**Modern Machiavelli: 13 Laws of Power, Persuasion and Integrity** Troy Bruner , Philip Eager  
Modern Machiavelli will teach you smart, social tactics to advance your career and improve your relationships. This book explains how to successfully manage conflict, influence others, and understand the overt and covert dynamics of interpersonal power. It challenges false but commonly held beliefs that undermine personal and career success. Master the unwritten rules of the social game that few understand.

## **From Reader Review Modern Machiavelli: 13 Laws of Power, Persuasion and Integrity for online ebook**

### **Beaver Buzz says**

This is a surprisingly good book filled with straightforward knowledge and information. It is not overwritten or boring unlike similar books. I was pleasantly surprised with this and think that it was certainly worth reading.

### **Ginae B. says**

We review a lot of books and most of them, we find eager recipient's for.

However, this one will be placed on a book shelf, to refer to. It's just that good.

What amazes us most is that we have been reading books of a similar subject for a long time now. We couldn't fathom that there would be something new to learn, until we came upon it. There are ways of dealing with, "Takers," narcissists and psychopaths. There are ways to remain ethical and to maintain integrity while doing what we need to do.

This is an excellent reference piece.
