**Dirty Desires** Michelle Love

**Lost love can be hard to overcome, but maybe she can help me find my way back again ...**

Her backside is what first caught my attention.

Round, firm, plump, juicy. Those are the words that ran through my mind when I first saw her bent over the table in front of me.

For a couple of years, she'd filled my fantasies, and now she was filling my dreams too.

But someone else had lived in my dreams for a long time. I didn't want her knocking that person out of my life forever.

Pushing her away seemed impossible. No matter how hard I tried, my arms kept pulling her back to me.

And just when I was able to let it all go, it all came crashing down on me again.

Had I been cursed? Doomed to live life without love? Or could she break that spell?

# From Reader Review Dirty Desires for online ebook

## Rhonda Hicks says

I received my copy of Dirty Desires from Bookfunnel for an honest review and am glad to do so. Nina has had feelings for Ashton for 2 years now. Everyone knew he had lost his fiancée in an automobile accident, but no one knew the details. This emotional journey of friends to lovers was worth every tear and chuckle to get to the HEA. Michelle Love has woven a tale that will keep you enthralled wanting to see the conclusion.

The Total Package ?

The Man Who Doesn't Date.....Friends To Lovers? Adult Romance.

Nina?? has to figure out how to get Ashton???? to move on with his life after the death of his girlfriend, four years ago. It was a car wreck, and Ashton???? was driving, so he may never come around.

Nina?? wants him so bad, they eat lunches together and some dinners too, but he treats her as a coworker. What can she do to change it?

The Fifty sad and embarrassing questions she asks Ashton????, has me cringing. Nina?? is really prying into his life with a crowbar. I didn't like it, and she should have let him bring it up on his own.

His late fiancée being from India and her name Natalia, cracked me up. I don't think it is supposed to be funny, though.

The book? is so humorless through most of the first half. I felt tension as I read it, like this was a do or die thing for Nina??, she is desperate! A desperate woman is an unattractive woman.

Ashton???? is a guy that has withdrawn from the ?world in every area but his job. I've known guys like that. They have been hurt so bad by life or a woman, they just never recover.

As I read the book, it did begin to get better towards the middle. In fact, it began to get interesting.

Ashton???? began to realize he didn't want to be that lonely guy just going back and forth to work.

Circumstances beyond his control cause Ashton???? to realize he loves Nina??!

Ashton??? is a naaasssty sex toy bad boy, once he gets going! He is insatiable! He's a spankster?, too.

From a very slow and agonizing start, this adult romance? of friends to forever lovers? did redeem itself!

ARC Received for a Voluntary and Honest Review.

I also got the book? with KU.

Nina and Ashton have been friends for years but a ghost from Ashton's past won't let him move forward

with another. Will Nina be the one to show him how that loving another doesn't mean he is leaving the past behind. This is a fast-paced read with plenty of drama and emotion. I really liked both the characters and their story. A good read.

### **Good read**

Nina and Ashton have been friends for two years and they both wanted to move their relationship to a new level but Ashton was afraid of losing the memories of his deceased fiancée. Would he be able to accept that he could love Nina without diminishing her memory.

The story line was good and the characters were relatable. I didn't enjoy the time jumps.

