Primal Surrender Lori King

Brothers Mack and Ryker Thompson know the pain of failure intimately having recently fallen from the heights of success. One a former football star, and the other a master at his artistic craft, they couldn't be more different from each other. Mack hides behind anonymity in order to cover up his pain, while Ryker figures it doesn't matter if the glass is half-full or half-empty as long as there's a bartender refilling it all will be well. Broken and haunted by the mistakes of their past, neither expected to find a ray of sunshine in the clouds of their pity party.

Claudia Schmidt, is the only daughter of a real estate tycoon that has a plan for turning the small town of Stone River into a suburb of Austin, Texas. When she is sent in to replace the project manager, and convince the town of the necessity of the project, she finds herself falling in love with the town, and the Thompson brothers.

Although ménage relationships aren't foreign to Mack and Ryker, neither one intends on living one, so how can they decide who gets the girl? And what if the girl wants all or nothing? Welcome back to Stone River...

Christina Williams says

4,3,2 Stingy much? What are going to do when you want 2 men equally? Demand a menage. Good for you girl. M/F/M. BDSM. Hot sex scenes! Dirty talk.. yep, so good. This series continues to give me lovely ideas. Good job Lori King. Good job.

Michelle Hughes says

Claudia Schmidt came to Stone Ridge to make her dad proud and get the new development accepted. When things didn't turn out it turned out to be a better blessing. Claudia had fell in love with the town. Met two new friends and fell for two brothers Mack and Ryker.

Mack never though he would find love. Nor did he think it would be in a classy rich girl who had spunk and Sass. Ryker heard his brother talking about a hot woman that took his breathe away. He couldn't believe it till he fell under her spell like his brother.

Can all three of them form the bond of ménage and. be happy? Can Claudia learn that all her daddy wants is her happiness?

Kathy Wideman says

This is the third book in the series and they should be read in order. Once again there is one less brother and some more angst and emotional bits. The Thompson brothers have had one hell of a last year. Mack lost his leather working business and Ryker was injured and can't play football anymore. Claudia Schmidt was sent to oversee the development of project by her father. She never expected for Stone River to change her life. Claudia meets Mack first and is intrigued by him so she agrees to a date with him. Then she meets his brother Ryker on the date and she is drawn to both men. She has intrigued when she meets Rachel and Zoey and learned of their ménage marriages. What would it be like to be with more than one man at a time? Could she have both brothers. Ryker doesn't understand how the Keegan and Brooks brothers share a wife and is adamant that he would never want a relationship like that. Then he meets Claudia. Could the brothers try a ménage relationship to have a relationship with Claudia? What if she only wants both or no relationship at all? This book is a bit more angsty because of three of them are confused about their feelings and are unsure if a ménage relationship is for them. Ryker is in a perpetual pity party in the beginning of this book and kind of gets on my nerves. I love Mack, he is such a fantastic character. Congrats on another fantastic book Lori. I can't wait to read the next book in this series.

Maureen Ames says

Primal Surrender is the next greatest book in the Surrender Series, by Lori King. I really can't say enough good things about this series . I have enjoyed how each book is more than a bunch of hot cowboys making

their women swoon. They are filled with love and caring a characters that work together to bring out the better in each other.

Jo says

I found the dynamic of the relationship in this book very interesting and loved how it was different yet from the first two books. Mack and Ryker have no desire to be in a ménage relationship. Neither wants to share their woman and both find the idea of having sex with their brother repulsive. So when Claudia comes to town and they both end up desiring her, they're faced with a huge problem: who gets her? Claudia is new to town and shocked at how open it seems to be to alternative relationships. She had never considered a ménage relationship before, but she is faced with a conundrum: she wants each brother as much as the other and can't choose one. So a ménage relationship makes sense and is something she's open to trying. Unfortunately, both of the brothers have made it clear that that's not how they work. As Mack saw/met her first, Ryker attempts to stand back and let them have a relationship. So when Mack and Ryker agree to sharing her (their misconstrued idea of a ménage relationship) it takes Claudia off guard. As she believes neither want a ménage relationship, she feels like she's cheated on Mack when Ryker seduces her. She decides that is she wants both equally and can't decide, then she will have neither of them. When approached by the brothers with their solution of sharing her, she (understandably and quite justly) refuses. Ultimately, it is all figured out and this becomes a HEA book with no cliffhanger. This book can be read as a stand alone if desired.

LaVida Brisco - One Last Page Book Blog says

This book was truly a wonderful ending to a spectacular series. I was hoping that Mack got a book from the first one he was introduced in and what was even better was including the delicious Ryker. The brothers were both just floating in life till they met the beautiful Claudia. Apart all 3 was searching for that perfect balance but together they achieved a absolute primal surrender. It was good to catch up with previous characters from the other books in the series to see how life was treating them. I'm going to miss this small town that I hope eventually come up with some vacancies.

Cyn Mistress Kitty says

This final story in the trilogy was just ok for me. I never really got the connection between these 3. I know that Ryker had lost a lot but he was so angry and whiney to me. I never really cared for any of them.

Jennifer beck says

another great book from Lori King .BEST SERIES , HOT!!!!

Mack & Ryker Thompson brothers one use to be a football star but got hurt and the other works at the farm. they both meet Claudia Schmidit daughter of a real estate tycoon and they both want her and she wants them but can they share ?

Sharyn says

Menage fantasy

Third in a series, this was a little more realistic than the previous 2 (4 husbands, 3 husbands) as this one there are only 2 husbands. A high powered woman meets brothers and it takes awhile to bring them together. Her parents seem to accept the 3 very quickly. They all live happily ever after.

Diana says

Lori King out did herself with the last book in this trilogy. Claudia, Mack and Ryker's story was one of the best I have read by anyone.

Amy Miller says

Claudia is a no nonsense, take action grab you by the balls kind of girl. Even though she has the life of luxury she doesn't show it off. She travels to the town of Stone River to help seal the deal for her fathers real estate plans when she meets brothers Mack and Ryker. I fell instantly in love with both brothers. Mack is a great man with an amazing talent for making saddles, but he lack the business sense to keep it together he now settles for being a ranch hand. Then there's Ryker. He was a successful football player who was injured and then became unable to play anymore. He comes to stay with his brother Mack because he's recovering from his injuries and he is now broke. Ryker is always feeling sorry for himself and Mack is content with his life. Some of their friends are in ménage relationships and the brothers swear to never share a woman, then they meet Claudia. Both brothers want her and she wants both of them. I was so on edge hoping the brothers wouldn't fight over her and just share her. I couldn't put it down until I finished this. Such a page turner. I'm saddened to see the end of the sweet people of Stone River, however this was a great ending to the series. You will absolutely fall in love. A definite must read series!

Tammy Rolle says

Menois a trois

Mack is trying to reconnect with his brother Ryker. Ryker is attempting to crawl out of an alcoholic depression. Things become even more convoluted when Claudia becomes a focal point for both of them. In a small town that seems comfortable with unique relationships, can the brothers accept that they are both in love why the same woman and learn to share as so many of their friends have?

Phyllis Lopez says

Amazing!

Out of all three books in this series, this was my favorite! Claudia, Mack and Ryker's story hit home for me! When it talked about Judy Thompson their mother who had Alzheimer's! I just lost my mom to the disease! A must read. You will love it!

Janka says

Absolutely fantastic book. Fabulous ending to fabulous trilogy. I wish there were more books in this series.

Kelley Freeman-Hopkins says

Great Book. Would recommend this book and all of Lori King books. Awesome!
