## **Paranormal Dating Agency Volume 1** Milly Taiden

Talia Barca needs a date. Badly. She uses the services of the Paranormal Dating Agency hoping for a decent guy to take to a family wedding. A wedding her ex-husband has wormed his way into as a guest. Connor and Theron want Tally to complete their Alpha triad. She's sexy, curvy and funny. But she's human. And they're not sure she'll go for a relationship with two men at the same time.

Nita Islas wants to find love. She's tired of the superficial relationships and is ready to give true romance a try. She uses the Paranormal Dating Agency and hopes they can help her where all others have failed. What she didn't expect was to find her date flat on his back in nothing more than a towel.

Alyssa Moran is tired of being the old cat lady with no man. She has very specific needs and goes to visit Mrs. Wilder at the Paranormal Dating Agency. Shockingly enough, she is promised a man who likes cats, wants kids, likes curves and will be wild in bed. Grayson Green needs a mate. Fast. But he refuses to be pushed into anything. That is, until a curvy funny woman shows up in his territory saying she's there for him. Who is he to argue when someone as delectable as Alyssa decides she wants to give herself to him?

Daniella Flores is looking for a good man. A man who will accept her as she is and go crazy for her curves. So far she's had no luck in the romance department and is worried she might never find the right one. When Mrs. Wilder of the PDA offers to help, Dani is all for trying anything. Mrs. Wilder promises to find her love, romance and hot sex. What woman in her right mind would say no to that?

Reader Note: These books contains wild and growly sex (the hot and sweaty kind), adult language (dirty talk is our middle name), and violence. If this is not the kind of stuff you like to read, don't get this. However, if you like domineering Alpha males on mouthy curvy girls, then this is right up your alley. Enjoy!

### **Claire says**

oh I loved these books!!!!

Such light hearted, fun, sexy and steamy reads with HEA and no cliff hangers for each book.

I needed something light, with a feel good factor and still in the pnr realm.

This was perfect. So perfect I've picked up volume 2 and already half way thru it and searching for more!!!

love them.

The only downside? It kinda ruins us!!! We read these and our wants and expectations increase - there's so chance of finding a man on this world that can match one of our book boyfriends.....well there ARE but those are taken quickly and probably in Hollywood!!!

For the rest of us? We keep dreaming!!!!

### **Loved it**

I finally decided that maybe I should read this series from the beginning to see how it all got started and I must admit it that I love them all. Each one of the stories was unique in its own way, but love the dominance of each and every male. Love the curves too because I myself am a curving woman and we all want to have a man drooling over us.

These books made me laugh and cry and that is what I call perfection.

Until Next Time... Tabi

Twice the Growl (Paranormal Dating Agency #1)

A great place to find your perfect match!

Now I have been reading Milly books for quite a while and I know most published under Milly are paranormal, but this one had me fooled for just a bit... It starts off as a contemporary romance, but soon heats up into the expected hot paranormal story. There is comedy, idiotic ex's, hot new lovers, and an elderly matchmaker. It was great and I enjoyed it and am even looking forward to the next one! And now a bit about the story...

Talia had finally seen her husbands true colors and filed for divorce. Only problem is he was wormed his way into her family. He still gets invited to events and now she has to face him at her cousin's wedding. She has dated some real losers in the past and really doesn't want to show up with another one... what is she to do? She knows her elderly neighbor runs a matchmaking agency and she has give Tally her card many times. She finally jumps in with both feet and asks for help. Except she isn't sure she can handle all the help she is getting. Will she let herself enjoy her dates? Or will she let her pride of an ex-husband wreak havoc on her good time?

Favorite passages:

- "I'm too old for dating. I'm about to get my cat lady starter kit any day now."

- She'd spent years ignoring her own sex appeal and hiding her curves because she was, according to her family, fat. She wouldn't do that anymore. Her body was hers and if she wanted to strip to nothing and wiggle her ass for her new date, then she'd do exactly that.

~\*~\*~\*~\*~\*~\*~

### Geek Bearing Gifts (Paranormal Dating Agency #2)

Still looking for a date? Mrs. Wilder at PDA can help!

Wow! it is okay getting hotter, sexier, and more intriguing! The second book in the PDA series is even better than the first! Milly has done it again. You will laugh, get irritated, aggravated, and excited! And now a bit about the story...

Now that Tally has found her perfect matches, Nita has decided to take the plunge and follow in her cousins footsteps. She has never found a man she trusts or that would accept her curvy body. Now that she is at peace in her skin she is trying again, if only she can find a truthful man that will love her for her. When she comes face to face with her high school crush and doesn't recognize him, will she forgive him when he doesn't let on to his identity?

