The Game Changer: The Final Score

L.M. Trio

The Game Changer: The Final Score L.M. Trio

The Game Changer: The Final Score is told from 4 different perspectives: Luke, Mikey, JJ & Deanna...
(Teaser #1 & Teaser #2 have been moved to my blog page)

The story continues with Luke being released from prison, forced to face many challenges that developed due to his careless decisions. His greatest challenge is facing Jesse, the girl he refuses to let go....

Meanwhile, while Mikey handles all that comes with being a young star, he soon realizes that his life isn't fulfilled without the girl that has been tugging at his heart for all of these years.

Stief says

I really enjoyed this book and I was eager to find out what happened to JJ and Luke after the shocking ending of the first book. I wasn't disappointed and there was enough tension and angst to keep me interested - well for about 3/4 of the book. The last quarter of the book was a little disappointing- it was slower, the storyline moved to the story of Mikey and Deanna and a lot less focus on JJ and Luke. It felt as if the author had reached Luke and JJ's story end and then wrote a few chapters focusing on Deanna and Mikey- so 2 books in one really. This let the book down a little purely because of the structure, it was still good but just went off on a tangent.

I loved the relationship between all the characters, the feeling of community, closeness between families and the support they all give each other. It was quite a long read but I enjoyed it especially the first half. It was a sweet and endearing story.

Kristin Campbell says

FABULOUS!

Another emotional roller coaster, but this one is the opposite on the emotional timeline from the last book. The first half of the book, you are so sad for the characters, and then it's "Oh, no!", then "What's going to happen next?" After that, you start thinking everything is going to be smooth sailing and then, "BAM!" more drama starts.

It's an incredible story of overcoming grief, life's trials, becoming yourself, finding yourself, moving on and love. There are so many emotional battles of all kinds. Scars from the past will be exposed. And, relationships will grow and fall apart.

Mikey and DeDe have their own pov's in this book, so their story is joined with Luke and JJ's lives, making the book all the more enjoyable and drama-filled.

I absolutely LOVE these characters and my only regret in this book is that their story ends with this book. Their journey was incredibly bittersweet, long, grief-stricken and torturous to the point that I had to walk away at the emotional turmoil pouring out of the pages at times.

So love these books!

Anne OK says

L.M. Trio does not disappoint in "The Final Score," her sequel to "The Game Changer." It was even better. Luke is home from prison and struggling to make sense of his life. One thing is for sure: He wants Jesse back. But she isn't the same girl he left devastated and heartbroken two years ago.

A secondary romance between DeDe and Mike finally comes to fruition and was equally as captivating. In truth, there are four main characters this go round and each have their own POV filling the pages of this book with lots of emotions, angst, and romance – all splendidly written.

An easy to read story with great dialogue between the characters, heart melting interaction between family and friends, and a fantastic Epilogue wrapped everything tightly into a very happily ever after.

Bravo L.M. Trio for an outstanding story from start to finish!

***kawehi.reviews says**

"The Game Changer: The Final Score" picks up where book one left off: Luke breaking up with Jesse and going off to prison.

It is told in different perspectives as there is a couple of character's stories going on at once that intertwine with each other, but I **ONLY FOCUSED ON THE LUKE AND JESSE BIT**. Sorry, I wasn't interested in the other characters at all.

SO, now focusing on Luke and Jesse.

Personally, I would have loved for the book to solely focus on Luke and Jesse's relationship but obviously that was not how it panned out.

Although I did love them together as a couple, a couple of the times I grew annoyed with their characters as I found them both aggravating and immature at certain points.

Luke and Jesse basically have to rebuild their relationship and it proves to be a worthwhile challenge and lesson to the both of them. I'm a hopeless romantic so inside I was rooting for them to get over their issues and be together. I loved the fact that no matter what, they were able to work out their issues and try again.

I especially loved the epilogue and squealed that they got a suitable ending that I wanted for them. :)

Hayley says

Five stars is not enough for The Game Changer The Final Score, I want to give the story and characters a hell of a lot more. This is the one book that I have been counting down the days to get into my hands, we all know what happened in book one, and I was pretty much stuck to it on release day and didn't put it down until I'd finished and then read from chapter 20 all over again. We normally read from two POV in a book but to have Luke's, JJ's, De's and Mikey's all in the one, it never left me with unanswered questions as you knew who and what they were thinking and I loved it. The Final Score had me crying both happy and sad tears, sighing, wanting to knock heads together, dropping my Kindle at the oh my God moment but for the most part I sat there with a full on smile, that did make my face ache at one point, at how everything was working out as it should. I am majorly happy with the ending that not only we got, but Luke, JJ, De, Mikey and also David. I have to keep reminding myself the story isn't real but in my head and heart I have everything crossed that they continue to live happily ever after. But somehow I know they will.... You can't

fight what's meant to be.

