All things in good timing!

Sophie and Ransom were both looking for love yet didn't understand that was what they wanted. It took a lot of backwards and forwards but in the end the timing proved to be just right. A pretty good read! Now on to Book #5.

Another Great Read

I love stories that unexpectedly grab my attention and this one certainly did. Realistic, believable characters, a little angst along with a yummy alpha male.....???

Mary says

A very sweet story of genuine love at first sight. Hated to see this one end. A must read.

Love Conquers All

Kudos on a book well written about relationships and true love. The relationship between Sofie and Ramsey was well written and heart wrenching. Looking forward to the next book in the series.

Selina Durio says

This latest installment in the Unexpected series was as good a read as the others. I especially enjoyed how Jay and Brenda and Shawna and Ryan from two other books in the series are important characters in this book. They created a flow from one book to another, but not enough of a tie to leave the reader lost if they haven't read the first three installments. My favorite line in the story is when Sophie exclaims " You chose me". That was the clincher of the entire struggle presented in this book. Everyone wants to be important to someone and needs to have a place of importance. Can't wait for the next installment.

Connie says

I loved everything about this book except the fact that neither Ransom or Sophie had the courage to take from life what they really wanted! Ransom no longer loves being a lawyer but is afraid to follow his real dream. Sophie would rather stay with her sleazy, cheating boyfriend than take a chance on soul satisfying love. They both need to "man" up!

The right time

This story truly fit the love unexpected title. The last thing Sophie and Ransom was a relationship where they end up madly in love.
I'm starting book 5 now.

Angela says

Fabulous! I was upset when the book ended because it was so good! Great job Delaney Diamond! Hopefully you'll write a another book in the Love Unexpected Series!

Coco says

Beautiful!!!

One thing the author did correctly is merging characters from previous books in to this book. It was well written with likeable characters. The only reason I gave it 4 stars was because it was predictable on my end.

NMonroe says

Excellent. I was even a little emotional at times.

Stand Your Ground

Never let your heart trick you into settling for less than you deserve. It isn't worth it in the end. That's the primary takeaway I see in this well developed story. I couldn't stop reading.

APB Perspective Review:

This is a good book with a happy ending , and Delaney Diamond always leaves me wanting more.

MsKingsPens says

It was better than book 1, nowhere near as good as book 2, and it reaffirmed my decision to skip book 3.

Deb says

4th book in bi-racial series. Ransom Stewart and Sophie Bradshaw. Sophie has been off again boyfriend for years. She finally catches him cheating and leaves him. She goes to the Bahamas on vacation and meets Ransom Stewart. They spend the whole vacation together thinking of it as just a fling. When they get back to their normal lives they find out that the boyfriend is Ransom boss's son. He is trying to get Brenda back, while now Brenda has feelings for Ransom and he has serious feelings for her. In the mix of all this Ransom has been toward becoming a partner in his law firm.

Great Read! I loved this book from beginning to end. Ransom and Sophie's story kept me entertained from beginning to end and kept me reading. I started and finished this book the day I downloaded it. This is a perfect book for a day of relaxing with some time on your hands to read. I have read other works and Ms. Diamond and she never disappoints.
