**All For Him: Dominated by the Hidden Valley Billionaire (All For Him Series, Book #1)** Paisley Stone  
After losing her job in Chicago, Lacy Day moves to the Los Angeles area to live with her aunt in hopes of a fresh start. She lands a job as a nanny, but on her way to her first day on the job, bad luck strikes again when her car breaks down stranding her on the side of the road.

With the nanny job all but lost thanks to her unreliable car, a sexy stranger, billionaire Dain Thomas, interrupts her bad luck with an offer that has this down and out Midwestern girl soon to be in the middle of a world where wealth and pleasure are the driving force to happiness. When Lacy stumbles upon a secret erotic lifestyle in the wealthy enclave of Hidden Valley, the enigmatic Dain Thomas pushes more than a few buttons in Lacy's vanilla world.

As Dain reveals his erotic secrets, Lacy is torn between a new world of tantalizing pleasures and the desire to be loved by a man who gives all of himself to her. Although drawn to Dain's irresistible charisma, brilliance and gorgeousness, Lacy fears his need for power and control will overshadow the one thing she longs for... true love.

All For Him, a 15,000 word erotic romance novella, is intended for mature audiences.

## **From Reader Review All For Him: Dominated by the Hidden Valley Billionaire (All For Him Series, Book #1) for online ebook**

**Amanda says**

Super hot!!! Can't wait to what happens next!!! I hope for more than just the first two in the series-

---

**Stephanie says**

Can anyone tell me when book 4 will be out?

---

**Katherine W. says**

3.5 Stars

A short and in no way plot driven read. The dinner scene seemed pointless and out of place but there is no denying the heat between Lacy and Dain.

The ending is an abrupt because there is a second novella in the series.

---

**J.L. says**

This is a very short serial. It is an intense relationship that starts between a woman who just moves from Chicago to California. She is living with her aunt and she is trying to break away of her failures that occurred in Chicago (the back story is not explained). The characters are Lacy and Dain. Lacy meets Dain when her car breaks down - why a billionaire stops on the of the road to hand out his card - I don't quite understand. But maybe there will be more explained in the future serials.

This is actually free on Amazon. I read it as an ebook.

---

**Tina says**

Really liked this but not sure that I want to read a bunch of small novella's to complete the story. I HATE this new trend, while this was free you have to keep buying to read more.

---

**Mya says**

it really was good too bad its so short

---

**Mesorain says**

A must read. She is a great story teller. I could see everything as if I was there.

---

**Loretta says**

Okay, so I had a zillion interruptions but HOLY WOW this is a hot, hard, fast read! Talk about yummy!
