Behind Closed Doors Gabrielle Evans

[Siren LoveXtreme Forever ManLove: Erotic Alternative Fantasy Ménage Romance, M/M/M/M/M/M/M/M, demons, Consensual BDSM, spanking, public exhibition, sex toys]

Myst doesn't know how to get the things he needs without pushing his lovers away. His darkest desires have driven a wedge between them, and he's at a loss when it comes to bridging the gap. The irony that he'll need to face his own inner demons isn't lost on him, either.

With so much discord in their home, it's a wonder anyone even remembers they have one final challenge before the equinox. Things are spinning out of control, but Echo has no idea how to bring them all together again.

When things finally come to a head, and Myst is forced to reveal his deepest secrets, it will take a combined effort to bring the demon back from the brink. Will they lose the warrior to his own hell? Or can their love rescue him in time to face their newest enemy?

Booklover95 says

As I approach the end of this series I keep asking myself WHY did I put off reading this? I have loved this series and haven't stopped reading since I started the first book.

P says

2.5 Stars

I don't like how fucked up Myst was, the way he always thought he was useless and weak bored me to death. The first half of this book is kinda slow and nothing exciting happened on those pages, it's quite tiresome for me.

But the end of the book make me want to read the next one immediately.

Anyway, I really like Echo's old name, it suits him more than his new name.

LDL says

I liked this one much better. More of the emotional and relationship issues dealt with and less manufactured drama. Better than a 3, but not quite a 4.

Serena Yates says

This eighth volume is, as expected, focused on Myst as well as the ever approaching final war. The tension increases noticeably and the emotional stress has all kinds of repercussions. Not only for the eight mates, who almost tear each other and their bond apart, but also for their 'houseguests', the wolf shifter, other demon and even the two friendly vampires. The buildup in terms of tension, developing plot line and partial revelations is well done and kept me on the edge of my proverbial seat. I wanted to know what's going on before this, but now I REALLY want to know. I bet this is just where Gabrielle Evans wants her readers at this stage. Well done for succeeding, at least in my case.

Myst has some severe emotional problems and hang-ups. He was always a bit of a clown and often in the background in previous volumes, but he really comes into his own in this book. There are some surprises, some major fuck-ups and lots of make-up sex on the way, but the struggle he faces is a tough one and remains unresolved almost until the final page.

Echo and the other mates learn a lot about Myst but they also make some progress in terms of overall group dynamics. Eight men in one huge menage are as challenging as ever, but the twists and turns in this book are somehow more intense than before. I was able to 'feel' the approaching battle, not just see it from what happened.

If you've never read one of the Fatefully Yours books maybe it is time you did – but start with the first one, because they really are best read in sequence. The buildup is well done, and now that the last volume is in sight, at least you won't have to wait very long for the conclusion.

Reviewer Larissa says

First read in 2011. Reread in March 2016.
Still cheesy, but somehow likable.

adrienne says

typical gabrielle evans serial romance. nothing fantastic, nothing so bad it can't be finished. what is typical gabrielle evans? imagine a shorter harlequin romance but with no t&a (see, i was going to write no surprise pregnancies, but... yeah.).

out of sheer laziness, i will be using this as my template for all books by :

sunny day

lynn hagen

stormy glenn

scarlett hyacinth

carol lynne

gabrielle evans

unless otherwise noted. i'd apologize, but i'm not sorry. i figure it's about as much time as they put into their books. dammit! well, i made it all the way to the end being rather moderate in my assessment. that's a win.

Jess says

3.5 Stars

I found the first part a bit boring and repetitive.

Still really love the interaction between the guys.

Still kinda annoyed with Echo.

Still a fun series over all

V says

This story was my favorite, Echo at last was showing his lovely mature side. The plot was great, and the Demons were delicious as always:)