Favorite passages:

- "What are you looking for? A hookup? Two men? Marriage, babies and picket fence?"
- If she got any more turned on by thinking of Ky, she'd end up ravishing him in the woods.
- She shouldn't be throwing herself at him like he was the last chicken wing and she hadn't had dinner.
- "We both know where this is going. The question is, your bed or mine?"
- "Your body is an addiction I never want to give up."
- "I think," she panted. "The better words are...you're goddamned huge!"
- "Someone who wants to genuinely be with me. No drama. No bullshit."
- "I kinda ran out of clean clothes." "Clothes are overrated."
- "We'll figure it out. If you need me to go up there and castrate him, say the word."
- They were wet, muddy and covered in leaves. If that wasn't wild sex she had no idea what was.
- "A bear is only as smart as the woman who puts up with his growling."

~\*~\*~\*~\*~\*~\*~

### Her Purrfect Match (Paranormal Dating Agency #3)

OMG, PDA just keeps getting hotter and hotter!

This is the purrfect continuation of the Paranormal Dating Agency. Mrs. Wilder sure can read them like no other. The story is funny, with passion - lots and lots of passion, and has the woman as the hero! My favorite type, good thing she has her skills and was able to outsmart the less than intelligent males, they never should have underestimated her! A note on the passion: It is hotter than the first two and had me hoping no one else on the corporate jet was reading over my shoulder ;) Don't get me wrong though, I loved it!!! And now for a bit about the story...

Alyssa has horrible luck with men. She seems to pick the losers and then had to deal with her mom harassing her about not keeping a man when she kicks them to the curb like the useless, cheating, beggars they are. She is curvy, intelligent, and funny and not afraid to be herself, though she doesn't do war paint and has unruly

curls. She finally has given up on finding a good man the traditional route, after all her clock is ticking. So off to Mrs. Wilder she goes! And does she ever find her PURRFECT match! He is strong, silent, and wild! I'm sure you will love this one as much as I did!

Favorite Passages:

- "I know you said you wanted a man that likes cats." ... "A man who likes pussy," Gerri said as she wrote. "Got it."
- Shifters were hot. Like nuclear-bomb-explosion-in-her-panties kind of hot.
- "Have my cubs' is not the first thing a woman wants to hear."
- What did one say to a woman other than 'take your clothes off'?
- And just like her cats at home, this one didn't like being compared to a puppy.
- Great. The morning after talk and it wasn't even the morning after.

~\*~\*~\*~\*~\*~\*~\*~\*~

Curves 'em Right (Paranormal Dating Agency #4)

Another PDA hit! Gerri is excellent at knowing how to get her clients exactly what they want even if they are fighting it and have been fighting it for years. There is passion, the creepy dude, the catty women, and two hot shifters for our heroine to fall for... and now a bit about the story...

Dani is curvy and happy about it. Diet's haven't worked for her and she is happy with her shape with curves in all the right places. Kane's mother has been trying to get him (as Alpha) and Blake (his Omega) to find their third so they can lead the pack together, but they just can't find the right woman to complete their triad. Cue Mrs. Gerri Wilder and the Paranormal Dating Agency. She knows what is best for all three, but Dani's brother Marcos gave the pair a warning long ago - keep your paws off my sister. How will she work her magic on this one?

Favorite passages:

- An avid reader, she tended to get lost in the love between the pages of a good book.
- "Let me start off by saying that whatever you've heard is probably true but was either done under the influence of too much or not enough liquor."
- "Count me in. I don't care if you can get me one, two, or a whole pack of men who want me."
- "You'll learn soon that you are not just some woman, you are more. You are special and we want to cherish you. Let us."
- "I'm Alpha. I can do anything."
- "Always for you. And only you."

TWICE THE GROWL:

Generally I don't read menage books but two things made me realize this one, one Milly wrote the damn thing, and two werewolves DUH! Okay on to the hotties of the story those boys sure don't mind showing Tally what she does to them, "she inhaled sharply. Her ragged breaths and almost inaudible moan made his c\*\*\* jerk. He slid a hand down her back to the curve of her and pressed her into him. He wanted her body cradling his c\*\*\*." Theron and Connor are naughty boys that like to make sure their woman knows they want her, "baby, I more than like what I see. You've got me so hard." He gripped his shaft in his hand and

stroked up and down in a bold move. "I can't wait to eff you." The way these boys explain things to Tally are just sexy and it's like talk to me like that, "our mating process isn't over until we've both had you. Every way possible." Theron licked his lips. "Once we have, then you can have all the warm baths you want. Until then..." He pulled her head toward his and kissed her. "We eff." This will be another series that Milly exceeds in.

