From Reader Review The Mysterious Stranger for online ebook

Ann-marie says

Was not a bad story I felt it dragged and more could have been added to the story. It's understandable since it seems to be one of the author's earlier work.

Kobie says

in the digital version, all the words rose got changed to rose' it was super silly! I read this one first, even though it's the last of the series. it was fun to read about a disposable camera.

Jessi says

Loved this book when I first read it about 10 years ago and again when I read it last year. I think it may have been my favorite of the three. In this book, one of three triplets washes up on the shore of a private beach and, after finding out that she's lost her memory, is allowed to stay because the owner's daughter is enchanted with the mysterious stranger.

Dana says

I loved, loved, loved this story. The characters were rich, the plot was satisfying. Although there was attraction, the story did not revolve around that. I was able to skip the explicit scenes and still be enthralled by Mallery's fluid storytelling. This is a keeper.

Captmashpea says

It wasn't bad but I always think that stupid little running scared bit just gets old. he knew her he loved her and he knew that love was not a bad thing seriously he should have handled that better but I did like the amnesia idea. It wasn't romanticized she was terrified - which I thought was a very interesting part of her character development. all in all I enjoyed it.
(eBook).

Maggie says

My favorite of the triplet books, this one is about the eldest, Fallon, who arrives for a Caribbean vacation ahead of her family & finds herself on a quest to help a little girl find a friend to play with. Along the way, she develops amnesia, is found by the girl, taken to the big house, and meets the resort's owner Jarrett

Wilkenson -- who has no idea how to regard either his niece (the girl) or Fallon. Really liked the development of Jarrett's character and the way he & Anna Jane learn to interact, and teacher Fallon shines with Anna Jane as well. Unfortunately, those darned typos...oh, well.

Kara says

For fiction genre class - Harlequin romance

Cindy says

Fallon and Jarrett

This was a really good book about a woman with amnesia fall I.g in loved with a reclusive. It was worth reading.

Moey17 says

Cute easy read, very charming!

Dyan says

Great way to finish the trilogy! It was fun to see the difference in personalities of the sisters. Definitely a fun easy read!

Laura says

Classic Susan Mallery! I loved this book. I wasn't sure if I was going to like the memory loss, but it wasn't over played. The chemistry in this book was great, and slower building than the other two books in the series. I also liked the relationship between Fallon and Anna Jane. It was really fun, and sweet, with great character development all around. :) This was a great way to start my Valentine weekend.

Tamara Jimenez says

Great read. Loved the series.

Great book. Great series. Liked them all a lot. The second and third stories were my favorite but I really enjoyed them. Would recommend them.

Christina Aldarondo says

Way to end the series

Fallon's story was a joy to read. I think Anna Jane was the key for both. The end made me smile.

Maria says

The third in the triplet series, this one is probably the best of the three (I'll have to re-read them in order to be sure) in spite of the fact that it uses the old plot device number 21 - amnesia. Ordinarily I don't care for that one, but this book did a pretty good job and she got her memory back in the middle of the book, so I didn't have to put up with it for too long. It also had a child, Anna Jane, who has lost her parents and is trying to adjust to an uncle, a totally different environment than she is used to, and no kids to play with. In steps Fallon Bedford, the third of the triplets who played Sally McGuire in the TV show, to befriend the little girl and give her uncle unsolicited advice on raising a child without knowing why she should know what he should do. She's lost her memory, remember? The uncle is Jarrett Wilkenson, a hotel mogul, constantly sought for his money and wary of women. Good elements for a good story.

Cynthia Miller says

Enjoyed this series

Loved the characters. Liked looking back at previous characters to see how they were doing. Just a delightful read. As always, Susan Mallery gives us another good read.
