Odd Man Out Jason Krumbine

The Messr Building is located in the heart of downtown Callahan. It's a building of architectural wonder. It's visible from almost anywhere in the downtown area. And its home to the Darketo Sanction, a top secret organization that's housing the largest collection of mad scientists anywhere in the country.

Two weeks ago, the security system in the Messr Building tried to kill every single human onsite and nobody knows why.

That's why Alex Cheradon is on the case.

(Although, to be fair, it's a building filled with a bunch of mad scientists. This one shouldn't be too hard to figure out, right? Right?)

This book is a part of the Alex Cheradon Series.

The complete volume one is contained in a digital omnibus titled:

A Man By Any Other Name Is Somebody Else Altogether
Volume Two:

Book 1 - One Time Only

Book 2 - Welcome to Crazy-town

Book 3 - Odd Man Out

Mary says

Another hit with Alex Cheradon! Krumbine just keeps the sequels coming with Alex and the gang and I can't get enough of Alex. It's a short, quick read that keeps you captivated from the very first line. The relationship between Alex and Christian is becoming the highlight of my reading of these books. Before it was Alex and Nikki for me and I was afraid I would miss their interaction, but the Alex-Christian dynamic is just so much fun, I could read them go back and forth at each other all day. If you loved the other Alex books, grab this one up- this one is probably better than the others. Don't miss this next crazy Alex adventure.
