## **Diana Baker says**

Working on beginning German with my daughter over Spring Break. This book does not focus on traveling. Useful everyday things we can practice together.

education book cool

## **Jonah says**

Explains grammar well, but it seems like it takes a long time to get to the point. It starts out with learning family vocabulary and such, which is fine, but I guess I'm just more used to the textbook style language system. Either way, this book is very nice, although I would have loved an audio cd.
