Scarred, Part 3 Kylie Walker

Scarred Part 3 - PLEASE READ PART 1 & 2 FIRST

After agreeing to attend a Gala in New York with Derek, Chloe stumbles into her worst nightmare. Vince Donovan...District Attorney of New York...Jesse Donovan's father.

RUN... is the only thought firing in her head.

When Derek finally catches up with her, she realizes that her world has been flipped upside down and out of control. Chloe now decides to let the flood gates open. She can't control her emotions any longer, she understands that she can't do this alone anymore or she will break.

Finally, she peels away every single layer of her nightmare that she has tucked away her entire life to Derek. Shocked beyond belief, Derek can't even begin to fathom the pain this woman has had to endure. The rage he feels is overwhelming, wanting to kill both the men that have broken this beautiful soul. Derek convinces Chloe to finally take the step to meet the Whitmore's.

Meanwhile, Jesse has been released from prison, she learns that he has put Chantelle in the hospital and is now on Chloe's trail.

Chloe's walls are crumbling...Her emotions are shattered...Could these people really be her biological parents? And is she strong enough to take on Jesse when the time comes?

NOTE: This is intended for 18+ due to abuse and sexual content. Book 3 DOES contain a CLIFFHANGER!

Molly B says

Bueno, viendo que aun me quedan otras tres partes para terminar esta bendita serie haré una review final en el 6 y ya...

Bah, salvo que alguno me vuele tanto la cabeza que valga la pena escribir al respecto... hasta entonces, salto directo al 6 :)

Cheryl Sanders says

WOW! It was like a movie playing in my head the entire time. Fantastic! I enjoyed each and every moment of this book/series. Kelly/Chloe is an amazing woman. The way she met Derek was odd. Each character in this book plays an important good or bad role in Chloe's life. All of them were well thought out.

This is a perfectly put together story and I was sorry for it to end. I look forward to reading more from this fabulous author.

Received a copy in exchange for an honest review.

I was not compensated for my review.

I was not required to write a positive review.

The opinion expressed is my own.

Patsy says

LOVED THIS SERIES!!!!!!

This story draws you in completely. You feel so many emotions, and there is so much suspense in this installment. Chloe, after having a terrible shock at a charity event that Derek and her are attending, finally gives up the ghost and trusts Derek enough to tell him all about Jesse and the hell he put her through. It definitely keeps you on the edge of your seat and I can't wait to see what happens next. I couldn't put it down. I sure hope Jesse gets his, and Chloe gets the life she deserves. I highly recommend this series. You will love it. I can't wait for #4. I received this book as a gift for an honest review. Patsy Sacco

Jessica says

I really enjoyed the story line, and honestly think the most of it is good. You're drawn into the characters and the story quite well. The editing is atrocious, and her publisher should do a better job with their edits. Just made it come across as cheap. The typos and grammar you can read over, but were very prevalent

throughout the entire series. I think with a better editor and further character development, it would be smashing.

Nikki says

Same as part 1.

Leonella Navas says

por que los hacen tan corto es mejor hacer un buen libroo

Sherry Haynes says

Each book in the series gets more graphic and more detailed. I have to admit that while I have liked the other two books, this is my fave thus far. I don't know if it is because I know all the facts now or if it is because of how the story is playing out. I am one that does not like spoilers so I will say that you cannot go into this book (or this series as a matter of fact) with predetermined opinions of what is next. You may guess some of the steps but not all of it and it is the process of the story that will keep you ready and willing to wait for the next book for the cliffhangers will leave you wanting more.

NOTE: This book has abuse (physically, sexually and emotionally) and sex scenes so is intended for 18 year or older readers. Also make sure you have read the first two before reading this and if you can't handle cliffhangers then this series will be best read after all the books are out. (But definitely read when it is.)

Oh and just so people know.....I was given an ARC for an honest review.

Lisa says

I do find the plot entertaining, emotional and compelling. However, I am completely thrown off by the terrible editing. A key character's name changes spelling constantly (Jesse vs Jessie) amongst a million other typos. I hate to be "that guy" but it takes away from the overall experience of the book.

Deborah says

After coming face to face with Jessie's father Vince Donovan, the District Attorney of New York Chloe understandably panics, she runs, she just can't get away fast enough Derek follows and finally she breaks enough and trusts enough to confide in him, she unloads her past on a shocked Derek who can only marvel at the woman that has emerged from the life she's had.

