you will enjoy the book as much as I did and dare I hope, even more.

### **Jo-The Hopeless Romantics Book Blog says**

This book was such a fun read. It was my second novel from Elizabeth Hayley and I enjoyed every single second. I will be on the look out for more from these two fab romance authors for sure.

*"You belong in the world while all I want to do is exist on the fringe of it."*

"Misadventures with a Country Boy" follows the story of Cole and Brooke, two people from very different worlds that were brought together through fate. I loved the characters in this book. As soon as I met Brooke, I was intrigued by her and that intrigue just kept on growing the more that I read. I wondered what Brooke's history was and what were the reasons behind her actions that lead to her meeting Cole. As I began to discover Brooke's back story, I understood and could empathise with her struggles. I found myself rooting for Brooke to have the future that she wanted. Especially if it was with sexy country boy, Cole. Cole truly was Brooke's hero, finding her when she needed someone the most. From that moment on, Cole took care of

Brooke, giving her the support that she deserved. He was a sexy alpha, protecting her like a knight in shining armour. He was also extremely sexy and gave the story an extra blast of heat. Together, the pair sizzled.

*"I can't let anyone else have you. You're mine. So if I don't deserve you, I'll just have to become someone who does."*

I adored the progress of Brooke and Cole's relationship. I loved every moment of their blossoming love. It made my heart happy to see how perfect the couple were for one another. I'm not saying it was all blissfully happy. It wasn't all hearts and flowers for Brooke and Cole, however everything turned out in the way that I wanted and I had a huge smile on my face as I reached the last page. I was more than happy with how cute Cole and Brooke's story turned out. I was also given a lovely surprise as there was a gorgeous bonus chapter from "Misadventures with My Roommate." I was so excited to read more from Blake and Gavin.

*"Did you think I was going to let you out of my sight? Silly boy. You're stuck with me now."  
"That's everything I could want."*

---

## **Alexandra says**

Five southern stars! This is a beautiful read. It is an illusion of love at first sight!

Oh.My.Sweetness! This is the first time I read a book written by Elizabeth Hayley and I'm totally and irrevocably in love with her flawless writing and strong characters. Wow! Misadventures with a Country Boy left me breathless and aching for more. I felt like I was falling and losing my heart over this wonderful masterpiece. This book is more than sweet words. It is NOT like anything I have read before. It has all the sweet magic and charm of a southern romance.

Misadventures with a Country Boy is a story that screams for a 5 stars rating. I love everything about it: adorable, lovable characters and a unique storyline that had me glued to the pages of this book until I devoured the last chapter. This charming romance read was a train wreck I couldn't look away from! It consumed me in the best way possible. Elizabeth Hayley delivered a strong and addictive book; a perfect addition to the Misadventures Series!

Reading this book was a spectacular way to spend my time. Each chapter made me feel all the emotions. I smiled. I cried. I wanted to kill and at some point the suspense and drama got the best of me. It fascinated me how easily I loved this book. I was caught in the story. It made me happy and sad at the same time. Cole and Brooke took a piece of my heart.

It all started with a southern Prince Charming saving the Princess...

Who has ever thought that a stranger could change your world and turn it upside and down? Because we are taught to be aware of strangers and not to trust them easily but what happens when the attraction is stronger than anything? When the pull is sparkling addiction there is nothing you can do... only to fall into de temptation... That is exactly what Brooke and Cole will experience together. They will discover themselves and in the same way they will change each other life in a wonderful and tearing way. They came from different worlds. They are trying to find who they are. However they belong together. The ex-military southern Charmer and the Princess are such a dangerous and beautiful combination.

In my opinion, Cole is literally a Prince Charming. There is no doubt he is the ultimate book boyfriend. He is sexy and hot as sin. There is something mysterious and intriguing about him that make you want to discover all his secrets. His southern manners, worn-in Levis and sweet dimples are dangerously charming. I found it really hard not to fall in love with him.

On the other side we have Brooke, the strong heroine who is lost and running from a life she doesn't want. She wants a simple life surrounded by true people. But how can she take of herself when she has never done it? Finding Cole and accepting his help save her. There will be adventures and an attraction that she will resist until the desire consumes her. Resisting Cole's southern-charm will be an epic task!

The story of Cole and Brooke is a soft and deep romance where both characters finally took control of their life. They will find a real and sweet love which they deserve after everything. I have the feeling that Cole and Brooke story deserve more chapters.

Reasons why I love this book: It is addictive. It is consuming. It is perfect. It is original. It is everything.