#### GEEK BEARING GIFTS:

Oh I love Milly's men and I really loved Ky, "I did." He scrubbed a hand over the back of his neck. "Your stomach is trying to tell me what a horrible host I am." He's one of those men who hates being interrupted, especially if it happens more than once, "effing hell!" He huffed. "Yes, we're fine. We'll be there in a sec." He glances into Nita's smiling eyes." He's also one for making sexy warnings, "sweetheart, you need to let me in you or I will embarrass myself if you keep sliding yourself on my d\*\*\*." This is another series Milly is going to exceed all expectations in.

#### HER PURRFECT MATCH:

Gray that boy is something serious about Alyssa right off the bat, "a loud rumble sounded in the back of Gray's throat. His tiger didn't like the idea of waiting to mate Alyssa, but he'd do things the right way." His intentions are pretty naughty when it comes to his girl, "there's true, but I like her. I like her a lot." A he really wanted her naked. As soon as possible." He's the type of man whose a take control type of guy, "you'll live with me obviously." He continued talking and texting and then glanced up at her. "My bed is large." Alyssa when she's with Gray she lets her guard down and can really be herself, "well, you have a massive tiger inside you. I don't." She slapped his a\*\* and giggled when he stared at her over his shoulder. "Sorry. It was calling my name." As usual I loved the book and I'm so excited to see whose coming up next in this series.

#### CURVES 'EM RIGHT:

Blake I loved him, "she can be shy if that's her, but we'd like someone who is willing to try things. She's going to have two men for Christ's sake. That means she should at least be open-minded." Kane he's just hot, "you're no mistake. I can tell. Even though I can't catch your scent, my animal is pushing me to take you." Blake he's, I think the naughty one out of him and Kane, "baby, someone's coming. You need to go back to your desk." He held her steady, giving her legs a chance to work while he fixed both their clothing." It was no surprise that I loved it I always love what Milly writes and I read.

## L M says

One of my favourite book series out there, have read them so often, they are great to read in bed and relax, you will not be disappointed.

Even though I have all these books individually I love having them in a box set for easy rereading.

A lot of fun crazy characters that are bought together by Gerri, a very good matchmaker.

Reviews have been posted individually as well.

#### 1 - TWICE THE GROWL

A new series and fun read once again from this author.

Talia is a divorced human woman with bad dating luck. She needs a date for a family wedding and to stop her ex-husband's gloating.

She is going to ask Gerri her neighbour for help when she meets two really hot shifters getting into her apartment lift.

Gerri is a matchmaker, she is also Tally's neighbour and also the Aunt to one of the hot shifters from the lift.

Theron and Connor had come to visit Gerri to ask for help finding a mate for their alpha triad. Gerri sets these three up together by having Theron and Connor be Tally's escorts for the wedding.

Theron and Connor show Tally that she is special to them and that they want Tally to be the third in their Alpha triad.

When Tally accepts and mates them she gets introduced to the pack but has to deal with a jealous pack female.

I love Milly's books, always humorous and quirky. This is a new series with promise, looking forward to the next one. This story felt a bit squashed and I would have liked a bit more background on the three main characters, but as it is only just over 100 pages and at such a great price, that is to be expected.

## 2 - GEEK BEARING GIFTS

An enjoyable read and I was looking forward to Nita's story but it is just too short.

Nita is a cousin of Talia in book 1. She also asks Gerri for help with Gerri's dating agency.

Whilst I enjoyed it very much I would have liked a bit more background on Ky's clan and his role as chief.

Nita only meets three people, Ky's sister Jess who contacted Gerri, Liam his second and David. There was no information on how the clan worked or if Nita would be accepted. As Ky's mate I thought Nita would have to interact with the clan.

Ky is silly and makes a mistake by not admitting straight away that he and Nita were friend's years before and that he had feelings for her, (different surname from childhood)

When Nita finds out Ky is really her childhood friend she is understandably angered but in going to have it out with Ky gets caught up in a feud with another bear clan. I loved that Nita was brave enough to look after herself against a bear.

## 3 - HER PURRFECT MATCH

4.5 stars. Gerri helps another couple to mated bliss with a few bumps along the way.

Alyssa is fed up with being used because she is too nice and does not want to be a lonely cat lady so she asks Gerri for help in finding someone who wants love, commitment and that wants children. She is sent to meet Gray but unfortunately, Gray was not the one who contacted Gerri for a mate.

Gray and his tiger know Alyssa is theirs the moment they smell her. Except Gray does not do love.

