Messenger Between Worlds: True Stories from a Psychic Medium Kristy Robinett
Stories From a Reluctant Psychic Medium

At the age of three, Kristy Robinett predicted her grandmother's death. When she was eight, the spirit of her deceased grandfather helped her escape from a would-be kidnapper. This captivating, powerful memoir is filled with unforgettable scenes: spot-on predictions, countless spirit visits at home and school, menacing paranormal activity, and Kristy's first meeting with two spirit guides who became her constant allies. Born into a strict religious family, Kristy believed she was cursed and hid her psychic abilities for many years. Over time, she learned to use her talent to do good in the world, and now she has decided to share her incredible story. Follow Kristy's emotional journey through a difficult childhood, stormy marriages, conflict with faith, job loss, and illness--and the hard-won lessons that opened her heart to true love and acceptance of her unique gift.

Kate says

I LOVED this book! It is very well written. She takes you through her life and what it's been like for her with her gift. You might think how great it would be, but she writes honestly about her struggles with her gift and her life and how she's triumphed. She makes her story relevant to everyone and provides examples of visitations and clients with various messages that everyone can relate to. It was fascinating and I'd love to read more-so I'm ready for another book!

Good read

It was a easy to read book. I loved how she gave me a better understanding of what and where eternity/heaven really is. I would recommend it to others but I do feel it was pricey.

Elizabeth Ballard says

I really liked this book and appreciate the author letting us in on her "crazy" life.

Kate McDougall Sackler says

Fast read memoir of a woman who believes she sees and talks to dead people. Great if she does, but what matters is that she believes she does. Mostly a motivational book.

I received this book from the publisher via NetGalley in return for an honest review.

What struck me most about this novel is that it was like sitting down and hearing a friend tell their (albeit painful) life story. I was able to connect emotionally with the author, especially as she was growing up and becoming a mom. So, on a personal level, she was able to connect with me as a reader.

I requested this novel because of the paranormal aspect. Kristy's story was interesting, plausible, and really normal. I think we expect mediums or psychics to be different from everyday people, but Kristy really

showed she was just like me in a lot of ways.

Overall, this isn't a book I would normally read, but I was glad to have the chance. I think people will connect and identify with this author and will enjoy the book wholly.

As I began to read this book I saw different things that compared to my life. The longer I kept reading the more I could relate to in one way or another. As I was getting near the end, which I didn't want it to, I came across a chapter that took my breath away. I'd recently lost a dear friend and the name of the person in this chapter was my friend's name. I started to tear up but knew my friend wouldn't want me to grieve so I held back the tears. As I finished this chapter, I felt a pressure release from my heart. I knew it was a message from my friend letting me know she was around and was okay.

I LOVED this book!

Lindsay says

This is some of the worst writing I've read in a long time. Clearly the author has a gift, but writing is not it.

Linda Scott says

Renowned psychic medium, Kristy Robinett, soon to be released latest book, *Messenger between the Worlds: True Stories from a Psychic Medium*, is a memoir of her life and the strength and courage for her to recognize the gift she had been given. Unlike others, she shares her gift to help others and wants all to understand their own special gifts whatever they may be.

Her book not only explains the stories of her life and acceptance, but it gives readers an incite into their own lives. Her struggle is universal and one that all of us face in life.

From the age of 3 Kristy's gift as a psychic manifested itself. Her true stories will touch you.

A book you can't put down, Kristy gives everyone inspiration to believe in your own gift even if others criticize, and she encourages everyone to embrace whatever their uniqueness is.

This amazing memoir brings all the emotion, conflict, and openness that is rarely found in memoirs of this type.

In addition to giving readings and teaching workshops, she uses her psychic skills to assist with police investigations which she includes in this book.

She lectures across the country and has appeared on Fox News, ABC News, and Coast to Coast. She is also the author of *Ghosts of Southeast Michigan* and *Michigan's Haunted Legends and Lore*.

You can visit her online at KristyRobinett.com.

Messenger between Worlds: True Stories from a Psychic Medium is published by Llewellyn Publications. Due for release on July 8, you can pre-order now from any reputable website or book store.

Could not put it down. A very personal account of how her gift came to light. I absolutely loved reading this book. Keep up the good work, Kristy!

Nick says

I thoroughly enjoyed this book. It is a memoir of the author accepting her psychic/medium abilities. She comes across very honest and doesn't sugar coat her often painful story. It felt like sitting and talking with an old friend. I have met the author and heard her speak so does that cloud my judgment? Maybe...

Amy Elaine says

What a comforting book. Not only does it contain interesting anecdotes about spirits she's interacted with, the story of her personal life contains a great deal of inspiration.

Kellie Wolking-kaefring says

Great book, makes you understand the author.

Kim H. says

Kristy Robinett shares her story of growing up with special abilities. The stories of her childhood experiences of feeling different and often alienated from her peers and family members were heart wrenching at times, but, sadly, seem to be the norm for those with such abilities.

As a believer in the afterlife as another, different realm of reality where life continues, I also believe that there are people who are more sensitive to those who have passed on but who may linger close to the living. Robinett's connection as a "messenger between worlds" seems clear to me in reading her story. I appreciate her candid honesty about what it is like to live with such a gift.

Aisling Van Dam LaBauve says

I thoroughly enjoyed this book. It was fun to read but doesn't come across as overly sugary or unbelievable.

The author seems like a kind hearted person who truly wishes to help others along their life paths.
