Gasp!!!! Oh my gosh! I can't believe BLEEEEEEEEEEEEEEEE and BLEEEEEEEEEEE did that! :P Yeah I can, I guessed it halfway through MWUAHAHA! xD

#### Samir says

I learned a valuable life lesson when I read the book. These pages revealed to me that beauty is only skin deep. The reason is that the most beautiful and famous super model in the world tried to steal a fortune of diamonds and marry her body guard who recently got out of prison. So be careful and don't judge someone or something based on looks. You may be wrong.

## Johnny A says

The book Death and Diamonds by Franklin W. Dixon taught readers that you should never let beauty go before the law, and everybody's a suspect. This book takes place in Bay port, a small town that Joe and Frank Hardy live in. This book interchanges in the point of view. It is switched between every chapter with the point of view of the protagonists, Frank and Joe Hardy. Some other major characters are Naomi and Shakira, two supermodels that Frank and Joe are hired to look after while they are modeling priceless diamonds. While they are modeling these diamonds they are attacked by men that were hiding before the event. Frank and Joe weren't watching them at this time. Throughout this book Frank and Joe handle dead bodies, mobsters, and many more.

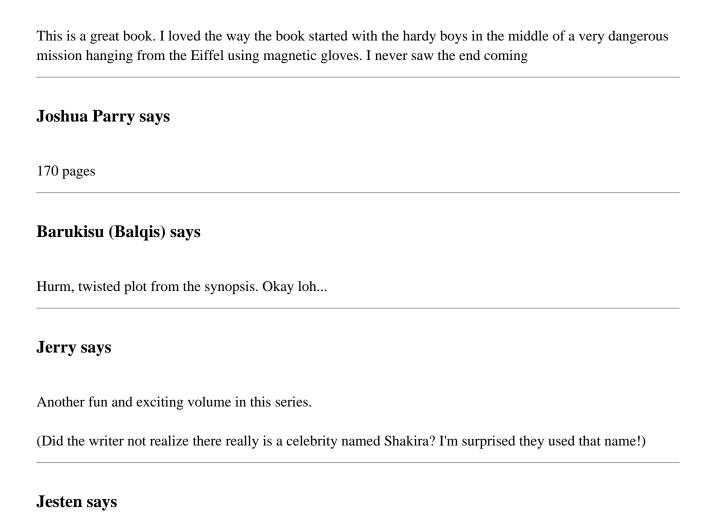

I really liked this book, especially the plot. I thought it was very compelling. I can relate to this, because I love watching detective shows, and figuring out the mysteries. I decided to read this book, because it was recommended by my mom and dad. They both read that Hardy Boys series when they were young, and found it really interesting. My mom even said that all the girls ready Nancy Drew, but she loved the Hardy Boys and read that instead. One thing I didn't like about this book is that I knew what was going to happen from the beginning. I also thought that the author used very good event to lure the reader in. overall, I loved this book and I would recommend it to anyone.

The hardy boys are attending a fashion show at bay port. Their job is to keep the models Shakira and Naomi safe. Their main suspects are Shakey twist and Carlos sanguillen.

This book was very cute, per usual with this series. I loved the action.
