The Towering Sky Katharine McGee

The final book in Katharine McGee's epic *New York Times* bestselling *Thousandth Floor* series

When you have everything, you have everything to lose.

Welcome back to New York, 2119. A skyscraper city, fueled by impossible dreams.

Leda just wants to move on from what happened in Dubai. Until a new investigation forces her to seek help—from the person she's spent all year trying to forget.

Rylin is back in her old life, reunited with an old flame. But when she starts seeing Cord again, she finds herself torn: between two worlds, and two very different boys.

Calliope feels trapped, playing a long con that costs more than she bargained for. What happens when all her lies catch up with her?

Watt is still desperately in love with Leda. He'll do anything to win her back—even dig up secrets that are better left buried.

And now that Avery is home from England—with a new boyfriend, Max—her life seems more picture-perfect than ever. So why does she feel like she would rather be anything *but* perfect?

Perfect for fans of Kiera Cass and Anna Godbersen, and with all the drama, romance and hidden secrets from *The Thousandth Floor* and *The Dazzling Heights*, this explosive finale will not disappoint.

“We couldn't put this one down.” —The Skimm

“The luxe lives of Manhattan's elite are even more extraordinary in Katharine McGee's futuristic, highly addictive page-turner. The irresistible cast of characters lures you into the elevator for an unexpected ride, packed with wittily prescient high-tech details and good old-fashioned romance and drama. *The Thousandth Floor* will give you vertigo and leave you eager for more.” —Cecily von Ziegesar, #1 *New York Times* bestselling author of *Gossip Girl*

Sigh. I enjoyed it. I really did. But it felt like a variation on the previous book. Another great ending.

For some reason, I thought this series was a duology, but I'M ACTUALLY GLAD THAT THERE'S ANOTHER BOOK BECAUSE THIS SERIES IS SO ADDICTING I CAN'T EVEN.

Can it just BE 2018 already?

Ana says

I need a lot more because of that ending... is there a possibility of a spin-off series?

This was the perfect pace and I loved it. A few thoughts....

Avery- FAKING HER OWN DEATH?!? Holy moly, I was almost crying in public because I loved her so much. I was upset about the sit with Max, because I was mad at Atlas towards the end of the last one, but she was happy. I want them to find each other.

Rylin- I need more of her and Cord. Her ending left me craving so much more. It felt too final and abrupt. I did want more Chrissa and what happened with her holography professed (his name is leaving me, why can't I remember!).

Calliope- Oh man. She needs a whole trilogy about her figuring out her life and teaching Avery to fake someone else. Their short conversation seemed to make them almost friends. HER AND BRICE THOUGH Watt and Leda- That one was a journey. Watt especially grew so much with everything. I rejoiced when he removed Nadia because her actions were wrong. Very, very wrong. She could have done blackmail, but killing Mariel was the quickest solution, not the best one. Leda's self-care journey was also a great one. You can very clearly see her growth and how she stepped back from the relationship to make sure it was the right thing for her.

All in all, I want spin-offs. This trilogy brought me so many emotions and excitement and I don't know what to do when I'm not waiting for the next book and formulating my own theories.

Taylor Ramirez says

Okay a few things. First, this book assumes that I care about Leda way more than I actually do. This book did not convince me that Leda is a sympathetic character. She in a drug induced state killed her half-sister and then blackmailed a bunch of people to keep it. She is the worst and she should have gone to jail for it.

Second, Avery. Oh boy, Avery. First, I really liked Max. He is so cute and deserved better. I hate that he was just thrown away after it's discovered that Avery and Atlas were a thing. He was such a fun and wonderful character. But he was just a pawn. Then Avery taking the fall for Leda. That is some bullshit. Leda should have faced the consequences of her actions. Then I wasn't really rooting for Avery and Atlas. I still liked Avery and Watt or even Avery and Max. Those two pairings had more chemistry. And Avery is such a dick to her parents. Yes her parents are controlling and aren't really listening to what Avery wants to but to fake her own death is such an asshole thing to do. She should know how much Eris's death is effecting Eris's parents and how heartbroken they are. Then to do this to her parents is just the worst thing to do. Yes, I know this is a soap opera and not to talk to it too seriously but damn that is just a really shit thing to do.

Rylin feelings like such a subplot. The only thing she had going on was her love triangle with Hiral and Cord. I knew that she and Cord were going to get back together and I was happy. I think there was a bit forced drama but it was fine. Watt also took a backseat to Avery's drama. But finding out that Nadia had killed Mariel was amazing and questioning if Leda had done it. That was legitimately good and kind of saved this book? I wish this book was focused more on the Mariel mystery. Oh, yeah Calliope was there. It was sad that her mom left but I guess Brice got some more character? Real character MVP was Max von Strauss.

Overall, I had fun with this book until the end and Avery's whole storyline. I wish that she had just moved on from Atlas. Ah well. Can't all be winners.

Meggan Turner says

Oh my god if I could give this more than 5 stars I would. I am completely blown away by everything that happens in this book - it's the perfect ending to the trilogy and I need more people to love this series! Everything worked so well, and I loved how all loose ends were tied up, honestly this was just amazing from start to finish!

Emilia says

EDIT: ok so i just finished it and it wasn't good lmao

WHAT NEEDS TO HAPPEN:

- Leda and Watt need to have happily ever after
- Atlas needs to fall from the tower in Dubai
- Avery and Cord need to be together SHE DESERVES BETTER THAN ATLAS
- Anddd Rylin deserves to be happy but uhh not with Cord
- Calliope needs to choke and die

xoxo I'm so excited for this one

3 stelle!

Il libro non è all'altezza dei precedenti.

Una trama inesistente in cui i cinque protagonisti vanno avanti con la loro narrazione senza comunicare con gli altri personaggi, sembrano più che altro cinque novelle.

Le scelte dei personaggi ripetitive con alcune avvenute precedentemente o altre fatte in questo libro, senza una vera crescita personale di molti.

La fine confusionaria e veloce, proprio non mi è piaciuta.

Nota positiva: lo stile di scrittura della scrittrice. È sempre bello e riesce a coinvolgerti nel libro, certe volte facendoti anche dimenticare alcuni dei difetti sopracitati. Leda e Watt sempre i miei preferiti, hanno dato un tocco in più alla storia, unico peccato la conclusione che non sembra tale.

In definitiva uno dei libri che più aspettavo che non è riuscito ad essere all'altezza di una storia ben scritta e forse è sconfinato un po' troppo nel trash.
