## Jo Burl says

The artwork in this book is stunning, though some of the stories are less pretty than the others. As an adult that has loved Disney I'm always drawn to the art.

I'm always curious who the illustrators are, and sadly this book doesn't say. They should have their names in this book along with writers.

The stories are very simple, but they are written for children.

---

## VBergen says

The colorful book includes the stories of:

- Cinderella: My perfect Wedding, The Lost Mice, and The Missing Ring
  - Aladdin: One True Love, Jasmine's Snowy Day, and a Magical Surprise
  - Sleeping Beauty: Aurora and the Diamond Crown, Ready set Throw!, and a Moment to Remember
  - Snow White: The little Brown Bear, The mixed-up morning, and Two Hearts as one
  - The Little Mermaid: a Special song, Dreams Under the Sea, and Ariel and the Sea-Horse Race
  - Beauty and the beast: Belle's Tea Party, Just Say Please, and Getting to Know You
  - The Princess and the Frog: Tiana's Surprise Dinner Guest
- 

## Brandon says

My daughter enjoyed these stories. They're brief but usually not too shallow, and they were usually relatable to a little girl (with a few exceptions, like anniversary gifts). I wasn't the biggest fan of some of the messages (disguise yourself to defy your father's express wishes (backed by genuine concern), and as long as you win all is forgiven!), but for the most part they were good, or at least harmless.

---

## Carina says

Another Princess storybook collection I picked out from the library because it has Disney princesses. I don't like this one quite as much as some of the other collections because the "menu" or index doesn't have pictures of the princesses by them. I like when they have little pictures so I can tell my mom which story I want her to read.

---

## Niké says

Don't ask.

---

**Bernice Charanza says**

I have only had it since yesterday when my step dad brought it for me at Wal-Mart. I like reading it

---

**Janet says**

I spend most every night reading this and the Disney Princess Collection to my daughter at bedtime. She can read it for herself but it's not the same when mommy can read it to her. If you child loves the Disney Princesses then I recommend reading this one to them. It is a great bonding experience for parent and child.

---

**Amber says**

Who doesn't love to spend more time with the Disney Princesses? This collection includes four stories to share with loved ones before turning out the lights to go to sleep. Featured in the book are Ariel, Belle, Pocahontas and Cinderella.

---

**H.S. says**

Cute mini stories and beautiful Disney pictures. Fun to read and look at bedtime.

---

**Louise says**

My niece loved me reading these to her for bedtime

---

**Rosa Cline says**

Not sure why they labeled this 'bedtime' stories as the stories aren't related to sleep and or getting ready for bed. But it still is a nice storybook that you can read at bedtime for your little person. Filled with various stories about Disney's characters.

---

**Wendelle So says**

such warm and cozy friendships and adventures

---

### **Megan Ivy says**

Well... it isn't horrible, but by the end it is rather mind numbing. Great book for bedtime and for getting kids interested in reading, but the princess theme gets tiresome.

---

### **Jared says**

This is a great collection of stories. They are perfect to read at bedtime; most are about 10 pages long, and have very nice illustrations.

They use Disney characters to tell a cute short story.

---

### **Clint says**

God bless all the parents out there that have spent their valuable time reading 300 pages that could probably be written in 30. This is a collection of subpar stories with "Disney princess" packaging - worth the time to any kid - but this does not mean it is worth their time (or ours). I know the original fairy tales tend to be dark, but at least they have a compelling story. The fact that my children will never see this book again is not a bad thing - it will be better in the long run. Dr. Seuss is much better for their development. And more fun too!