### **Fabulous Romantic Read + Great Bonus Stories**

Nina is a journalist who happens to work with her two best friends, Julia and Lila, their two husbands [one being the owner] and one other man - Ashton. Now Nina has been crushing on Ashton for the two years that they have all been working together - he actually interviewed her and gave her the job she has and he is a producer. But four years ago he was engaged to be married and a few weeks before they were to get married they had a car accident and she died. He lives on his own, is such a good guy and a great person to work with. He and Nina have their lunches together every day at work, sometimes they go to dinner together but they've never had a date. Until one day, Nina is encouraged by her two besties to do something to encourage him to go out properly with her. Now Nina is the Queen of Coffee Brewing and she takes him a cup one day and they get talking. He has never looked or even thought of another woman since Natalia died but he does have feelings for Nina and they really emerge when he has to go and collect from her apartment and the door is opened by a tall, hulking man called Kelly! Jealousy is not something he is used to feeling. When the six friends have a weekend at the Hamptons will Ashton and Nina get closer and embrace their growing feelings for one another?? Michelle Love has done it, yet again, and composed for us a wonderful romantic love story about two lonely people and their friends who try and help cupid get these two love birds together for their own HEA. So beautifully written with fabulous characters [I liked all of them including Kelly!] and the way all the friends interacted together. I also liked the humour throughout the story and when Nina almost broke Ashton's nose his reaction was just perfect [especially when he likes all her close attention afterwards]. However, there are always twists in a plot and Ashton must decide how much he loves Nina when something happens that could jeopardise their HEA together, you'll need to do what I did and buy a copy of the book and enjoy it like I did. This is just one of those books that I couldn't put down till I'd finished it and the bonus story, Innocent Assistant, is a fantastic read too - just as you'd expect from

Michelle.

I received a reader's copy of this book and voluntarily leave my honest opinion of it here. However, as I said above, I loved this so much and wanted to read her exclusive book too, that I purchased my own copy!!

A Must Have Read - Definitely recommended!!

### **Pamela W says**

Nina and Ashton were a good couple. Ashton's past was heartbreaking but the chemistry between the two of them burned up the pages. A great friends to lovers romance.

I received an arc and am leaving a review.

Love And Friendship

Is it really better to have loved and lost than to have never loved before?

ABSOLUTELY!!! This is emotionally packed with heartbreak and love. You feel like you are right there experiencing it all yourself. Great writing!!

## **Melanie Jo says**

What an emotional story. I loved this one so much. Michelle can never so wrong with her books. Nina and Ashton I loved together. They have an amazing chemistry and even though Ashton's past made me cry, I'm so glad he had Nina. If you love friends to lovers romances, I highly recommend this one.

I voluntarily reviewed this after receiving a free copy.

## **mariann says**

This is a well written book about friendship, love and desires. It's an emotional book that pulled me in from the first page, the story brought tears in my eyes several times. I highly recommend this book.

It is a standalone book with no cliffhangers.

I voluntarily read an ARC of this book.

First, I love the WOLF network employees!!!

Nina is the cue card girl and social media assistant. She has wanted Ashton for 2 years and has waited all along, but when she is finally seeing that she needs to change to save herself the heartache, she connects with Ashton on a more personal level. But will she get through the walls he has built around his heart and life? Can Nina break through?

Ashton works at WOLF and has lunch everyday with Nina and some dinners, but for four years, he feels like he doesn't deserve to have a life and be happy, so he keeps everyone at arm's length. But when Nina starts really talking to him and getting to know him, something clicks and changes, but is this a good thing? Can Ashton survive? Is Ashton cursed?

This is such a great romantic story of friendship to lovers and so much more. It is sweet, sad, emotional, heartbreaking, uplifting and WHAT AN END!!! I received an ARC of this book from the author.

## **Kentucky Bohemian (Grace) says**

Another great story by master storyteller Michelle Love. Third in the series featuring a cast of characters from the WOLF news network, yet fully able to be enjoyed as a stand-alone novel, this book features the romance of Nina and Ashton.

Nina is a fabulous example of perseverance. She wants Ashton. She knows he wrestles with a painful past, and she cares enough to give him time to deal with his issues. But even Nina has limits to her patience. Ashton is such a great wall builder, he should be a mason. It's understandable. He went through a terrible

tragedy a few years ago and believes he's coping with it appropriately. But Ashton is the poster child for why friends have interventions.

With Ms Love's great talent for writing rich ensemble casts of characters, this story shines as a great read with multiple friends/couples who really care for each other. The storyline on this one has a bit of an unusual and interesting subplot, and ultimately the flow may be a little different than the reader first expects. All of this only adds to the beautiful romance of Ashton and Nina. In terms of rating this story regarding sexual heat, language, etc., this is easily a story you can share with your co-workers. I would almost be tempted to say it's one that you could share with your mom, but the author really knows how to bring the steam to those love scenes... yahoo. There is some adult language used, but not much. It will probably only be an issue to the most sensitive readers.
