The Price of Loving A Boss 3 Kia Jones

In the last installment of The Price of Loving a Boss, things get realer than it's ever been.

The once paid for marriage is finally starting to feel anything but fake. In fact, it's getting realer than it's ever been between Diamond and Gee. Some good and some bad. A woman has been sent to kill Gee and she's closer to the family than they think.

Red has adopted a young girl whose mother was murdered and it's causing a serious rift between her and Yazz. This rift has caused Yazz to seek the affection of another woman. He ends up choosing the absolute wrong woman to get involved with.

Emo has made his way onto the scene and turned it up. He makes you laugh, cry and want to knock his head off, but his love for his brothers, Gee and Yazz, is undeniable. Everything seems to be going fine until one night he answers the call of his ex-girlfriend and everything turns upside down.

All of this drama ends up tying together and everything gets out of control. They say that love conquers all, but what if temptation conquers love? Find out in the finale!

The price of loving a boss

Omg I thought my girl was gone. Great job I'm so looking forward to reading the spinoff I hope Emo is in there. He was a straight fool lol.

Veronica Blackbeauty says

Yes Gee

This book was kinda short, but it was action packed. Gee is the man...My new fiction boo. Emo irked me with Linda, but soon recovered and made something happen with Miranda. This series was awesome.

Latrica Brown says

Good

Baby Gee is the man. Although I loved this book, I'm confused about some secrets that were never told. Emo is a crazy lol. How he take over the docs job lol. Yazz, to be the oldest, he was the biggest dummy of all. Cheating is one thing, but in your house where your wife and kids lay. SMH

Shani Brown says

The Series

I loved the series. Definitely recommend! Have to read all three books. Suspenseful, entertaining and intriguing! Going to read Gee&Diamond.

Ladii Zig says

Okay

Part 3 was decent but I like part 1 & 2 better. I just felt like it was suppose to end different and some secrets should have been made known because too much was going on in the dark that I felt should have come to the light instead of getting swept under the rug. I really couldn't stand Yazz in this book because he did too much (my opinion). Overall it was ok I gave it 3.5 ?

Shirlyn says**Loving a boss**

I'm so glad Diamond and Gee got their happy ending. But I honestly wanted Red to leave Yazz. He didn't deserve her. Emo better grow up before he loses Miranda

martiajaye says**What**

This book goes down they was shooting up some stuff. Men I thought ? baby girl was dead men but I like how you played everything out. I must as all 3 parts of this book was most differently good I couldn't put them down good book

Ebonie Dozier says**I thought....**

I was about to be mad if she had killed Diamond off. This was my favorite favorite summer story this summer and I can say I read well over 300 books this summer and this series is in my top 5. All I can tell you is to #readit and when ur done #readit again GREAT Job Kia I loved it.

Latoya says**Great series**

Well developed characters, plot and imagery. However, the ending seemed a bit rushed and sort of bittersweet. It would have been nice if Yazz got caught cheating.

Catherine edwards says**Very good book, the whole series was good from beginning to end.**

This book like the others was very good, it had a lot of suspense and drama. It was so intense that you never knew what was going to happen next. I liked Gee because he was the same from beginning to end. He was a man that knew what he wanted and he took charge of it. Diamond and him made the perfect couple she loved him and he loved her. Red and Jazz were meant for each other because they were the ride or die couple. All in all this was a series of books that I would recommend to everyone as a good read.