Molly says

When is the release date I hate it when this happens. you get a good book but there has to be another and is not out yet. I wanna know what happens to Luke and Jesse and Mikey and Deanna.

Laura's Book Addiction says

Loved it!!!!

Laura Bustamante says

OMG, super good book!!! Love JJ, Luke, Mikey and De!!!

Michelle says

This book was very well written. Loved how it explored young love and the fact that the author didn't overpower the story with sex and vulgar language. A love story doesn't always have to detail out the "sexual encounter" that you find in a lot of reads these days. Can't wait for book 2.

Kerry Matchett says

The first book to this series was brilliant and left us devastated and needing more. This second book did not let us down, it had me hooked and I read it in a day. Brilliant and emotional love story for two great couples. It has left me with a huge grin on my face. A must read

Ziv says

I finished this book a couple of days ago and.... Nothing. I didn't feel anything towards it. I admit, I loved the first book up until Luke's arrest. It felt like she just wanted to do a sequel so she looked for ideas. And she found it...Kinda...Not really. (But that's another review..)

Anyway, this book tells the story of Jesse, Luke, Mikey and De. It tells it from their POV.

Up until the point where Jesse and Luke reunited it felt a little rushed. It felt like I was reading a summary of

the book and not the actual one. Which sucked.

Now lets talk about Jesse dating someone that's old enough to be her father.

I mean, sure sometimes you choose the person you fall in love with and I don't have a problem with older guys. Ok I do, because if they were potty trained the same year as your father did, then something is wrong here. But what really bothered me here was her dad's reaction, or lack of for that matter. He just told her: well ok, have fun. If it was my dad he would've killed us both. That's how much he loves me ;)

Jail. A wonderful place, so magical. Not.

How can they all move on so fast from those two horrible years he spent there?! I just don't get it...

Another thing that bothered me was that she totally ruined Jesse's character. I mean, yeah ok she grew up and matured, but she didn't have to make her a bitch!!! When Alexa came to apologise-- I know she did shitty things to her, but she's not supposed to bite her head off and act like a bitch to her when she tells her how sorry she is for acting like she did and congrats on her engagement blah blah blah. She should've said: thank you. I forgive you... It totally ruins Jesse for me.

What I did like is De and Mikey's relationship!!!! I just love Mikey! He is such a fun and happy character That I soon fell in love with him.. Haha

Maybe I liked their parts better because it was a new relationship, and I love those stories!

I don't really recommend for you guys to read this. But if you really want to know what happens to them then go on. That's why I read it. I guess if I wasn't curious to what would happen after Luke's arrest and stuff I would have never read it.

She should have had a happy ending in the first one and then make a spin off about De and Mikey. Would have been better.

Jacquelyn Toll says

loved this such a great way to end the second book epecially after the emoitional rollercoaster that the first book sent us on!!! thank god luke and jj ended up together after everything that happened. They finally get their happily ever after and they end up married on new years eve!! but this book wasnt all about them kind of like the first one was!! it is a great combination of jj,luke,mikey and deanna! What can i say about mikey and de de?? can we say FINALLY!!! oh yes mikey finally comes to his stupid senses and tells de how he really feels about her!! only to be faced with a problem that can change his world forever! can we sat CRAZY ex!! oh yes thats exactly what lora(sp) is a crazy crazy ex!! not only does the crazy girl tell mikey she is pregnant but she lies about the whole thing who does something like this?? well evidently lora!! when mikey finally gets to the bottom of it he is so realeaved!! and who can blame him!!! the ending to this book is great!! luke gets called up to the big leagues to play with mikey and de decides to move in with mikey!! the epilogue which is five years later....not only do luke and jj have two children but mikey and de have a son which if i caught on correctly luke and mikey are the babies names and most liley the same age!! which is adorable!! but mikey and luke are in the world series and of course its a close game luke throws a bad throw and what do you think mikey does he goes out the pitchers mound and has a talk with luke if you know anything about these two you know they can hardly ever be serious! mikey calms luke down by asking if the parents are watching the kids so they can go out and celebrate after they win this and well of course they do!! who can stand against the two of them out on the field together! not anyone!! now what i want to see is a

book way down the road one on their children growing up together see how that plays out and what the next generation of luke and mikey can get into!!!!

Rafi says

I have it bad for Luke! I can't wait to read this book! The 1st book just left me hanging literally. It wasn't one of those happy cliffhangers so mainly I'm unfulfilled after reading the 1st book. Release date please?

Isabel says

I loved this book. Words fail me now. I just can't express the way this book made feel. Would recommend it to anyone.

J says

Ahhhh Finally!!!!!!!!!!

Stayed up all night reading this! Needed to know what was gonna happen to Luke and Jesse after the HORRIBLE cliffhanger.....

Loved it! Loved everyone even Frank!

and Mikey, Oh swoon... I really fell in love with him in this one!!!

AND OMG Love, loved, freaking LOVED the Epilogue!!! Amazing!

4.5 Stars