I enjoyed this read but I was a bit put off by the having sex within hours of meeting, animal lust maybe but Alyssa was supposed to be after more than just being used again.

Did enjoy the fact Alyssa was able to get herself and Gray out of a very sticky situation. Do love clever, able women.

These books just seem so short as I cannot put them down till I have finished them.

## 4 - CURVES EM RIGHT

Another triad mating for Gerri to deal with but this Alpha and Omega have not realised their mate has been right under their noses for years and they have been ignoring her due to keeping an old promise to a friend.

Kane and Blake need help finding a mate as they have not been able to agree on any woman. Kane's mum is a friend of Gerri's and asks her to help them as she knows their mate has been under their nose the whole time and they are oblivious.

Daniella has had a crush on Kane and Blake for years but they have always ignored her, not nastily but kept her at a distance.

When Gerri sets her up on a masquerade blind date, using scent blocker, with Kane and Blake she loves it.

Things get hot and heavy but once her mask comes off it all goes wrong, until the two decide Daniella is theirs and her brother will have to deal.

I loved the fact they had known each other for years but the boys were keeping a promise to stay away from their friend's sister. Men! Wasted years because of a stupid promise. Marcos was not even too upset about it.

### Hot, smexy and fun!

It was great to read about the non-technical feminine heroine with the big smexy guys and I loved it! I'm more of a romance reader and less of the erotica but I really enjoyed their engagements and Gerri was a riot!

### Twice the Growl

What a wonderful way to start a new series. I absolutely love menage, so this one certainly has gotten my attention in a hurry. Tally is in a squeeze, finding herself without male companionship and expected to attend her cousin's wedding. Only one problem...her ex-husband will be there. He has managed to weasel his way into her family, making her out to be the "bad guy" responsible for their marriage breakdown. If only she could find herself a hottie to show up with. Maybe that would put him in his place. Theron and Connor need their third to complete their triad. They've looked everywhere and have come up empty handed. They've decided it's time to take it up a notch and enlist the help of Theron's aunt Gerri, the matchmaker for the paranormal. But while on their way up to her apartment, they find themselves the most delectable human female, and imagine that, she just so happens to be Aunt Gerri's neighbor. Gerri knows just the person for this duo. Oh yes she does! So when Tally shows up for cake and asks for help, oh boy, does she have the answer for her. The only question is...will she give it a chance?

Awesome short read that will have you drooling in no time. Looking forward to the next book in this series.

### Geek Bearing Gifts

Oh my! What a "roaring success" this tale is. The second episode of this series will have you wanting your very own bear to cuddle up to, as Nita finally breaks down and follows her cousins' advice and seeks out the help of Mrs. Wilder, matchmaker extraordinaire, catering to the curvy woman and shifters galore. She aches to find a man that can handle all of her, curves and attitude, and a heart that beats to find love. Ky has always known who his mate was, since he first met her in school, over seventeen years ago. But when she upped and moved without telling him, her best friend, while they were still in school, he hasn't been able to find her. When his sister sets him up with the dating agency, he's pissed. Until he wakes up to Nita hovering over him. Was he dreaming? Had his dreams finally broken through his reality? Has he finally lost his mind? Because this sure felt real, and he's prepared to do whatever it takes to keep his mate with him this time.

Loved it...can't wait for the next story.

### Her Purrfect Match

Ahhh! Yet another great match made by the wonderful Gerry Wilder. Alyssa is sick and tired of smoochie leeches that she seems only able to find. Down and out, and having been more than a year since her last relationship, she's feeling more lonely than ever. Her internal clock is ticking and she can't wait any longer to find love and start making babies. When co-worker and one of her few friends, Tally, introduces her to Mrs. Wilder, she decides to give it a go and hope for the best. At this point in time, what does she have to lose. When the human female shows up in his territory looking for a "Mr. Green", Gray's not quite sure what to think, especially when she claims it's for a date. When his guard comes clean and tells him that he signed up for the paranormal dating site on Gray's behalf, he's not sure what to think. What he does know though, is that his tiger recognizes her as his mate. Now, all he has to do is figure out a way to get what he wants while giving her something of what she is looking for.

I absolutely love this author. This series is quirky and uplifting with a bit of pizzazz and lots of hot and steamy sex. If you haven't already started reading it, what are you waiting for...get to it!

