Fall of Angels: The Complete Trilogy Keary Taylor

Includes Branded, Forsaken, Vindicated and novelette, Afterlife.

Don't miss out on this heart-pounding trilogy that pushes the boundaries between good and evil and what one is willing to do to save the person they love.

Plagued by nightmares of angels all her life, but left with the scars to prove they're more than dreams, Jessica has hidden herself away from the world on the shores of Lake Samish, Washington. But when caring but almost too-perfect-to-be-true Alex, and beautiful yet terrifying Cole enter her life, everything about Jessica's world is about to change. She'll learn that the angels aren't content to stay in her dreams any longer and they'll do anything to drag her into their world. The lines between right and wrong will be blurred as she fights to cling to the life she's built and the love she'll find.

I defiantly enjoyed this trilogy. I am normally more of the type to stick to western or historical romance but as soon as i started reading the first novel i couldnt put it down. I even convinced my a friend who doesnt enjoy reading to read the trilogy and she too couldnt put it down. So i hope everyone else enjoys it as much as we did.

i loved this angel book. it was different but very intriguing. jessica was dealt with a tough life. every time she sleeps, she goes into the world of where the angels are. she takes the place of people that are on trial for their fate. she's all alone. everyone thinks she's crazy and pretty much lives the life of solitude. then she meets alex, she instantly has an attraction for him. he's so sweet and is a great guy. in comes the bad guy, cole. he's of the most dangerous out there. everyone that likes angels book should give this one a try.

I truly enjoyed this series from the beginning. I found this story to have a unique take on angels, demons, and humans. The whole idea of someone being judged for someone else's life...that was new to me. Not to mention how in this book angels are not exactly portrayed as the perfect do gooders that everyone loves and no one fears. To me this was something completely different than what I have read in the past. I would like to know what happens with some of the characters in the future.

I did enjoy how that the author makes it clear that there is always a chance to do good with your life no matter what you have done in your past. I may not be one of religious faith but that is one thing I do agree with. As a person you always have the choice of how to live your life.

Either way I enjoyed this book from page 1 and hope to read more from this author in the future.

Brilliant

Brilliant

keep one guessing what will happen next and trying to figure out where the hero fits in the picture of the scene.

Harley says

I couldn't put this book down at all! One of the best angel books I've read! It gives an interesting play on angels and their different sides! And the characters were absolutely perfect!

Diane says

I am so glad I only discovered this wonderful series after it was complete. Engrossing and intense romance, mystery and character development which just continued to progress with great insight. It was great.

Ani Schmidt says

While I loved this book immensely, I did not enjoy this series as much as Keary's other book sets. The characters are well thought out, but their relationships, particularly the romance between the main characters, does not feel as genuine and believable as the other series she has done. That interaction aside, the book is well thought out, and really has a great dystopian feel to it, that readers of other series such as Divergent or Hunger Games would enjoy.
