Love Will Find a Way Barbara Freethy

From #1 New York Times Bestselling Author Barbara Freethy comes an emotional and romantic story of love and family.

Rachel fell in love at nineteen with a man who came into her life on a whirlwind of sunlight and romance. She married Gary Tanner, had his son, and thought she would live happily ever after. But fate had other plans. Gary died in a tragic accident ... at least she thought it was an accident. Now, there are questions that need to be answered, and only one man she can turn to, Gary's best friend, Dylan.

Rachel was everything Dylan Prescott wanted in a woman. But Gary met her first, so she became untouchable. For years he stayed away from her. Now Rachel is a widow, her marriage is over, and she turns to him for help. The passion he feels for her is no longer out of his reach. The life he always wanted is beckoning to him, but when the secrets come out, will their love find a way to survive?

Reviews:

"Freethy has once again penned an exceptional piece of fiction." - Library Journal

"Freethy deftly weaves the evocative tapestry of family life, love and pain with a delightful splash of whimsy in this intense story of evolving emotions, of relationships taking form against the ultimate loom of resiliency and triumph. And triumph this story surely does." BookPage

LOVE WILL FIND A WAY is a captivating, heart-tugging story of love and family, of dreams and second chances. Barbara Freethy is a master storyteller with a gift for spinning tales about ordinary people in extraordinary situations and drawing readers into their lives." Romance Reviews Today

"Heartwarming and life affirming, LOVE WILL FIND A WAY ranks right up there with the other deep love stories that go beyond the traditional. Let it find a way onto your shelf." Romance Readers Connection

Judy Miller says

I love all Barbara Freethy books and this one was no exception. Very interesting story with some interesting twists and a wonderful love story.

Sharon M says

I was surprised to see so many negative comments on this book. I actually liked it and I really felt for Dylan and Rachel and understood their circumstances. However, the legend of the apple seems too much of a fairy tale and that would be one thing that probably put me off a little. The other thing I noticed was that there were a few grammatical mistakes. I am not sure if this is because it is from the kindle version, however, I believe whether kindle or reading the book, the contents should be the same.

Barbara Freethy's writing and stories reminds me a lot of Lesley Pearse. However, Lesley Pearse books are really thick but you don't feel like putting them down and the story and drama is fantastic. Freethy's are a little more mild but it's great finding an author within the same genre since Lesley Pearse is for some reason not popular in the States.

Donna says

This was a huge disappointment. There were many things that I didn't like about this book, leading with the fact that I didn't like most of the primary characters, including Rachel. Most everyone was selfish and deceitful. I did feel like I "got" the point of the story, but just didn't enjoy reading about it. Much of the conflict was over-wrought and not credible to me. What was wrong with these people??? Didn't ANYBODY communicate???? I never believed that Gary was cheating on Rachel and resented that it felt like we were being led that way so there could be a surprise twist. I felt that both Carly's and her family's issues with her painting due to her pathetic excuse of a mother was also over written. I liked Dylan, but he wasn't enough to save this for me.

Celeste says

Rachel and Dylan love found its way

What an emotional rollercoaster. To love and to have loss and to find love again. With so many secrets it's only love that could bind. Freethy, carefully crafted Love Will Find A Way, with Rachel and Dylan playing key rolls. After losing Gary and having to cope with uncertainty, it was interesting to see how the past would shape the future. You will feel ever emotional with this story because it touches at the core of the unknown. Is love enough? What are you willing to sacrifice for love? With sub characters Carly and Travis, it was easy to see that love hits you when you least expected it.

Sherry Sweeney says

I found this book on the Amazon Free Kindle list.... being free you never know, but this was a real surprise.... good story line, a couple of twists you didnt really see coming, nice way the story came around to the ending.....

Would recommend this as a read.

Tia says

Dylan has always loved Rachel, even when he was Gary's wife. Gary was his best friend, they grew up together, ran a company together, even fell in love with the same woman together. Until one faithful day where Gary died. The insurance company wouldn't pay up, they said it was suicide. Even worse, Rachel found evidence that her deceased husband could be cheating on her. When she asked Dylan for help because she has no where to turn to, they begin an adventure, venturing into Gary's past and their own.

