Cute and funny. Not the gang's best mystery and solution, but a nice and quick bedtime read.

Kaylee's addicted to Scooby Doo...I think she's going to be a detective when she grows up. I'll have to step up and stage mysteries for her to solve every now and then!

Matthew says

I shared this book with my son the last couple of nights before going to bed. It brought back great memories of watching Scooby Doo while growing up. This book is written just like an episode. Good read to share with my four year old.

A good detective story for children

Joanie says

Dylan loves all Scooby-Doo books. Good thing there's a lot of them!

Dolly says

We love all things Scooby-Doo, so whenever we find a Scooby-Doo book we haven't read yet at our local library, we just have to borrow it. The stories in the Scooby-Doo! Mysteries series are simple, fun, and we enjoy reading them together. Right now, our girls really like these short chapter books, but they also like the shorter picture books too. We've read over seventy of these stories, but there are so many more out there...I think we'll be having fun with these stories for years to come.

This tale involves a music video shoot in the desert for a famous band. When an angry cactus monster shows up to disturb the video shoot, Scooby and the gang have to jump in and save the day. We enjoyed reading this story and will certainly read more.
