Boarlander Cursed Bear T.S. Joyce

****Don't miss this riveting final installment to T. S. Joyce's bestselling Boarlander Bears series.****

Clinton Fuller has been burned by love, but that doesn't stop him from thinking of his first mate and what could've been. And when she blows into town, with no memory of him or what happened to her, he does his best to stop history from repeating itself. He's harboring a curse—his bear—and he isn't right for anyone anymore, especially not some fragile human with a bright future and a legitimate shot at happiness. He can't drag her through the mud with him again, but Alyssa isn't taking no for an answer. And now, his dominant, broken animal is putting her in more danger than she's ever been. He can't get her out of his head, and now he'll have to convince her to run if she wants to survive what broke them apart all those years ago.

Alyssa Dunleavy is having dreams of a boy who saved her once, but when she lays eyes on Clinton, nothing makes sense anymore. Half of her life has been erased from her memories, and now the stories surrounding her accident are clashing with what she sees. But as she gets to know the standoffish Crazy Clinton of the Boarlanders, it becomes obvious he isn't the sweet boy from her dreams at all, but a half-crazed monster grizzly shifter who is working through some major life changes. Even though he makes it clear she should stay far away from him for safety's sake, she can't help but be drawn to his animal magnetism. And now she's falling head-over-heels for a stranger keeping a mountain of secrets...or maybe he's no stranger at all.

Content Warning: Explicit love scenes, naughty language, and piles of sexy shifter secrets. Intended for mature audiences.

Varied Books says

3.75 stars

I loved the H.

Kim Richards says

Another awesome story in this series and sadly the last one of the Boarlander Bears Series.

I was once again pulled into the story right from the start and stayed there until the end of the book, all the while watching the little mini movie that was playing in my head.

I felt each and every emotion that the characters went through and I went through them at the same time, this was one book I didn't want to finish, but sadly all good books come to an end.

There are surprises all the way through the story, some are large, while others are small, some you will see coming others you won't, but they all play a part in making the story awesome.

I am so pleased I found this author, which happened as another author I follow was actually reading the books at the time.

I highly recommend this author and this series, if you are a shifter fan, like me then you will not be sorry that you bought these books, they are on KU and I know that some are also on audible, which is a bonus for me.

Marsha Spohn says

Reviewed at Shifter Haven

I think it's safe to say that anyone who has read the connecting series that make up the Damon's Mountains series has run into Clinton before. One angry, destructive young man with attitude, sass, arrogance and the need to hurt not only others but himself as well. The Boarlander crew is Clinton's last chance before his alpha will be forced to put him down. He's now that out of control that it's only a matter of when no longer if Harrison must make that awful decision. Then the one woman who could save him appears... with no memory of their shared past.

Boarlander Cursed Bear delivered a heart touching story to make us care about one tortured man, a man who could be the absolute most nasty piece of crap attitude on the planet. Yet he had a reason, and now we know why Clinton is as he has become. I always knew there had to be more to Clinton than what we saw on the surface. But I wasn't really prepared for why he became so out of control. No spoilers, simply a very amazing bear finally being reunited with the love of his life, his mate. I couldn't have imagined a better ending for Clinton than his Alyssa.

(And since I'm so very late on this final review I needed to catch up on from my binge reading of the entire series back to back – I've met his son, and know that Clinton is still the fun loving, prank pulling man I came to love in this story. And the apple does't fall far from the tree... so keep on reading the connecting stories,

they are all amazing.)

It's always bittersweet when a series concludes. And I've loved every single story in these connecting stories, met some pretty amazing characters. But it's not really over, there is so much more to experience and discover... and I'm loving the journey. I'd highly recommend Boarlander Cursed Bear and all the stories in these connecting stories set in Damon's Mountains.

I read this title through my Kindle Unlimited subscription.

Maddux says

Well, old Barf McNuggets gets his girl.

You had your doubts, didn't you. You probably should have.

I didn't think I'd end up liking Clinton, but I did. His crusty, unapproachable exterior was his defense mechanism. He'd sacrificed much in his life.

4 stars.

Deserie williams says

self note:I know clinton was an ass but you could tell he been through so much. I'm interested in why he is the way he is. I'mm hoping it's pretty safe for me but if I can get more bash I'll be reading this:)

Talltree says

3.5 stars!

So, I Read This Book Today says

"They say that abandonment is a wound that never heals. I say only that an abandoned child never forgets" -- Mario Balotelli

Clinton Fuller isn't right in the head, not in any way, shape or form. Pushed from one lumberjack crew to the next on Damon's Mountain, he has been a pain-in-the-ass for each of the crews. And the Boarlander Crew is his last stop before he spirals too far and the Crew Alpha, Harrison Lang, has to put him down for the safety of all the shifters on Damon's Mountain. This is his story, and for all I have bitched and moaned about his presence throughout all the Damon's Mountain stories, I have also gotten bits and pieces of his story all along, and have begun to feel a mite sorry for him, though I never really came to know him. But now, we all get to learn what made Clinton the way he is.

