Cathy Williams

El multimillonario secreto (Bianca) Cathy Williams

No podían negar la química sexual que había entre ambos.

El multimillonario Lucas Romero era muchas cosas: inquietante, inteligente y un mujeriego consumado. ¿Qué no era? El monitor de esquí que la hermosa e inocente Milly creía, al que había abierto su corazón en un apartado y suntuoso chalé de invierno.

Lucas, un arrogante playboy, se sintió desconcertado ante la insólita reacción de ella cuando le habló de su inmensa fortuna. ¡Nadie se le había quejado nunca! Cuando, debido a una emergencia familiar, él necesitó a una mujer a su lado, Milly se vio de repente camino a España... ¡y prometida!

IamGamz says

Title – The Real Romero

Author – Cathy Williams

Publication Date – February 17, 2015

Type – Paperback

Genre – Harlequin/Romance

Rating – 2.5 out of 5 Stars

Read this while baking cookies and banana bread for my grandsons. It was ok. It wasn't a book that needed any real concentration.

Milly was cute...quirky. Prone to saying whatever popped into her head. Lucas wasn't really a hot alpha, just a nice guy with commitment issues. It was a sweet story and the perfect book to read while baking. It didn't keep me enthralled so I didn't get annoyed when my timer went off.

Yas says

This was a nice read. They just failed to enthrall me. Millie was nice and grounded. And the Hero was a bit too full of himself and his being rich and all that. It just failed to capture my interest I guess..

María José says

Bonita historia corta, entretenida y alegre.

flajol says

Quick bit of romantic feel-good fluff.

Ben Starling says

A good quick read with a feel-good theme. Exactly as promised. Since the plot delivered on promise I would have given it a higher rating, except for the poor editing which included at times, entire sentences/parts of dialogue repeated almost word for word.

Rgreader says

DNF'ed at the halfpoint. No chemistry between the hero and heroine. Hero a boring beta. The storytelling underwhelming.

I did like the heroine. She was likeable.

Julie (Manga Maniac Cafe) says

3 stars

Not a lot of chemistry between the protagonists, but I liked Milly. Lucas I could take or leave

Harlequin Books says

"Williams takes readers on a luxurious ride from London to the snow-capped French Alps and, finally, to sunny Spain. Her quaint Brit-isms add legitimacy, but it's her couple's entertaining interactions that keep the story interesting, intense and flowing" (RT Book Reviews, 4 stars).

Alex is The Romance Fox says

The story started off pretty well....a down-and-out and hardworking Milly get's "marooned" in a luxury Swiss chateau with a gorgeous man, who she presumes is a lowly ski instructor but he's actually a billionaire. He's impressed that she's not a golddigger and likes him for what he is and not his money like all the women he has known in the past!!!!

And then, after a few chapters I became totally irritated with Milly and her inane comments and sayings.

He asks her to pretend to be his fiancée to please his ailing mother and after their visit to Spain, offers her a job and lets her stay in his luxury pad in London...yes, she had no job or a place to live because he ex-fiancée, who she caught in bed with her best friend and housemate, who is still occupying their place....why she didn't kick her friend out and get herself together is beyond me...but then it's so much easier when a rich man puts you up.

And the hero just didn't do it for me.....why did it take him so long to make up his mind about Milly.....he did believe she loved him and not his money...so why all the angst and uncertainty!!!!

I have read much better books by this author.....this one miss the mark for me!!

Ana says

boring. Milly is so stupid, she thinks she knows everything when she actually konws nothing.

Fanniny Moreno Zavaleta says

There wasn't so much drama in there so there were moments it felt boring.
I liked the fact that they didn't fall into bed but started to get to know each other first.

scribes23 says

“Don't tell me what I do or don't understand”

Milly

“There's nothing wrong with true love and happy-ever-after endings. You might have had one bad experience, but you can't knock the real thing because of that.”

Lucas

“ ‘I'm surprised you stuck it out in a job where you were forced to take orders.’”

Sloppy piece of work. I'm disappointed because I love the premise of the book. I love Milly because she voices out her opinion and yes she's a bit of a bitch but that's just part of her charm.

I'm disappointed because toward the last parts of The Real Romero are rush. A lot. It felt as if the ending was anti climatic. I hated the way the conversations disappeared.

It kept wanting more. And not in a good way. Ugh!