### Curves 'em Right

Ahhh! Love me some menage action, especially when it involves not one, but two hunky wolves wanting nothing more than to not only find, but please their curvy mate. Dani has been in lust with the two wolves forever, and as she recently has discovered, thanks to her meddling brother and his "stay away from my little sister" antics, she has done so from afar. But it's time for the duo to finally complete their triad, and they need their mate now more than ever. Even though Kane and his wolf have known since first meeting Dani that she was their "one", his best friend Marcos has made it clear that she's off limits. But as alpha, and with his omega, Blake, they need her in order to keep the balance within the pack. With the help from the wild and funky Gerry Wilder, and Kane's meddling mom, they must might get a chance of their lifetime to have everything they desire, and more. Will it all go according to plan? Or will tempers rise and blow it all? Throw in a wrench by the name of Tom, and we've got a tale to tell. Another great tale in the saga of the Paranormal Dating Agency. What will number five bring us? Can't wait for more of these quirky characters and the woman behind the scenes.

Overall rating 3.5 Stars

Book 1- Twice the Growl - 3 Stars

The 3 stars are for the first 3/4 of the book, dropped a couple stars for the last bit as it left me with a "what did I just read feeling!!!"

Connor and Theron are swoon worthy individually, then when you put them together with Talia and you have some smokin' hot scenes!! This author knows how to turn up the heat, ménage isn't my usual go-to genre but Milly Taiden writes it sooo well, no awkwardness or competition!!!

Not a bad plot and what pulled me in is the shifter dating agency, I can tell Gerri is going to be hilarious in future books.

The last chapter in the book where Talia meets the pack were a little OTT and I felt didn't fit in with the rest of the book really but still overall I enjoyed the book and look forward to the next one.

Book 2 - Geek Bearing Gifts - 3 Stars

Second book in the series was enjoyable but still with a couple of minor issues that stopped me from rating higher.

My biggest thing is when a "mate" is known to the shifter but nothing is done about it for years and years, I mean he was supposed to be a super geek so finding the h really shouldn't have been that much of an obstacle.

The h seemed a little clueless, not putting it together that he was her childhood friend/crush, that happens I guess. Love that this author's h's own their curves and make no apologies for them! Really wished there was a little bit more world building we only got a few snippets of what its like in the bear clan, nothing really in depth.

Overall a quick easy read with some steamy scenes. Onto the next.

Book 3 - Her Purrfect Match - 4 Stars

I really enjoyed the 3rd instalment of this series, I felt we got a little more development in this one.

Gray was totally swoon worthy , in all his tiger glory!!! Alyssa was the perfect cat lady for him lol.

A little bit of danger and lots of smokin' hot scene's, which maybe happen a tad fast but still didn't bother me

as it usually would.  
Overall a quick easy read.

Book 4 - Curves 'em Right - 3.5 stars.

Fourth book in and it kinda felt a little like the first, at least this time I knew what to expect and wasn't left scratching my head with the ending.

Felt like Dani started out strong and confident with her curves but towards the end it felt more like she was trying to convince herself that she was happy with her body.

Kane and Blake were swoon worthy and the intimate scenes were again smkin' hot.

Overall a quick easy read.

### **I love me some big girl lovin!**

I thought this was a great series (always better to wait for the whole set and read it at once -- waaay easier on the frustration of wanting to see what happens next) for lots of reasons. Heroines who aren't 5' 1" and 90 lbs in a size 2 are always good for me as I am a SWOUS (sexy woman of unusual size) and hearing the male lead(s) say that curves are sexy is amazing. Hunky men with paranormal details a huge plus. I liked that the matchmaker in this was an older woman who still enjoyed sex.

The language was a little rougher than most of my reads, although not hearing "female core" and all the other euphemism was a nice change. So was the polyandry (2/3 male in the menage).

Short, passionate and steamy goodness. Each story just became better and better as I read them. Each story better than the next. Gerri has a gift for matchmaking and each match is red hot and bordering out of control wildfire. Sometimes they ended rather quickly but the steam and alphaness we'll make up for it.

### **Shifting madness**

The only thing I would change about this book is the length, I didn't want it to end! Loved all of the characters and their storylines. Fantastically written with the right amount of spice! Would definitely recommend this to anyone wanting a spicy good read with romance and a happy ending!

**All this yummiest wrapped up so pretty!!**

This bookset was to die for. Being a PNR lover I had to read this set and I have to tell you I fell helplessly and hopelessly in love with every couple in this set.

### **Hot and fun shifter romances**

If you don't like your romance really steamy, then these stories are not for you. These are the first 4 Paranormal Dating Agency stories in one volume. Each one has a problem for the shifters to solve, but they aren't as nail-biting as some series I have read. Mostly they deal with character development and a bit of action. The characters are great. The shifters are definitely Alphas. The mates are all curvy, some of them include a triad, and there are some other things that are different. If you are debating about these, read the descriptions carefully and then decide. If you are interested, then give them a try.