I thought the book was just okay, honestly I felt like I was going to fall asleep through some of it. I was bored fricken stiff. Like it wasn't completely horrible but the book was down right obvious for twist, turns and plot. I called it all the way through it. Definitely not a book I'd read again.

Tanya says

This was a really good story. It could've been at least a 3 star book for me. The apple ruined it. It was like part of a fairy tale inserted into a contemporary romance. I just couldn't get into that part of the story.

barbara abercrombie says

Another amazing suspenseful novel ..

I have often wished I possessed the talent to bring people to life through the pages of a book...regretfully I do not have an ounce of ability to write fiction...This is another good book by a most talented story teller...read and enjoy....I have yet to be disappointed with the twenty four books I have read and looking forward to number twenty five....

Laura Walden says

Good! Didn't see the ending coming

C.C. Thomas says

Romance is not my usual preferred reading genre, but when my mother recommended it to me...well, she's my mother so it was more like a directive.

Since I'm not a typical romance reader, that might influence my lower rating and review. This was very much a typical romance. The plot had some nice twists and the characters were very believable. As a reader, you wanted the happy ending.

In the story, Rachel is reeling after her husband's unexpected death and turns to his lifelong best friend Dylan. She wants Dylan to help her determine if Gary, her husband, committed suicide or was just the victim of an untimely accident. Dylan and Rachel have an unresolved drama between them with years of angst and yearning. Can Rachel overcome her widow's remorse to love again? Will Dylan be able to place his heart up for grabs again? Will Gary's secret tear them apart?

If that last part sounded a bit cheezy, that was my problem with most of the book. It is clearly a serial romance, written to a set of specifications with a few surprises and twists thrown in. The surprises aren't shocking, though. Also, the characters were generally unlikeable. Both seemed extremely selfish and their emotions varied so wildly, I wasn't for sure from one moment to the next what each wanted.

So, Mom, sorry. You stick to your reading pile, and I'll stick to mine.

Heather Pulley says

Well it was a fast read. Took WAY too long going over and over the same emotions without much progress. Kind of anti-climactic. I guessed the "secret", so it wasn't overly original. I didn't really connect with any of the characters. They seemed like caricatures of real people - everything was exaggerated.

Ramona says

Predictable but an enjoyable read.

Elaine says

I stayed up very late reading this book. I agree that it wasn't hard to figure out Gary's secret, but it was a sweet book. It was hard for me to put it down. Figuring out Gary's secret did not detract from the book. Perhaps the author wanted the reader to know the secret.

Kolleen says

Love Will Find a Way is a story about Rachel. When her husband dies in a suspicious car accident, she turns to his best friend Dylan to try and solve the mystery. Add in Twist #1, Dylan and Rachel had a secret fling right before her wedding and have had feelings for each other ever since.

While I did enjoy the book, I was a bit confused with all the different things going on. Is this a love story? Suspense? Magic? I mean we go from serious deaths, suicides, infidelity, and illegitimate children to magical apples. Either way, scatterbrained as it was, it was an enjoyable read (although the sex scenes were pretty laughable: *Can I be on top next time?!).* A pretty decent free Kindle book, with an ending that brought tears to my eyes, and a few great quotes along the way...

"I'd probably try to remember the good times. When you get to be my age, you realize that life is about going on. People die, they leave sometimes, they screw up your life. But you just keep putting one foot in front of the other, breathe in and out, and try to be happy."

"I'm too old to start over. I invested so much time in him that it is unthinkable to consider doing it all again, going through those nervous first dates and pretending to be prettier and thinner and more interested in sex than I really am. I'm set in my ways. It would be difficult bringing a new man into my life."

Michelle says

Loved It! The first night reading I stayed up until 4am. I could not put this book down. I read it so fast that I may decide to go back and read it again. Great story.