And you know what? I not only understand Clinton now, but my heart is totally (well, maybe not "totally" totally, but still) softened to his story. All of his acting-out makes sense, and I am so glad I got to know him. Of course, Clinton's story isn't the only story told in Boarlander Cursed Bear. The political story of 'Humans vs. Shifters' comes to a head as the Damon's Mountain Crew (and all the shifters in the US, though the story doesn't reach that far) wait for the vote that will decide whether the shifter population retains their right to live, love, and mate as they choose.

This is a terrific end to a wonderful series of books, and I recommend them highly to lovers of Urban Fantasy Romance who want a bit more than just "wham-bam-we-mate-for-life" in their books. These are deeper than that. The reading order, from T. S. Joyce's website is below.

As always, my disclaimer: I have received books from T.S. Joyce in the past in exchange for a realistic review. I am not sure if I received this one for free, so I will just say that I have received books in the past in exchange for a realistic review and this one may or may not be one of those, but how I received the books has no impact on any of my reviews. If you haven't read Joyce's Damon's Mountain Series, I highly recommend you read them in order. They are so much fun, yet running parallel to the same hatreds and prejudice we see in the world today that they are more than the sum of their parts. Enjoy!

Reading Order for Damon's Mountains:

Lumberjack Werebear (Saw Bears, Book 1)

Woodcutter Werebear (Saw Bears, Book 2)

Timberman Werebear (Saw Bears, Book 3)

Sawman Werebear (Saw Bears, Book 4)

Bear My Soul (Fire Bears, Book 1)

Axman Werebear (Saw Bears, Book 5)

Bear the Burn (Fire Bears, Book 2)

Bear the Heat (Fire Bears, Book 3)

Woodsman Werebear (Saw Bears, Book 6)

Lumberman Werebear (Saw Bears, Book 7)

Gray Back Bad Bear (Gray Back Bears, Book 1)

Gray Back Alpha Bear (Gray Back Bears, Book 2)

Gray Back Ghost Bear (Gray Back Bears, Book 3)

Gray Back Broken Bear (Gray Back Bears, Book 4)

Lowlander Silverback (Gray Back Bears, Book 5)

Last Immortal Dragon (Gray Back Bears, Book 6)

A Very Beastly Christmas (Gray Back Bears, Book 7)

Boarlander Boss Bear (Boarlander Bears, Book 1)

Boarlander Bash Bear (Boarlander Bears, Book 2)

Boarlander Silverback (Boarlander Bears, Book 3)

Boarlander Beast Boar (Boarlander Bears, Book 4)

Boarlander Cursed Bear (Boarlander Bears, Book 5)

Monica says

This was the perfect ending to this beloved series' of Damon's Mountains. I dont honestly think she could have done it better! I was so happy and pleased! I wasnt sure how Clinton's story would go. He's been the growly, surly, uncooperative, and might as well add saboteur, character since Graybacks. He just got progressively worse. He did begin to soften up about halfway through the Boarlander series and I think she did that to pave the way for his book. He's a complex character and has been through some horrible things. I mean the others have been through some horrible things too but I honestly dont know who's pain is worse. I dont think we can gauge that. Shae/Alysaa is part of his painful past. She was his mate and he found her at age 10! Til she was taken away from him when she was 16ish for 2 years and tortured and God knows what else. She's got no memory, it was erased so she honestly doesnt remember anything past the day she "woke" up at 19. When she comes to Saratoga looking for answers he's quite the ass to her. Pushes her away but he can't stay away. She's his mate so we get to see his softer side. He's not as crazy as he lets on. The things he does...its more of practical jokes and a way for him to cope with things. He's really very sweet and romantic with Alyssa. I really loved their book and the vote on getting their shifter rights back hangs in the balance. Will Alyssa get her memory back? Will she find out everyone including Clinton lied to her? I'm not gonna divulge everything you'll just have to read it.

Southern Sky says

This is gonna get me a lot of hate but I really did not like this one. Clinton really grew on me over the last few books and this book turns him into a sleazy asshole. I hated that he called that other girl his mate, that's bs. She raped him repeatedly and he claims that he bonded with her? Really? I don't see a bear shifter allowing that shit at all. He finally escapes the facility, does he look for his one true love, the heroine? Hell no.... He starts becoming an angry asshole and starts having hate sex with whichever woman strikes his fancy. His excuse for this behavior is that since that woman raped him he could only have sex if it was rough and he hated the woman....seriously, that's his excuse. Unacceptable behavior for a romantic Hero in my

book. I was disgusted but made myself finish the book hoping I would feel better by the end....I did not. I now hate Clinton for being a weak, spineless, dirty manho and he did not deserve the heroine. As for her, she was ok until the end when she just forgives him for everything.