Chloe also, with Derek's urging and support meets Samantha and Trevor Whitmore, her biological parents?

Jesse is out and wastes no time settling his debts, he's got one on his list before Kelly/Chloe and that's her friend and Chantelle, Chantelle saved Kelly's life when she phoned the police and Jesse is going to make her pay.

Once he's dealt with Chantelle Jesse turns his attention to Kelly, he's completely focused on getting her, nothing else matters and that makes him not only dangerous but unpredictable as well.

One thing I never understood is why in the first book Kelly took the time to call Chantelle and tell her to call 911 wouldn't it have been quicker to have just phoned 911 herself?

This is another good part and while I'm not personally a fan of cliffhanger books it's not really a cliffhanger if all the books are available but I don't know how many books are in this series it would have been nice to know at the start.

Jamie ?? submits to books ?? says

******* 5 Evil Is Back Stars *******

This series has me just excited.

This is what I love about an addicting series with great writing and characters. I am totally not able to put these books down.

Chloe's worst nightmare has just happened....Jesse is out of jail and he is full steam revenge mode. He will stop at nothing to get to Kelly and make her pay for what she has done.

Jesse is CRAZY CRAZY CRAZY and Kelly/Chloe is his target and anyone that is close to her is in serious danger of his revenge!!

Chloe and Derek continue to be amazing together. The secret Derek has is now in full light and I have to say this secret is leading to some amazingly emotional reading.

Perfection in how to write a book with a little dose of everything!!!

Ginger Mcgrath says

Scarred - Part 3 is so so good!! This series is addicting and you won't be able to put this book down!!!

Chloe ran out of the party. She had just seen a ghost from her past, Vince Donovan, District Attorney and her ex-boyfriend Jesse's dad. She could tell by his eyes that he recognized her and she wants to get as far away from him as she can. Chloe is crying and Derek is trying to find out what is wrong. He wants to help her but knows that she doesn't quite trust him yet. When she tells him that she has a past and ask him if he

remembers hearing about what Jesse Donovan did to Kelly Ward a couple of years ago, he told her that he had lost Sarah during that time so he didn't pay attention to what was happening to the Donovan family. Finally she agrees to tell him her story but from the beginning. She starts explaining her horrible past with her adoptive family, her drunk father abusing her and the mother and sister not doing anything to stop him. Then she tells him how she meets Jesse at the coffee shop and how sweet he is at first telling her that she is moving in with him and he will take care of her. As time passes and he starts working, he changes, he starts drinking and becomes abusive and one night he almost killed her. If it hadn't been for her friend calling the police she would have died.

Derek approaches the subject of meeting Sarah's Mom and Dad (possibly her Mom and Dad) and she finally agrees to the meeting. In the meantime, Jesse is released from prison with one thing on his mind, to get revenge on Kelly Ward and her friend.

This book and series is so worth reading!!! You have to read it!!

RachelvlehcaR says

Writing is getting better. This part really is starting to explain things but there are major parts that drive me batty.

Bitchy says

Writing continues to improve but still needs work. The sex scenes are better but I still can't wrap my head around authors that write about unprotected sex. Dude, Chloe & Derek are just meeting & getting to know each other, shouldn't they be a lot more careful than that?

This story just keeps unfolding & it's really interesting. It's emotional, intense with some sweet moments. But, again, when she decides to open up about her past to people it gets written over & over in the book. Feels like a filler. There's absolutely no need to continue to repeat the same thing over & over.

And can we talk about how many times the word "slut" or "cunt" is used by Jesse the psycho? Ugh

Nancy Fontaine says

I received this book in exchange for an honest review.

This book covers abuse in such a way that if you close your eyes you can see it. So be sure you can stand such topics as sexual/physical abuse and it starts to open up about black market baby selling.

This grips you from the first page; I could almost feel Chloe's (Kelly) fear, her need to run and Adam's confusion. As Chloe starts to tell Adam the story of her life he begins to realize just how strong she is. But Jesse is out of prison and has found her. Jesse is bound and determined to kill Kelly but first has fun with Chantelle, Kelly's friend who saved her life when Jesse lost control and took a knife to Kelly. Because of spoilers I can't say much more but I urge you to read this book.

Boricuagal says

So good
