Teresa says

Sweet and short.

Sandra says

3.5 stars This is a sweet hurt-comfort story. Because of the length, the way they get a fully developed story and relationships is by a fair amount of "tell", but I actually didn't mind it. That certainly didn't stop me from crying several times. This is a simple story, but all the better for it.

Borrowed in the 2015 August Free-For-All in Bookie Nookie's Erotic Lending Group

Catherine says

Totally adorable hurt-comfort story. For a short story that only has 50 pages to work with, I thought that the author did a great job of developing both the characters and their relationship. And, of course, you can't go wrong with that awww-inducing ending. :)

Shelby P says

This book was such a wonderful surprise. I need to find a man like Joe! This was a short novella but I felt drawn into the story. I was in the car with Joe & Tate. I was there at the Walmart. I was there on the beach. I wasn't expecting the ending but it couldn't have been more perfect!!!

Lucia says

super sweet :-)

Em says

A very enjoyable hurt/comfort book. Only took a couple of hours to read but well worth it if you want something not too taxing with a very satisfying ending.

UnderCoverBookAddict says

This a sweet comfort reading. Even though the story is short the author uses a good time frame without give more or less details than need it. I really loved their story and at the end it didn't left me feeling like something was missing. Even though it barely has a kiss in it and I'm normally less inclined to read those stories I didn't missed it in this one.

Carly says

A sweet coming of age romance.

Broken and alone after losing his job, the one place where he had felt some measure of acceptance, twenty year old Tate has lost what little remained of his self confidence. Unsure of his place in the world, a chance encounter with Joe, is the miracle Tate needed to help him rediscover himself and start a new life.

Joe can't help but be drawn to the broken young man he rescued one night by chance. Determined to resist the attraction he feels for his younger roommate, the form a bond of friendship over the summer that just feels right.

When the summer is over the two young men go their separate ways, but the feelings each hold for the other cannot be denied and only time will tell if the time they spent apart will cause their attraction to fade, or if absence truly does make the heart grow fonder.

A contemporary young adult romantic short story: Joe & Tate is a heartwarming tale about growing up, learning to love, and finding acceptance.

V says

Very lovely, and for those weird people who doesn't like sex scenes, this is perfect for you.

namericanwordcat says

Shiloh sure does like the walking down the side of the road idea.

This is a sweet slow slow slow burn romance between a young man who is finding his self and feet and Joe, who is just a little bit older, and we really don't know much about.

This story is kind of a sketch in some places but has depth in others.

Deborah says

Beautiful.

Joe is driving to a summer job when he sees a kid walking, well stumbling along injured, he offers a ride and although the 'kid' Tate is obviously wary and hurt he accepts the ride. Joe handles him with care and allows Tate to feel comfortable and gradually relaxed in his presence. Tate grows from a child to a man and it's beautiful to see and Joe, at first I thought Joe was going to be much older and it does seem like that at times, he seems mature beyond his years and he is just what Tate needs.

Ultimately this is a love story and it's simply beautiful, I loved it, sometimes I struggle with rating short books since I don't generally feel it's fair to give them 5 stars when they are so short but I just couldn't in all honesty give this anything less, I love romance books and this is a wonderful example of a beautiful, sweet romance.

Rosa, really says

Just the sweetest book I've read recently. (Ok, in the past 24 hours.) I love Shiloh's sweet romances about average guys. And thank you to the author for offering so many of her books for free!

Warning: None of the ol' rumpy pumpy in this one.

3.5 rounded up.

Vivian says

Snuggly goodness. Hurt/comfort theme featuring a cowboy and a cook and the slow tentative dance towards romance. Chaste and charming read.

Dena says

I really loved this--what a sweet love story of two working class guys. recommend!

Lorraine says

This is another sweet story from Hollis Shiloh about damaged people finding their own place in life and in love. Joe is driving to a new job when he notices a guy limping along the side of the road and stops to help. Tate is alone, scared, and hurting, having been beaten up by those he thought he could trust, Tate cannot bring himself to trust anyone. The first part of the story is from Joe's point of view, before shifting to Tate, who takes up the rest of the story. My only complaints are that I would have liked a little scene from Joe's point of view before he calls Tate at the ranch, and a tiny bit detail about the wedding, especially as we know that Joe has family he had mentioned introducing Joe too, did they come to the wedding?

All in all though, a sweet relaxing evenings read. Thanks