Lady Heather says

What a great way to end this series!
Clinton and Alyssa's story was perfect.
LOVED the epilogue!

Megan says

This was a nice book. I liked Clinton, I was sort of sad they saved his story til last because he was the most interesting out of all the Boarlanders.

Clinton was a good character. He was the way he was because he was hurting. He was hurting because he had to do something he didn't want to do and then when he was healing if he was normal his crew would act like he wasn't normal and treat him worse so he acted worse.

Nice ending of this book very sweet. Interested to see if my re-read of Bloodrunner Dragon goes better now I'm fully up to date with this series.

Debbie says

4.5 stars

Boarlander Cursed Bear is the fifth and final book in the Boarlander Bears series. Clinton has moved around on Damon's mountain trying to find something or somewhere to settle he and his bear. He's grumpy and rude but you could always tell it was because of a terrible experience from his past.

Alyssa is missing the memories from several years of her life due to an accident. Or so she was told. She's been having recurring dreams about a beautiful boy who saved her life and she's confused as to whether it's a memory or only just a dream. Alyssa takes a trip in search of answers from a stranger and discovers much more.

I've always liked Clinton and knew his story would be good. Poor bear. I can't imagine what he went through and hate that he was treated the way he was. He was so broken and Alyssa returning to his life gave him hope for the first time. I could feel his desperation coming from the pages as I read. We're not told much about Alyssa's missing two years and I think that was probably best considering what happened to Clinton. The journal was a good addition and so were the dandelions. I loved that having Alyssa back in Clinton's life allowed us to see the man he was always meant to be.

Gucci Girl says

Yes to Cursed Bear

This is Crazy Clinton's story and its oh so good.. I cried and laughed. Clinton loves deeper than the others he just doesnt show it. He feels if he is rude to everyone they wont know he cares and no one will get hurt. His only mate will come to Saratoga looking for a boy from her dreams that resembles Clinton. Of course Clinton will fight, be mean and try to push his human mate away but a love that was started at the age of 10 is powerful and his bear wants to be close to his mate. Clinton and Alyssa's back story will break your heart. But their HEA will make you smile. I love that all three of the female mates in Boarlander names begin with A, Audrey, Ally and Alyssa. Happy Reading!!!

Marilyn says

Speechless with joy!

A book that's been anticipated for so long, and did not disappoint in any way!

I just finished reading Boarlander Cursed Bear, by T. S. Joyce. I'm crying as I write this review. The book was THAT good that tears flowed as I read the last bit. So, so many happy moments on Damon's Mountains over the course of many series of books. It hurts that this is the end, but the joy is overwhelming!

It seemed as if Clinton would never be happy, never settle his bear, never be anything but crazy. He's been bouncing from crew to crew, always angry, often destructive. Now, in this book dedicated to him, we learn so much about his background that my heart melted. I saw a different side of Clinton that I never imagined. And while I've always enjoyed his antics, I came to truly love Clinton in this book.

For Clinton to find his mate seemed an impossible wish. But he had. Many years ago. We just didn't know it. Then she walked into his life (again), and the Clinton we knew - and loved to hate - became someone no one recognized. A man who cared. A man who needed to protect his mate. And I started to cry.

Truly a heart touching story. But still set to the background of the Boarlander Trailer Park, complete with 10-10, a mouse who eats jalapeno chips, big trucks, and all the things we've come to know and love. This story has it ALL !!!

Thank you, T. S. Joyce for this wonderful story! And all the stories you've written. Can't wait for the next series to debut!

So maybe I'm not as speechless as I thought. But words really don't begin to cover the depth of emotions I experienced from this book. I highly recommend this book to anyone and everyone!

Kathy Wideman says

This is the fifth book in this series and they should be read in order. This is Clinton's book. He is sad, angry, and damaged. He fell in love young with a human girl, Alyssa. She returned his love. However, theirs isn't any easy love. Now she is back but she doesn't remember him. To her he is just a man who looks like a boy from her dreams. She is drawn to him and doesn't understand why. However, Clinton and the boy from her dreams aren't anything alike. Clinton knows he can't have Alyssa but she doesn't stay away and his bear doesn't want to lose her again. Things get crazy fast and Clinton himself may do the worst thing imaginable for a shifter and hurt his mate. Will Alyssa and Clinton be able find a way to make it work? I truly loved this book. Clinton's character has been around for a while and was glad to finally get to read his story. To find out why he is the way he is. This book is a must read. I can't wait to read the next series in this overall bigger series. I love T.S. Joyce so much and I am glad my friend turned me onto this series.
