Is a great book to read

Muy chistoso sobre todo cuando Euda huye de Johanne, su forma de relacionarse es en definitiva extraña aunque de las distintas circunstancias que pasan siempre él la antepone siendo obvio que está enamorado de ella y pobrecito siendo rechazado continuamente, pero al final todas los sentimientos de Euda que expresa con un te odio era que estaba enamorada de él y que odiaba eso XD

El extra con ellos pequeños me encanto y ahí nos deja claro que Euda siempre lo quiso :D

This was a very cute story and love it very much. (???) ?

Prince and Princess from warring countries band together under false love pretense to resolve the war comes to deeply love each other. It's such a cute story about their relationship!

Euda was so hilarious when she was in denial of her love for Johanne. While Johanne knew right away that he loved her, and indeed confessed many times over to get her to realize her own feelings.

The ending was seriously tear jerking, and I was so teary. (view spoiler)

The emotion in those scenes were so overwhelming, how they were drawn and I just cried. "I hate you, Johanne-sama!" "Oh, Is that so?! Well then, I love you!" I can't help but feel a tingle in my heart at this phrase.

The bonus chapter with their child was very sweet.

"A man who loves his mate, cherished the small moments, and protects the peace of the people of this land is the kind of man I want to become"

This review is for the manga series as a whole.

For years, the Northern and Southern countries have been at war. Both sides have lost many soldiers, friends, and family. Prince Johane of the North and Princess Euda of the South have decided that the only way to stop the war is for a peace treaty to be written and an alliance to be sealed with their marriage. The only problem is that Euda and Johane *do not* get along in the least.

Johane is a warrior. He's led battles and become a hero for his people. But being a hero for *his* people means that he is a murderer to Euda's. Euda is a healer, a woman who walked in the aftermath to save those injured in war. To her people, she is an honorable, admirable woman. To Johane's people, she may as well be well-versed in which poisons to use on their royal family. Trust will not come easily, especially if Johane and Euda cannot understand each other.

Overall, Johane is a typical character. He's actually very patient with Euda... I feel like it's possible that he started to feel emotions for her first. He's sweet and kind and goes out of his way to protect Euda, both before and after feelings of love develop.

Euda, on the other hand, is the very definition of a tsundere. She vehemently hates Johane at first, but once she starts to develop feelings for him, she does this thing where she likes his attention but runs away (literally) if he gets too close.

They actually develop feelings for each other quite quickly (the manga is only 19 chapters, so that's not surprising). But just when they start to really open up to each other, tragedy strikes, and the two of them might be torn apart forever. Whether or not they can stay together depends on how much they actually feel for each other and how far they're willing to go for one another.

The story was cute, albeit cliché. I enjoyed it well enough and finished it in about a day. I recommend it, especially to those that don't do well when it comes to mangas with a lot of chapters. You get a fulfilling story in a relatively small amount of chapters.

ONE OF MY FAVORITES

I am so obsessed with this that I screenshotted the ending (last page of the last chapter). When Euda was pregnant. It reminds me of what they've been through and how SWEET they are. I mean, look at them! Recommend this so much so go and read! :)

(Stejná recenze u každého dílu)

Kresba byla opravdu krásná, nebylo na ní nic, co by mně vadilo. Hodně se mi také líbily zjednodušené postavičky, které vypadaly opravdu roztomile.

Příběh byl poměrně dobrý, ale vadily mně na něm scénky s utíkáním, následujícím chytnutím, pak nějakým hustým chvatem a znova následovalo utíkání.

Ocenila jsem to, že i během devatenácti kapitol byl vidět vývoj postav. Bohužel ne u všech byl uvěřitelný, protože u některých charakterů jsem jejich akce a chování nechápala. Ale uznávám, že v tomhle případě by to možná mohla být má chyba. Musím říci, že jsem opravdu nečekala, že tam budou i nějaké drsnější scény, takže za to má u mě velké plus.

Všechny obálky vypadají moc hezky. Oblečení, které mají oblečené postavy, jsou moc pěkné a ty květy v pozadí také.

Hodnotím 70% Jazyk: Aj

I just reread the book it's good =)

Starbubbles says

I absolutely loved this. loved it! There were parts of it that were drawn out, but I just gobble up romantic fluff as if it were ice cream.

(it's about a 3 vol series, and wonderful through and through)

Saving People, Hunting Things~ The Family Business says

A very weak love story with characters whose personalities don't have a lot of depth.

The conflict isn't very interesting and the jokes continue to be the same through the chapters.

The drawings were ok.

Diana says

Sí, es cómica pero hubo muchos clichés y ciertamente la protagonista es del tipo densa que ya es común. Sin embargo, seguiré leyéndolo ya que es relativamente corta la historia y quizás evolucionen los personajes para mejor, o eso espero.

I'm definitely enjoying this manga already and it's just beginning. <3
